OSAP Appeal Clinic

The York Student Federation will be sponsoring an appeal clinic for students in need of advice regarding their OSAP assessment.

Several students who are well-informed about OSAP applications and the decision appeal process will be providing counselling services for students with questions about financial aid.

The main focus of the clinic will be to assist students whose needs may not be considered under the regular OSAP assessment formula.

Those students may have the basis for an appeal of their initial assessment. Clinic counsellors will aid students by providing information regarding what type of documentation students should accumulate prior to meeting with a financial aid officer.

The counsellors will also be available to answer any questions regarding the application process.

The clinic will be held on Mondays, Wednesdays and Fridays between September 29 and October 10, excluding Oct. 1.
