

## Notes and Comments

Seven thousand cattle in Alberta have been destroyed because there is no feed for them.

If you intend to go to work there is no better place than just where you are; if you do not intend to go to work, you cannot get along anywhere.

The result of the present rise in the price of newsprint and the one that will be made next July, will undoubtedly be the suspension of many papers during the coming year.

Milk is down two cents in Montreal. On the morning of May 1st the intimation was left with the day's supply of milk to each customer, that the cost had been reduced. When is the welcome news to be delivered in these parts?

Surrendered Doukhobor lands aggregating about 10,000 acres in the vicinity of Kamsack, Sask., were disposed of by ballot to soldier settlers under the Federal Soldier Settlement Board regulations on the 30th of April. Twenty-six parcels were sold and eleven farm units remain to be disposed of. This closes out the last of the Government lands held by Doukhobors.

The proposal submitted to Parliament by Mr. Hume Cronyn, chairman of the special investigating committee, for the establishment of a Canadian Bureau of Scientific Research is an important and welcome one. Such a bureau, if properly organized and conducted, would be worth untold millions in the development of natural resources and the improvement of industrial processes.

If you want to save money on clothes, wear your old clothes. If your old clothes are all worn out buy overalls, if you want to, but when you buy overalls you do not need you are simply putting up the price of overalls on the man who does need them. Our Yankee cousins are all right but they are a volatile mixture of races who go to extremes—which sometimes is a good thing and sometimes is not.

The Winnipeg Falcons, champion hockey team of the world will be tendered a civic banquet and presented with gold watches on their arrival in Winnipeg on May 15, to express the city's appreciation of the honor the Falcons have brought Winnipeg by winning the laurels at the Olympic sport at Antwerp. A parade also is being organized by the Manitoba Amateur Hockey Association.

The great Krupp works at Essen, which forged the arms with which Germany made war, are today said to be in full blast forging implements of reconstruction and peace. This information was brought to London from Essen by a British Government engineer. He says that the recent political confusion in the Ruhr district has not disturbed the production of the Krupp plants. Before the war the Krupp works employed 80,000 men; during the war 115,000 laborers to supply the German armies. Some 50,000 men are now engaged in the production of reconstruction materials.

## A Constipation Cure

A druggist says: "For nearly thirty years I have commended the Extract of Root, known as Mother Seigel's Carative Syrup, for the radical cure of constipation and indigestion. It is an old reliable remedy that never fails to do the work." 30 drops three daily. Get the Genuine, at druggists.

Minard's Liniment Cures Colds, etc.

## Delicate Girls Made Strong

RICH, RED BLOOD NEEDED TO KEEP UP THEIR VITALITY

If growing girls are to become well developed, healthy women their blood supply must be carefully watched. Mothers should not ignore their unsettled moods or the various troubles that tell of approaching womanhood. It should be constantly borne in mind that pale, bloodless girls need plenty of nourishment, plenty of sleep and regular open-air exercise. But a lack of appetite, and tired, aching limbs tend to hinder progress. To save the weak, thin-blooded sufferer she must have new, rich, red blood and nothing meets a case of this kind so well as Dr. Williams' Pink Pills. These pills not only enrich and increase the blood supply, they help the appetite and digestion, relieve the weary back and limbs, thus promptly restoring health and strength and transforming anaemic girls and women into cheerful happy people. Among the thousands who have obtained new health and strength through the use of Dr. Williams' Pink Pills is Miss Violet Booth, Glenora, Ont., who says:—"For a long time I was in a badly run down condition. I was pale, breathless at the least exertion, and could hardly do any housework without stopping to rest. I often had severe headaches, and my appetite was poor and fickle, and I would get up in the morning without feeling the least bit rested. I had tried several medicines, but did not get benefit from anything until I began the use of Dr. Williams' Pink Pills. When I had taken two boxes I could see an improvement, and after using six boxes I found my health fully restored. I feel altogether different since I used the pills and I strongly advise them for all weak, run down people.

If you are weak or ailing in any way, avail yourself at once of the splendid home treatment which Dr. Williams' Pink Pills so easily afford, and you will be among those who rejoice in regained health. These pills are sold by all dealers in medicine, or may be had by mail at 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont.

## Overalls and Old Clothes

The wear overalls, wear old clothes movement is one of many indications that the patience of the consumer is exhausted; that he will no longer submit to price exactions. World supplies are yet too low for these movements to exert a very material influence, but they serve as a warning. Manufacturers must see the refusal to buy at high prices in its true significance, and must realize that the great buying public has reached the limit of willingness to pay. The time for price reductions to stimulate demand, if not already at hand, is brought measurably nearer by the movement which gives expression to its feelings in wearing overalls, in having hats cleaned and tuned and in resorting to other money-saving expedients unthought of a few years ago. This economizing must have a tremendous and far-reaching influence. It will prove a most important factor in equalizing supply and demand, thereby wiping out the advantage which gave profiteers the opportunity they have so shamelessly abused.

Of the world's population, there are always between 3,000,000 who are on the sea.

Minard's Liniment Cures Diphtheria.

## Greenwich News

We welcome Mr. and Mrs. T. J. Borden from Belcher Street to our community who recently purchased the George Borden property. Mrs. H. H. Marshall and family of Halifax, are now living in the Morse house. Mr. and Mrs. Keddy and family have moved to Wolfville.

The Community League has closed its sessions for the summer months, the last one held being on Thursday evening, April 29th, and a very enjoyable evening it proved to be. The Hall was filled by an appreciative audience who thoroughly enjoyed the splendid program provided. While delicious refreshments were being served, Miss Dorothy Williams and Mr. Robert Bishop entertained the audience with excellent music. The treat of having the Hall lighted by electricity for this occasion is due to the kindness of Mr. Cross, of White Rock. Rev. Mr. Watts suggested that a letter of appreciation from the League be sent to Mr. Cross. It was greatly regretted that Rev. F. J. Armitage, the founder of the League, was unable to be present. The week before, April 22nd, Dramatic Night, a part of the program was a play by four of the school girls, which was much enjoyed. Two weeks before—Literary Night—the League enjoyed a treat by way of an instructive but humorous lecture, given by Rev. A. J. Prosser of Upper Canada. The speaker was gladly welcomed, he having been heard at the League twice before two years ago. He holds the closest attention of his audience and the time goes so quickly. Often roars of laughter greeted Mr. Prosser and he was voted by all, with a hearty vote thanks, as being a regular live wire. He was invited to give a talk next winter on the Franchise. We are told it has been decided to have Electric Lights permanently installed in the Hall, the Greenwich Dramatic Club, having funds enough on hand to pay for same.

All the residents of a town are partners, not opponents. In all likelihood the more business done by your rival, the more you will do. Every merchant who treats his customers honestly and fairly will get his share and the more business that can be secured by united effort, the better it will be for all. When a town ceases to grow it commences to die, and the more people try to kill each other off in business and good name the more rapidly will utter ruin come to all. Stand together for the advancement of all.

Furnished rooms to rent after June 1st. Apply to Box 462.

The house in Washington which was given to Admiral Dewey by the American public when he returned from the Philippines after the Spanish-American War is being dismantled to make room for a store.

Lord Shaughnessy has recently said that we must increase production and decrease wasteful consumption. There can be no liquidation of wages until commodity prices are lowered.
