LOCAL NEWS.

There will be a meeting of Havelock L. O. L. No. 27 this evening at 8 o'clock.

The Tourist Association will meet in the board of trade rooms tomorrow evening at eight o'clock.

The police were called into the Oriental establishment to quell a disturbance that a drunken man was creating.

The police yesterday reported that water was coming from under his house on a pipe owned by Wm. E. Earle on Mill street. The water was turned off by the department.

George J. Robertson has been reported by the police for allowing a flow of water to run from under his house on Simonds street and form ice on the sidewalk which is dangerous to pedestrians.

Robert Baxter, the Halifax electrical expert, will arrive in the city tonight or tomorrow morning. He was called here by the safety board to make an investigation of the local gas conditions.

Mayor Sears' committee on the nationalization of the port, will meet a delegation from the board of trade this afternoon. His worship has prepared a lengthy paper on the subject which will be read at this afternoon's meeting.

The Allan Liner Tunisian arrived in port this morning and docked at the I. C. R. pier. The steamer brought out a large general cargo from Liverpool and landed here four saloon, forty-five second cabin and sixteen steerage passengers.

The annual ball of the Neptune Rowing Club is to be held tonight in the York Assembly Rooms. For some days past a committee has been at work decorating the rooms. The dancing is to start at 9 o'clock. Jones' orchestra will provide the music.

David J. Brickley, proprietor of the Cliff street stables, died today, aged twenty-eight. He had been in poor health for some time. Mr. Brickley is survived by two brothers and four sisters.

Last evening about forty friends of Mr. and Mrs. Richard Tyrer, of Broad street, invaded their home, it being the birthday of Mrs. Tyrer. The party was a complete surprise. The evening was enjoyably spent in games, etc., and after supper had been served the party broke up, wishing the hostess a long and happy life.

The river is like glass, country folks say. Late rains and soft spells made it smooth and clear. Ice boating is therefore booming again. This afternoon, Fred Heans, the yachtman, and Con. McCuskey, of Millidgeville, who both own ice boats, are giving them a spin on the Kennebecasis and up the main river. These yachts attain great speed.

FUNERALS.

The remains of Moses C. Barbour were interred in Fernhill this afternoon with impressive ceremony. Rev. E. C. C. pastor of Brussels street Baptist Church, officiated, and a quartette composed of Mrs. R. W. Warden, Miss Gunn, A. G. Burnham and George Brown sang "Abide With Me," and "Lead Kindly Light," with much effect. A very large number of ladies and gentlemen were present at the services in the home, No. 9 Wright street, and the funeral procession included hundreds of citizens. Among the numerous floral remembrances was a large casket from friends of deceased in Brussels Street Baptist Church.

The funeral of the late Wallace Brown was held at 2:30 this afternoon from his late residence, High street. The eulogy in which Mrs. Brown was held was shown by the large attendance at the funeral. Members of the Ship Laborers' Association and the Ship Laborers' Society attended, as well as members of the local artillery. Rev. Mr. Hand conducted the burial service and interment was in Cedar Hill.

THE MILITARY CASE.

The case preferred by Capt. Herbert J. Smith, of the 62nd Regt., against James Stevens and Harry Coleman for absenting themselves from drill in July last was resumed in the police court this morning.
J. King Kelley, for the defense, argued that the drills were not compulsory and said that this case was only a technical one, and not in accord with men who speak the minds of the militia. It was only holding the regiment up to ridicule.
Capt. Smith and Major Magee submitted their commissions as evidence. Mr. Kelley said that these did not prove anything and were only historic documents or letters from Hon. R. L. Borden. The commissions were allowed as evidence, upon objection.
The case was here adjourned until Monday morning at 10:30 o'clock.

CITY WILL NOT PAY THE CONTRACTORS JUST NOW

Progress Estimate is All That is Favoured—No Final Payments or for Extras for a While Longer.

The claims committee met at City Hall this morning when the claim of McArthur and McVey was discussed. Those present were: Mayor Sears, Ald. Baxter, Bullock, Willett and Leitchart and Engineers Barbour, Hunter and Murdoch. The press was not admitted to the meeting, held in the rear future.
It was decided that nothing should be done in the matter of payments at present. Mayor Sears stated that the city is willing to pay Messrs. McArthur and McVey on a progress estimate. Under this style of payment the contractors would be paid for the work already completed. The engineers will endeavor to ascertain the amount due on this estimate and will report at a meeting to be held in the near future.
The bill for extras which has also been presented was not discussed.
Engineer Barbour went over the work at the extension yesterday. Everything has been progressing favorably. He would make no statement for publication regarding the payment of the contractors for extras.

HAVE NO MONEY TO PAY FOR LICENSES

Longshoremen from Montreal Say They Cannot Earn Sufficient to Oblige the City

Six longshoremen appeared at the mayor's office this morning with the hope of obtaining His Worship's sympathy also of being given permission to work in the city without licenses. The men who came from Montreal, claim that they were guaranteed steady employment here on board the winter-plant steamers. They have found since arriving that they are only given two or three days' work in a week and they are unable to pay the \$7.50 each for licenses. They were reported by the police and thought that the mayor might be able to give them permission to work without the licenses until they had earned enough to pay for them. They were willing to pay the fees on the installment plan and were told to see the chief of police.

HE TELLS OF VERY GOLD

WEATHER IN WINNIPEG

John Rogers, formerly of this city, who went west last fall, writes that he has accepted a position in the Grand Union Hotel, Winnipeg. Mr. Rogers states that the winter so far has been one of the most severe for years. The thermometer a few days ago registered 38 degrees below zero, at St. John's observatory which is at the northern end of Winnipeg. Two weeks ago snow fell for over twenty-four hours and the C. P. R. and C. N. R. trains were hours late in arriving. The street railway service at Winnipeg was put out of commission for hours, the snow ploughs of the company being unable to keep the tracks clear. The low dip in the thermometer was accompanied by a southeasterly wind, blowing at a velocity of eight miles an hour, a rather unusual occurrence.

ESCAPED FROM CHAIN GANG BUT WAS RE-ARRESTED

In the police court this morning Wm. Mattix, who gave his name as Forest, pleaded not guilty to drunkenness on the Union street. Policeman McNamee said that Mattix was not only drunk but said he had no place to spend the night. He was sent to jail.
George W. Barry told conflicting stories to the police on Water street last night and was proven drunk this morning. He went to jail in default of paying \$100 dollars.
Wm. Kilpatrick as an excuse for being drunk in the East Side ferry house blamed the meeting of some old friends for his sag. He went to jail in default of paying a fine.
Wm. Morris pleaded not guilty to stealing a whip from Stephen J. Ritchie on North street. He acknowledged that he ran away from the chain gang while working in the park in October and after making his escape went home. He was remanded. The stolen whip was found in the possession of the prisoner by Officer Crawford who made the arrest.

FIRE IN AMHERST.

AMHERST, N. S., Jan. 22—At 11:45 today fire practically gutted the double tenement house on the corner of Acadia and Hatchford streets, owned by H. W. Rogers and occupied by Emel Wolfe and Mr. Hasking. Most of the furniture was removed, although damaged by water. There is \$500 insurance on the house but, the loss, it is expected, will considerably exceed this.

Another sudden change in the weather occurred last night. The mercury sank rapidly and at an early hour this morning the thermometer registered four below.

Hamilton McCarthy did not accompany the mayor on a canvass for funds towards the Champlain monument, today. The mayor was engaged all morning, but will probably accompany Mr. McCarthy this afternoon.

The dredge Dominion will start work on the Navy Island bar tomorrow morning.

SENT SPRUCE GUM TO ST. JOHN BOY AFAR

Fred Heans and Party Pick it in Woods on South Branch, Oromoco

Fred Heans, A. C. Currie, Charles Heans and Bev. Heans returned yesterday from a four days' sojourn in the woods on the South Branch of the Oromoco. They had a great time and enjoyed their experiences immensely.
Some of the time they spent at Albert McArthur's lumbering camp where the succulent bean, served with plentiful pork, as only a bluenosed lumber-camp steward can serve it, was greatly enjoyed.
Fred Heans, in talking with the Star said that each member of the party had in a good supply of spruce gum, the real article. Some of the choicest of these pieces were neatly packed in a tin box and shipped to Harry Hamilton, a former St. John boy, who some time ago wrote from the Philippine Islands to Mr. Heans something along these lines:
"For heavens sake, Fred, if ever you come across some real good spruce, send me a few pieces in a newspaper."

SOMETHING WRONG AT WOOD-STOCK

A letter mailed to the Star at Woodstock, N. B., on Friday last was received here this morning. Another letter from Woodstock addressed to Jacksonville, Florida, U. S. A., went very deliberately to Jacksonville, Carleton county, N. B.

ROME, Jan. 22—Heavy wind and snow storms throughout the peninsula have been causing serious spruce gum land and a number of fishing boats have been wrecked off the coasts. Two freight trains collided in a snow-storm near Turin without loss of life.
