MARITIME PROVINCE PEOPLE IN CALGARY FORM ASSOCIATION

Pilgrimage Back to The Atlantic One of The Projects in Mind

Calgary, March 6—Former members of the maritime provinces now living in Calgary have organized the "Maritime Blue Waves," an organization to promote close relationship and greater social activity among themselves. At a recent meeting plans for a permanent organization were perfected and arrangements were completed for a banquet to be held in the near future. All former residents of the coast provinces will be invited.

At another meeting of the organization to be held soon a series of entertainments and possibly a pilgrimage back to the Atlantic coast will be arranged.

LONDON COMPANY TO GET POWER FROM SUN

Professor Says He Also Has Succeeded in Utilizing Moon's Rays

London, March 6—A prediction that the sun's rays will one day supersede coal as a source of mechanical power, was made by an American inventor, Frank Shuman, at a London meeting of the Sun Power Company, which was formed some time ago with an authorized capital of £300,000 to work his sun power pumping plant.

Shuman said that after the initial cost, the maintenance of a sun power plant was practically negligible. He added that the power can be so stored as to be available throughout the year.

Professor C. V. Boys, the company's consulting advisory expert, mentioned incidentally that he had been able to obtain power from the moon's rays.

NEW YORK RULING ON FRIEDMANN CURE

New York, March 6—Qualified permission for Doctor Friedmann of Berlin to test his tuberculosis treatment, was granted him by the city health authorities yesterday. The test, however, will not be in city institutions, and the physician must abide by the legal regulations in giving his treatment.

"The health department will not object to his use of the treatment in the city, provided he lives up to the legal regulations of the county medical society," said Dr. Ernest J. Lederer, the health commissioner in a statement in an action of the authorities regarding Dr. Friedmann's treatment. "His treatment will not be demonstrated in city institutions however."

McGOVERN WRITES THAT HE WILL GO SOUTH WITH MONTREAL TEAM

Back Stop of Last Year's Marathons Has News of Other Friends of Ours.

McGovern, the spiffy back-stop of the Marathons last season, and one of the dependable mainstays of the team, writes to Fred T. Cooke of North End that he had signed with the Montreal team in the Eastern League, and would go south with them, working with the pitchers, and leaving on March 12.

McGovern said that he was feeling in good shape, having been at work up to a fortnight ago, and expected that his "wing" would be in trim on the southern trip. He said that he had heard nothing of the formation of a league down this way as yet, and wondered what was doing in baseball circles here. Speaking of former N. B. and Maine leaguers, he said that Jack Fryer, "Chick" Fraser, and Cannon, formerly of the Marathons, and Black and Perley, formerly of the Woodstock team, had signed with Pittsfield, Conn., for the coming season.

G. P. R. AND MIDDLETON

F. R. Butcher, Here Today, Speaks of The Town's Hopes

F. R. Butcher, of Middleton, N. S., formerly one of the prominent citizens of St. John, is in the city and is renewing many former friendships. Mr. Butcher is an enthusiast regarding the future prospects of Middleton. He said this morning that it is reported on the best of authority that the C. P. R. has purchased an extensive tract of land along the railway line near the station and has already spent more than \$100,000 in cash. It was believed that it is the intention of the company to remove all the railway shops and offices from Kentville and make Middleton the divisional point.

When Kentville was chosen for the railway headquarters the line extended only to Annapolis and the divisional point was about the centre of the line. Since the extension to Yarmouth, Middleton had become the logical point for a divisional station and it was believed that this was one of the changes the C. P. R. was to make in taking over the Dominion Atlantic Railway. Residents of the town expected that the result would be at least the doubling of their population.

ADJUSTING FIRE LOSS

Last Night's Blaze in City Road Meal Mill

Damage done last night in the fire in the cornmeal mill owned by Maynes & Riley in City Road is being adjusted today, and is expected to be quite extensive, though within the \$50,000 insurance carried on stock, machinery and building. The latter was insured for \$25,000, the machinery \$17,500, engine and boiler \$500, and stock \$1,500. The insurance is divided between the Commercial Union and the Liverpool and Globe. The adjusting is being done by F. E. Whitaker, J. Messenger, and Wm. White, and it is thought it will be finished today.

The fire broke out about 9.40 and in response to an alarm from box 241 the department were soon busily at work, although on their arrival it was seen that the blaze had a strong grip on the building. Mr. Maynes is at a loss to understand how the fire originated, as the nearest set fire was fully fifty feet from where the factory blaze broke out. It looked as though an incendiary had been at work. The mill was badly damaged in the upper story, and the stock and machinery contents were a carload of oats valued at \$600, and a carload of corn valued at \$700, which had been placed in bins only yesterday, and these are a total loss.

COURT HETHERINGTON I. O. F.

The home of Miss Daisy K. Gayton, 28 Harrison street, was the scene of a pleasant gathering on Monday evening, when the members of Companion Court Hetherington enjoyed an hour or two of games, music and social intercourse, including a guessing contest which the hostess had prepared as a surprise for her guests. Miss Horamann, of New York, carried off first prize which took the form a dainty china bon-bone dish, and Mrs. Watson, who was second honoree, received a pretty novelty pitcher.

An interesting feature of the evening was a talk on Forestry by Miss Gayton, who is court deputy and pianist of Court Hetherington, and who enumerated the benefits of I. O. F. membership. At the close Miss Gayton was tendered a hearty vote of thanks, which she acknowledged gratefully, urging her sister members to make the present year the most successful in the history of Court Hetherington. As a result of Miss Gayton's address, the court will have two new members this month. After refreshments had been enjoyed, the singing of Auld Lang Sang brought a delightful evening to a close.

NO MEETING AT CITY HALL TODAY

As only two of the city commissioners are in the city today, and this number does not constitute a quorum, no meeting was held at City Hall this morning. Commissioner McLellan left last evening for Fredericton to be present when the bill relating to the appointment of the chief of police comes up. He will be followed this evening by Commissioners Wigmore and Ager, who will appear in support of other city legislation. Mayor Frink and Commissioner Schofield, who are now in Ottawa, planned to return in time to reach Fredericton tomorrow forenoon for the hearing. There has been no word of their success at the federal capital, but owing to the difficulty in securing a conference with the ministers while the deadlock continues, their return may be delayed.

WINTERPORT NOTES
