London, Aug. 22. Gold in Bank of England has increased forty one thousand pounds during the week.

Paris, 22nd. It is said that one of the results of the Conference, which has been held at Salzburg between the Emperors Napoleon and Francis Joseph, is to insist that the South German States shall unite in a Confederation, of which Austria is to be the head.

London, Aug. 23. It is rumored today that the formal treaty concluded at the conference recently held at Salzburg between the Emperors Napoleon and Francis Joseph for the formation of a South German Confederation has proved a failure.

The government of Bavaria it is reported has replied to the proposition of their Majesty and positively refused to join the band.

The Fenian convention holds its session with closed doors and the members are under a stringent oath of secrecy, as to the proceedings.

Athens, Aug. 21. The Greek steamer "Arcadia" which has been successful in running the blockade around the Island of Crete was pursued by a Turkish man-of-war, and the crew of the "Arcadia" finding that they were in danger of falling into the hands of the Turks, scuttled and set fire to the steamer and took to their boats.

Berlin, Aug. 25. The semi-official journals of this city attack severely the policy of France, and denounce the action of the Emperor Napoleon in the Salzburg Conference.

London, Aug. 25th. Consols 94 1/2. Five Twenties 93 1/2. Breadstuffs unchanged. Beef 142s 6d. Pork 75s 6d. Gold 140 1/2.

Paris, 25. Reports have reached here from Spain that an insurrection had broken out in the Province of Aragon, and that for the moment the rebels were carrying everything before them.

St. Louis, 25th. A despatch from Fort Hayes, Kansas, dated the 23d, says a courier has just arrived from Capt. Ames had a severe battle with 800 Indians, under Santate, on the Republican river. The village was two miles long. Capt Ames charged twice through their wigwags. The savages fought desperately. Three of our men were killed and 25 wounded and 30 horses lost. The Indians lost severely, but finally repulsed our troops.

New York, Aug. 27. Gold 111. Wants of the New Dominion.

Notwithstanding the complete and successful accomplishment of confederation, the New Dominion has still two great wants. She wants more capital and more labor.

The new created Dominion, as regards its resources, is yet but imperfectly known. We can count the shore line of its lakes and rivers by thousands of miles—its mineral and its fisheries are inexhaustible—its agricultural produce shows per head of population a proportionate result that the United States themselves and this magnificent country is in want of more capital and more laborers.

The population of London in the middle of the present year is estimated by the Registrar General at 3,082,372; of Edinburgh (city), 176,081; of Dublin (city) and some suburbs, 319,210; of the borough of Liverpool, 492,489; of the City of Manchester, 362,823, and of the borough of Salford, 115,942; of the City of Glasgow, 410,076; of the borough of Birmingham, 344,648; of the borough of Leeds, 232,428; of the borough of Sheffield, 325,190; of the City of Bristol, 165,572; of the borough of Newcastle-on-Tyne, 125,960; of the borough of Hull, 102,740.

In Carleton County it is now supposed that Mr. Connell walks the course for Ottawa, as it is said that Mr. Lindsay has decided not to

be a party to what would be, as we stated, a personal contest. And we have heard no other gentleman named as likely to offer. Such being the case there is nothing to be said at present.

THE FIRST UNION VICTORY.

The Unionists have made a good beginning in Ontario. The two districts in which the conflict was commenced are respectively West Northumberland and Lincoln. The Union force believed well in both, as the following from the Toronto Leader, received on Saturday night, plainly proves:

"In West Northumberland Hon. James Cockburn was elected without opposition, to the House of Commons, and Mr. Alexander Fraser, who is a Reformer, holding anti-coalition views, but will offer no factions opposition to the Government, for the Legislature of Ontario.

In Lincoln, Hon. J. R. Beeson and Mr. J. C. Rykert, friends of the Administration, were elected respectively, by acclamation, to the House of Commons and the local Legislature."

The Toronto Globe talks very quiet over the result in the two cases cited.—[News.

The Standard.

ST. ANDREWS, AUG. 28, 1867.

OUR FISHERIES.—We notice that very little attention is paid to the protection of the fisheries. It appears that the Americans fish just where and when they please. For the last week they have been in the Bay of Passamaquoddy fishing within a mile of the Town without license and to the detriment of our own fishermen. Where is the Warden and why does he not perform his duty?

This leads us to an examination of our Fishery Law. At present an English and American vessel of 100 tons each may both catch 400 barrels of mackerel, which is admitted to be but a small take. The U. S. vessel pays \$50 license for fishing in British waters. They both go to a United States port for a market; the Dominion vessel has to pay a duty of \$2 per barrel, while the U. S. vessel has no duty to pay, thereby giving her the advantage of \$750 in gold over the British vessel. Is this to be made a Dominion policy? Or is it a bid for fishermen to become annexationists, as some of them are inclined to be under the unequal exactions of the present law.

The policy need not be prohibitory with reference to the fisheries, but the Americans should be obliged to pay a tax for fishing equal in amount to that exacted by them on our timber; then our fishermen would be placed on a fair footing with them, and the Dominion exchequer would be a gainer. We trust the hon. Mr. Mitchell will give the subject his attention, and that our contemporaries will assist in calling attention to the subject, which we have so briefly and imperfectly adverted to.

The Elections. We notice from our exchanges that the contest has fairly commenced in all the Provinces. The election at Ottawa was to some off first, during the present week—the great struggle has consequently taken place between Mr. Gibbs the Government, candidate, and Mr. George Brown his opponent who spared no efforts to defeat the Government. The result was looked forward to with great interest by both parties; if Mr. Brown were elected the "Anti's" in the lower Provinces—defeated, as well informed Canadian journals assert he would be, then as far as the Government is concerned it will have a majority, which will be augmented by the Provinces of New Brunswick and Nova Scotia. The elections in this Province and Nova Scotia for the Commons are to take place next month. The electoral district of Carleton leads the way—nomination 2d, September, voting on the 7th. Our own County on the 7th and 12th. St. John on the 9th, 13th for the County, 14th for the city. The elections for the Assembly will take place immediately after. We notice that our contemporary, Mr. Stevens of the "Eastern Advocate" has published his card as a Candidate from Albert, for the House of Commons.

CIRCUIT COURT.—The Court closed on Friday evening last. The following cases were disposed of, which closed the docket: Taiton vs. Kirk—book account—verdict for Defendant. Noonan vs. Sullivan—settled. J. & R. McCallum vs. W. Powers—settled. Defendant paying plaintiffs certain sum and costs. Stewart vs. Gillmor—lumber account—verdict for Plaintiff \$59.16. Magee vs. Wardlaw—confession. Murchie vs. Hogan—book account—verdict for Plaintiff. Hubbard and Gillmor vs. Darling special agreement for lumber sold—settled. Rose & Frink vs. Gillmor—book account—settled—confession. Ross vs. Boon—settled. Allan vs. McConnell—verdict for Plaintiff \$110. Falls vs. Haley—verdict for Plaintiff.

Dr. Thomson's Card will be seen in another column. He declares himself in favor of the frontier route for the Intercolonial Railway to connect with the St. Andrews & Quebec Line, ending as it does, at an open winter harbor. The election as we stated some few weeks ago will be a contested one.

The contract for conveying the Mail between St. George and St. Andrews, has been awarded to Michael Kerney, of this town.

Large schools of Mackerel have been in the Bay for the past week, and afforded great sport to many of our citizens, who have been making large hauls of fat No. 1's.

Mr. O. B. Dawson, a tanner of Charlottetown, P. E. Island, in a letter addressed to one of the Island papers, asserts that since the 1st of May last, he has exported three thousand seven hundred sides of leather to Montreal.

DROWNED.—On Tuesday, at Bay Side, Albert, youngest son of Mr. A. McCurdy, while playing in a boat, fell overboard and was drowned, before assistance could reach him. The little fellow only eight years old.

The Rifle Competition for this County, will take place to-morrow, Thursday.

BRECHER GETS \$25,000 FOR HIS NOVEL.—Nobody can call it worthless, but certainly it is worth no more, if as much, as Grape's Salve, for the novel will be soon forgotten.

We assure the "Telegraph" that the gentleman who nominated Dr. Thomson, had a right to do so, and we may also state the Doctor said that he intended to become a candidate for the Parliament at Ottawa, the fact as stated in the card in our columns is no "joke," as it announces he has done so in accordance with the wishes of the Electors in the Eastern and other sections of the County. He or any other candidate possessing the legal qualification, can do so if they think proper. We may also add that we did not allow any writer to take "improper liberty" with the Doctor's name.

Since the foregoing was written, we received the Doctor's card, which justifies the insertion of the previous notice.

The Annual Pic Nic of the employees on the N. B. & C. Railway, took place on Thursday last. Six cars loaded with the men and invited guests, left the Depot at 10 o'clock for Dambarton Station, where they arrived in good time. The day being very fine, the large party enjoyed themselves in various ways, until the dinner hour, when they were invited to partake of a substantial repast provided for them by the manager, Mr. Osburn in a large building near the station. After dinner many enjoyed themselves by tripping the light fantastic toe, while others rambled through the beautiful woods. As the shades of evening drew nigh, the whistle sounded the "retreat," and in a few minutes, "all aboard," the train moved forward on its return, and arrived at the Depot at 8 o'clock, p.m., the excursionists expressing themselves much pleased with the day's enjoyment.

We notice that several of our contemporaries including the Montreal Trade Review, confound the "Western" with the "Frontier" route. The Western line, as recently defined, is Frontier from River-du-Loop to Grand Falls, then diverges to the interior by a route explored by Mr. Buck in 1861, following this across the Tenouque river to the N. W. Branch of the Miramichi river, and along same to the Central line by Mr. Fleming's route along this to the Keswick summit, and then by the Keswick valley to the main river, and thence across the river somewhere most practicable, and never yet mentioned by anyone, and thence along the Fredericton Branch and Western Extension to St. John. This is said to be the shortest line to St. John, but it nevertheless entails a work of great magnitude and cost, viz: the bridging of the river at Fredericton; but then the St. Lawrence has been spanned at a cost of Ten millions of Dollars, and why not the St. John, at one half the scale, to favor the Fredericton branch.

Telegraphed advices from Canada state, that the Government supporters up to 27th, were all elected, most by acclamation. Only one Opposition. Brown was low down on the poll. The Premier was far beyond his opponents. It is now sure there will be large majorities to support the local governments of Ontario and Quebec.

Dr. Thomson's Card will be seen in another column. He declares himself in favor of the frontier route for the Intercolonial Railway to connect with the St. Andrews & Quebec Line, ending as it does, at an open winter harbor. The election as we stated some few weeks ago will be a contested one.

There is a rumor abroad that Wm. Lindsay, Esq., M. P. P., is likely to be offered a seat at the Executive Council Board and the Bureau of the Crown Land Department. Probably the rumor is correct. It would be a graceful act to allow a Carleton County member an opportunity of carrying out and giving effect to, more fully, those reforms in the department inaugurated by the present incumbent. If Mr. Lindsay were to accept this office, we feel assured he would devote his strictest attention to a full mastery of the details of the department, and his energies to a proper discharge of the duties.—[Carleton Sentinel.

The Provincial Board of Agriculture will meet at St. John on the 28th inst. We understand that at the urgent solicitation of the President and Board His Honor Judge Stevens has consented to continue acting as Secretary until after the Exhibition, as his experience in former exhibitions renders his services indispensably on this occasion. We think it showed great wisdom in the Board that they did not allow him to resign. We are happy also to learn that Mr. Stevens has secured the efficient aid of Mr. David Brown, whose valuable assistance on former occasions is fresh in the memory of all who had to do with former Exhibitions.—[Courier.
