A Successful Business Demands Quick Service

THE days of leisurely, go-as-you-please methods are past. To be successful in any line of business today demands quick service, prompt deliveries, foresight and economy of time and labor.

This is the age of EFFICIENCY—and the degree of prosperity enjoyed by the successful business man is proportionate to the efficiency of his plant and organization.

One of the most vital factors in the success of any manufacturing or merchandising business is a modern Freight Elevator.

The installation of an Otis-Fensom Freight Elevator makes available every square foot of floor-space on every floor of the building. It eliminates duplicated effort on the part of workmen, stops business leaks, saves time, conserves energy and increases profits.

OTIS FENSOM FREIGHT ELEVATORS

An Otis-Fensom Freight Elevator may be bought for as little as \$70—less than the cost of a good office desk or a typewriter. It pays for itself in the saving effected in time and labor—in the reduction of wear and tear on goods—in the increased business from better satisfied customers—and in the ability to handle more business efficiently.

An Electric Elevator may be installed at a moderate price, and, in view of the abundance and low cost of electric power, will prove a sound investment.

Write today for free booklet "Freight Elevators and Their Uses." It will tell you about an elevator suited to YOUR particular needs.

Don't put it off until another time—simply fill in this coupon and mail NOW, while the thought is fresh in your mind.
