SIR:

Act

I enclose a Resolution of the Papetresken Council wanting an Extension of time before commencing the payment by the Roman Catholic portion of the Band,

They are better able to pay this fall than they are likely to be next Spring. There was a little delay with the Carpenters getting their portion of the work done but it will now be completed in a very few days.

The collection of \$ 5.00 per head has and is being made. There is no complaint from the Roman Catholic people except from the Priest.
