

Thomas A. Edison announces
his New Cylinder Phonograph Record

The Blue Amberol

THE Blue Amberol is a musical and mechanical triumph. Its volume is greater, and its tone is decidedly finer than any other phonograph record you can buy. And it is practically unbreakable and unwearing. Careless handling will

not injure it, and no amount of playing will cause it to reproduce less perfectly than when new.

Ask your Edison dealer to play a Blue Amberol Record for you on an Edison Phonograph to-day, or write us for particulars.

Thomas A. Edison, Inc., 115 Lakeside Avenue, Orange, N.J., U.S.A.
