## \$10,000 SOCIETY GEM PUZZLE FACED

Necklace of Copper King's  
Former Wife Vanishes  
at Tea in N. Y.

NEW YORK, Dec. 10.—Police are faced with a new society gem mystery as they seek to solve the disappearance of a \$10,000 pearl necklace, the property of Mrs. Charles William Clark, divorced wife of the son of the copper king, and former United States Senator. The necklace was lost at a tea given in the home of Mrs. W. K. Vanderbilt Jr. on November 21, but the theft was only made public yesterday. Mrs. Clark declined to discuss the loss "since it did not occur in my own home." Mrs. William Vanderbilt, Jr., through one of her secretaries declined to say anything about the loss. "You know Mrs. Vanderbilt dislikes publicity. I can't help you a bit," reporters were told when an assistant to Mrs. Vanderbilt's secretary was called. The necklace consisted of 75 pearls.

## DECIDE TO NAME ROAD FOR MICAWBER

Yarmouth Town Council Act  
Draws Appropriate London  
Paper Headline

LONDON, Dec. 11.—"Mr. Micawber," Charles Dickens' immortal character, has come into his own at Yarmouth, where the Town Council this week named a road for him. The councillors justified the selection of Micawber because he was always "waiting for something to turn up," and 700 people have been waiting for houses to turn up in Micawber road to relieve a shortage.

Yarmouth has similarly honored Copperfield, Peggotty and Barley, but recently refused to name a street after Steerforth, the villain of Dickens' David Copperfield. Remarks reflecting on Barley as a drunken rascal made by one Yarmouth councillor, brought protests from Dickensians in America and other parts of the world. Lovers of David Copperfield will be amused at a heading in the London papers, apropos of the Yarmouth action, that "Micawber road turns up. Yarmouth council will never desert him."

George P. Smith, Once Mem-  
ber of Alberta Cabinet is  
Accused

EDMONTON, Alta., Dec. 10.—A warrant for the arrest of George P. Smith, former Minister of Education, in connection with fraudulent printing charges, was issued today and will be executed by the city police in regular course on the arrival of Mr. Smith, who is now on his way to Edmonton. Mr. Smith was Minister of Education in the government of Hon. Charles Stewart, who relinquished office when defeated at the polls in 1921, when the Farmers' Government was formed in Alberta. The issuing of the warrant follows a royal commission investigation here into the methods of the former Liberal

regime in the handling of government accounts during 1921. The inquiry, which concluded last night, concerned mainly a \$8,820 transaction with the Edale Press, Limited.

## RAILWAY DECISION PLEASES FERGUSON

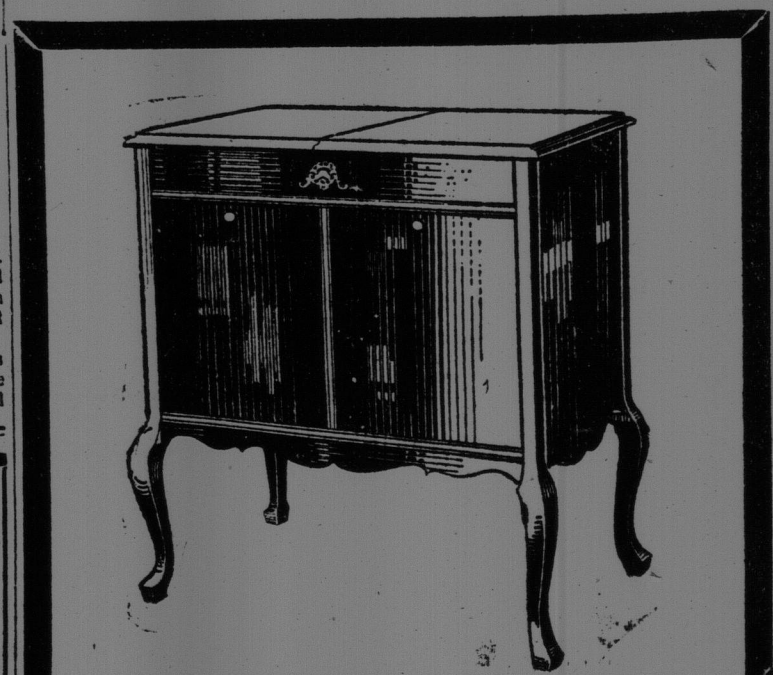

Way Cleared For Ontario  
Line to Enter Quebec  
Goldfields

TORONTO, Dec. 10.—Premier Ferguson, Hon. W. P. Nickle, Attorney-General and Hon. Charles McCree, Minister of Mines, expressed their satisfaction today with the order of the Supreme Court, which grants the Nipissing Central Railway the power to cross Quebec lands in order to reach the Rouyn Goldfields.

"The question now seems to be what action the Dominion Government will take in exercising its discretion," said Hon. Charles McCree. "It is in a position to give effect to the completion."

Premier Ferguson said: "We will now get the necessary order from the Governor-in-Council enabling us to build the Rouyn railway to the gold and copper fields in Quebec. The judgment is perfectly satisfactory to us, and it is obvious the Governor-in-Council has discretionary powers as to the terms of the order which we ask."
