Every description of Life Assurance business transacted on liberal terms, and at very moderate rates compared with other institutions.  
No Fire or Life Insurance Office has been established either in Europe or America, as attained to the success of the London and Lancashire, in point of income or strength of position, in some years of time. Its progress has been entirely unprecedented. The increase of Government duty for 1863 over 1862 was larger than any London Office, and the percentage of increase more than doubled that of any other Fire Office in Great Britain.

Indeed, the superior quality of them over all others are so well known, that it is no longer necessary to say anything in their praise. But persons who are not thoroughly acquainted with Sewing Machines are likely to be deceived in making a purchase, as there are many worthless imitations of Singer's Patent offered for sale in Ottawa county at the present time.  
W. G. BACON is the only person that is authorized to sell Singer's Sewing Machines in Ottawa county, and persons about to purchase will find on examination that they are the only machines that have durability, and certainty of correct action.  
N. B.—All Machines sold at this Office are warranted to give entire satisfaction, or the money will be returned.
