VESSELS STANDING BY UNTIL DAYLIGHT

Injured Ship Formerly the German Liner Koenig Wilhelm II.

New York, March 15.—In a dense fog off Little Egg Inlet, N. J., tonight, the United States Shipping Board steamship "Invincible," bound for Norfolk, collided with the army transport "Madawaska," incoming from Manila, damaging the transport severely and necessitating radio calls for immediate assistance. The Madawaska, carrying passengers, was struck amidships. First messages said she was taking water rapidly. However, a radio received at 10.50 p.m. from her commanding officer said he had all boats swung out and would await daylight when he would transfer his passengers to the Invincible, which, apparently, was not seriously damaged.

Rushing to Help
The Invincible reported she was standing by and playing her searchlights on the crippled transport, prepared to render whatever assistance was necessary. The passenger steamship Santa Leonora, bound from Colon for New York, reported by wireless that she could reach the disabled transport by 1 a.m. and offered her assistance. The latitude of the Madawaska was given as 39.30 north, and the longitude as 73.59 west. The Madawaska, formerly the Hamburg-American liner Koenig Wilhelm II, has a displacement of 9,410 tons gross.

Spring Exposition

This occasion dramatizes the beautiful and the new in apparel modes for Spring. The spirit of freshness usually associated with the new season, is interestingly portrayed in Coats, Wraps, Suits, Frocks, Hats, and smart accessories designed to enhance the beauty of Spring Costumes.

Even the glad note of lower prices is in harmony with the thrift tendencies of the times.

Spring Wraps Are Wholly Charming

Graceful affairs with butterfly sleeves or more practical kinds favoring tailored lines are showing.

Designed for protection in the early spring months and yet not too heavy for wear all through the summer.

Many have graceful cape collars gathered full at the back.

Light weight velours, gabardines, tweeds and other soft piled fabrics are desired, while greys, tans, navys, and blacuit shades find many admirers.

Embroidery of contrasting shade or soft color adds charm to some of the more dressy models.

One such Coat or Wrap as these should have a place in every woman's wardrobe.

Springtime is Costume Time

This year's exposition modes show a very pleasing variety of styles.

Particularly smart and typical of the new season are the many variations of the unbelted Jacket; some are box, others hang in ripples.

Smart sashes are showing on many of the nicest suit skirts.

For women of more conservative taste, semi-tailored models, slightly fitted or loosely belted, will be in demand.

Serges, twill cords and Tricotines are all favorite fabrics, and are often handsomely embroidered or braided.

Navy and other blues are predominant.

Frocks Display New Color Charms

There are dozens of new Spring models in silk or wool, with a dash that is just what is wanted in a Spring Frock.

Clever little frocks with basques, some laced up the front, others finished at the neck with ruff collar, are combined with voluminous skirts and follow the influence of the Spanish Costume—there are frocks of slim graceful lines too, so becoming to the youthful figure.

Taffetas, Satins, Meteor Croppes, Tricotines, Serges and other fabrics are appealing.

Colored ribbon sashes, striped fringes, soft lacey vestees and vivid motifs, one notices on a hasty inspection.

Spring Hats Bloom With Color

Whether one thinks of a smart turban, Russian or Hindoo, a Directoire bonnet, or a large drooping shade, there are many models in each leading style, wonderfully trimmed, well made correct in every detail and moderately priced for the quality. Vivid multi-colored effects brought about by dashes of hand made, embroidered or appliqued flowers—glistening celophane—smart ornaments, and ribbon fancies used in various ways lend a distinction wholly desirable.

These hats add a cheery note to the suit and are particularly charming with the new season's frocks.

Spring Wardrobes For Girls and Tots

It is interesting to see how new Spring styles are reflected in apparel for very small girls—Gay little Coats and Reefers, lovely childish frocks—in cloth—silks and tubables, and all sorts of hats are youthfully simple yet always modish of style—These are suitable for girls from 2 to 12.

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep.
