MANITOBA

REDUCTION IN THE PRICE OF SCREENINGS

A reduction of 30 per cent. has been made in the price of Reclaimed Elevator Screenings (known also as Standard Stock Food) and the price now is \$25.00 per ton f.o.b. Port William in bulk. Until a few days ago the price was \$35.00 per ton. These screenings are not crushed.

The complete elevator screenings at the terminal elevators of Canada are under Dominion Government supervision. These screenings are separable into different classes, as follows: Sealings, Succotash, Blackseeds, Reclaimed Screenings.

The Reclaimed Screenings (or Standard Stock Food) represents about 10 to 35 per cent. of the whole of the screenings. The Dominion Government describes this class of feed thus:

"This product, now available in large quantities for Canadian stockmen, may vary somewhat in character, but is fairly uniform and wherever used is providing an excellent feed. The average composition of many samples used is as follows:—

Broken and shrunken wheat	46.1
Wild buckwheat	37.1
Wild oats	8.6
Oats	1.0
Flax	0.1
Chaff	5.65
Mustard Seeds	0.70
Other seeds	0.65

"The actual percentage contained of wheat and buckwheat varies more than in the case of the other constituents. Both, however, are of high food value.

"A fair chemical analysis of recombined screenings may show as follows:—

Protein	14 p.c.
Fat	5 p.c.
Fibre	8 p.c.

"It will be seen that recombined screenings show a higher analysis in both protein and fat than either wheat or domesticated buckwheat. The fibre content is reasonably low."

As to danger from weed seeds, the Dominion Government again says:—

"Developed screenings from which the greater part of the small weeds have been removed, may be safely used after being subject to fine churning or grinding. That this feature of fine pulverizing is

highly important, will be appreciated by owners of clean farms."

After experimenting with this class of feed by feeding it to animals, this statement is made:

"1. Is an excellent feed for swine except in the case of very young or weaned pigs.

"2. Is a high-class feed for dairy cattle.

"3. Has given very satisfactory results with fattening steers fed with or without other meals and grains.

"4. For fattening lambs has proven fully as valuable as for fattening hogs."

Approximately four thousand tons of this feed are on hand at the terminals.

The arrangement existing is that farmers and other feeders wishing to order this class of feed shall apply to the Provincial Department of Agriculture, which, after being satisfied as to the validity of the order forwards it to the terminal elevator.

The shipments are consigned with drafts attached to bills of lading; in other words, they must be paid for by cash on receipt.

A small representative sample of the screenings can be sent on request by the Provincial Department of Agriculture, Winnipeg.

Schroeder and another man who had posted him were getting off the car and Fetski gave chase, catching up with the prisoner, and holding him until the police arrived.

Classed among the enemy alien whose deportation is asked for along with the rest are all Russian residents who have been persistent in carrying on propaganda and organizing societies subversive to the peace of British institutions.

Would Seize Land

Not only is their deportation asked for in the memorial, but the government is requested to expropriate their lands which, together with all securities and funds, be lodged with a public administrator, such as was done in Great Britain and the United States. It is further requested that any such sums as are paid over shall be in alien securities now held in the Dominion or which may be pledged to Canada by way of war indemnity.

As a final touch for the peace and economic prosperity of the country, it is requested that immigration to Canada of all enemy aliens be prohibited for some time at least, after the war has been settled and peace proclaimed.

NEW BRUNSWICK SESSION

FREDERICTON, N.B., March 6.—Measures to extract as many soldiers as possible to New Brunswick are promised in the speech from the throne read at the opening of the third session of the seventh legislature this afternoon by Lieut.-Governor
