Grain and Milling Notes.

C. P. R. reports state that from 275 to 300 cars of grain have been moving

cast each day intely over their lines. Lyle makes the United States government report indicate wheat crop of 4,276,000 bushels, which is a reduc-tion of 10,000,000 to 20,000,000 bushels from last reports, while corn indicated yield is 1,297,774,000 bushels, against 1,220,000,000 bushels a month ago.

1.280(080,000 business a morth ago.

The final official estimator of the search's create in the new defendance of the search of

crease of 700,000 metacentres in rye.

L. M. Metcalfe, who has been connected with the grain exporting firm of H. D. Metcalfe, of Montreal, and Winnipeg since its establishment, salidation for Liverpool, where he will open an office representing H. D. Metcalfe in the grain exporting track, and Joseph Quintal, in the hyade, and Joseph Quintal, in the many exporting

Joseph Quintar, the way has issued a map of the drouth affected section in Russia, which shows that the valley of the Volga and the area tributary to the Black Sea iargely—in fact all the country between longitudes 35 and 58 and inducted at the control of the very seriously, as well as Finland and other section of the vestern half of this vast area very seriously, as well as Finland and other Battle provinces, against only the latter provinces and part of the vestern half part of the vestern ter provinces and pa-tributary to the Sea by last year's drouth.
