

WORKING WOMEN

Their Hard Struggle Made Easier—Interesting Statements by a Young Lady in Quebec and One in Beauport, Que.

All women work; some in their homes, some in church, and some in the mill, and in some of the mills and shops tens of thousands are on the never-ceasing treadmill, earning their daily bread.

They are subject to the same physical laws; all suffer alike from the same physical disturbances, and the nature of their duties, in many cases, quickly drags them into the horrors of all kinds of female complaints, ovarian troubles, ulceration, falling and displacements of the womb, leucorrhoea, or perhaps irregularity or suppression of monthly periods, causing backache, nervousness, irritability and lassitude.

Women who stand on their feet all day are more susceptible to these troubles than others.

They especially require an invigorating, sustaining medicine which will strengthen the female organism and enable them to bear easily the fatigues of the day, to sleep well at night, and to be refreshed and cheerful.

How distressing to see a woman struggling to earn a livelihood or perform her household duties when her back and head are aching, she is so tired she can hardly drag her feet, stand up, and every movement causes pain, the origin of which is due to some derangement of the female organism.

Miss Clara Beaubien of Beauport, Quebec, writes: "Dear Mrs. Pinkham:—I have suffered with Leucorrhoea, white and green, for several years, and my strength and health were so low that I could do no work. I tried many medicines, but did not get permanent relief until I took Lydia E. Pinkham's Vegetable Compound. In two months I was very much better, and stronger, and in four months I was well, no more discharge, no more pain. So I have every reason to praise the Vegetable Compound, and I consider it without equal for all such troubles."

Lydia E. Pinkham's Vegetable Compound is the unfailing cure for all such troubles. It strengthens the proper muscles, and displacement with all its horrors will no more crush you. Backache, dizziness, fainting, bearing down pains, disordered stomach, moodiness, dislike of friends and society—all symptoms of the one cause—will be quickly dispelled, and it will make you strong and well.

You can tell the story of your sufferings to a woman, and receive helpful advice free of cost. Address Mrs. Pinkham, Lynn, Mass., and she will send you a free copy of her book.

WEATHER GOLD BUT RACES WERE HOT.

Etta Mac Won First Place in 2.28 Class.

Ruth Wilkes a Winner in 2.19 Class After Exciting Contest—Today Sees the Close.

FREDERICTON, Sept. 29.—This evening ended another beautiful day for the exhibition. The weather was all that could be desired. At the closing of the gates tonight the turnstiles recorded 4,300, which is a slight increase for the same day in 1904. It will require an attendance of something over four thousand tomorrow to bring the record up to the last exhibition. The management are making strenuous efforts to make the last day a banner day. A torchlight procession headed by the firemen and accompanied by two bands, will parade in the evening, and citizens are requested to make the wind-up as successful as possible.

The second day's races of the Driveway Park were attended by a crowd of 1,200 spectators. The weather was cold and the presence of a stiff northeast breeze made the park a chilly place. But the races proved an interesting and as hotly contested as could be wished for. The 2.28 class had a list of fourteen entries, but ten were scratched, and only Daisy Wilkes, Etta Mac, Kremella and Brown Dick appeared on the turf, in the order named.

The first heat was a pretty race between Daisy Wilkes and Etta Mac. The Fredericton horse had the pole and kept the lead until the last turn, when the game little steed from Fairville waited to the front and won out handily. The next two heats went to Etta Mac, who took first money, with Daisy Wilkes second and Kremella and Brown Dick third and fourth.

The race of the meet was the 2.19, and a considerable sum of money changed hands on the result. The entries in order were Estell Boy, Shamrock, Marchwood, Ruth Wilkes, Park L., Daisy Wilkes, Banilo and Donellan. There were a great many admirers of the Springfield stable horses, Estell Boy and Parker L., while Shamrock was looked upon as the quantity horse to beat.

DON'T KEEP HENS

Make hens keep you. An increase of only two eggs a month for each hen will more than pay for the feeding of

Hercules Poultry Food

It will give this increase, and more, besides giving the plumage a better gloss, and in every way keeping them in tip-top health, also making the chicks harder.

For the winter laying of eggs there is nothing as good on this or any other market.

Keep your hens from fretting by using HERCULES LOUSE KILLER. Try it and see the difference in the weight and egg production.

Nothing better for keeping the henhouse clean than CLYDE'S DALE CARBOLINE ANTISEPTIC.

All Clydesdale Preparations are sold under a POSITIVE GUARANTEE OF SATISFACTION or MONEY cheerfully refunded by the dealer.
