MAY CAMPAIGN OF

Beginning early in May the board of health will conduct a vigorous sanitary campaign, the annual house-to-house cleaning movement which will last for several weeks, and for which purpose preliminary arrangements were made yesterday. Doctor G. G. Melvin, medical health officer, submitted his quarterly report in which he recommended that in all grocery shops where fruits, food-stuffs, etc., are exposed for sale, cards be posted bearing copies of the regulations of the board regarding the sale of these articles. Posters are also to be placed about the city notifying the public of the need of thoroughly cleansing their premises in the next few weeks, and advising landlords and tenants to have this matter attended to.

The inspectors appointed are: Theodore Sears, John G. Clift, Andrew Buist, J.

Stubbs, John Kelly, jr., James McKinney, Hugh J. McElroy. They will begin work early in May.

Illware and the recessary amount.

Four coachmen—w Witfield Stackhouse, Charles Gamhle, Themas Short and Edward Sprague-reported for going beyond the stand allotted for coachmen at the L. C. R. depot on April 8, pleaded not guilty, but after the evidence of I. C. R. Policeman Collins was taken they were fined \$2 each. The fine was allowed to stand against Stackhouse and Sprague, the public was to have come up this morning, but on account of the absence of the magistrate from the city, it was adjourned until to-morrow afternoon at two o'clock. The Case against Emily White, charged with being an inmate of the house will also then be taken up.

Hearing in the case of Akerly and Guevremont, charged with breaking and entering D. B. Pidgeon's store in Main street, will probably be continued on Friday morning. The boys are now in jail on remand.

ST. LUKE'S CHURCH MEETING

In reference to trouble at the Easter meeting in St. Luke's church, one closely in touch with the affairs of the church said this morning that he had been precent at the meeting and it had been one of the quietest in many years; that everybody was in even temper, and there was no stormy discussion.

"Last May," he said, "at a meeting of parishioners it was decided to build a rectory. The vestry was instructed to have plans prepared, and go on with the crection of the building. The auxuliary committee of ladies and gentlemen formed to aid in the work was very successful and last summer subscriptions were received for an amount more than necessary yo cover the expenses of the building. Plans were prepared by G. E. Fairweather, passed upon and adopted by the vestry. Late in the autumn contracts were ordered to be signed.

"At the meeting held on Monday night immediately after the reading of the minutes, S. G. Kilpatrick introduced the following motion: Resolved that the vestry through Warden Kilpatrick report the action taken in regard to a motion passed at the parish meeting on May 12, 1911, in reference to the building of a rectory. "It was pointed out that such a report could not be received as an official one, therefore the meeting decided by a large majority that it could not be permitted. At this decision Mr. Kilpatrick left the room, and the regular business was proceeded with. The matter of a rectory was not under discussion in any way during the meeting and there was no stormy discussion. The meeting was one of the most largely attended for years and remarkably quiet,"
