AN ITALIAN TRIBUTE

Il Secolo Milan—It is surprising that such misfortunes do not occur more often, considering the innumerable British transports crossing the seas in all directions. This further proves the splendid work of the British Fleet in securing the mastery of the seas, watching all the movements of the enemy, and protecting its own transports and those of its Allies.

OUR IMPERIAL STRUCTURE

London Daily Chronicle—The Canadian Premier does not doubt that after victory our Imperial structure will grow further, because it is a living thing, and growth is its law. It is the old problem in a new form—to meet the needs of a changing world without throwing away the heritage of our past progress. If on the whole perhaps the British peoples may claim in their history to have solved this problem with an exceptional degree of success, let us hope that the genius of the race may yet be with us to solve it once more in its ever-growing complexities and on its ever-widening arenas.

A WAR TIME REFLECTION

London Daily Mail—War is as much a conflict of spiritual as of material forces. If the nation is careless and selfish the Army must feel the reaction. But as heroism evokes heroism, as the great example has a compelling power, we may hope that the divine conduct of our soldiers may lift the whole people up to their level of faith and love. Victory is not to be looked for until, in the face of trial, inefficiency and sloth and apathy have been burned out of our hearts and lives.

Recipes

The following recipes are taken from the Ladies' Home Journal, which states that each costs about ten cents.

Bean Loaf.—Two cups of lima or soy beans, one cup of bread crumbs, four tablespoons of peanut butter, two tablespoons of grated onion, one tablespoon of dried celery leaves, or poultry flavoring, two teaspoons of salt, one-eighth teaspoonful of pepper, one teaspoonful of bacon drippings, one-half cup of rice stock. Wash and soak the beans over-night; put on in a saucepan, cover with boiling water, and boil until tender (about forty-five minutes). Drain; when cool put through the food chopper; add the bread crumbs which have been covered with the old rice stock, peanut butter, onion, celery, salt and pepper; mix all well together. Form into a loaf and put into a small brick pan which has been brushed with drippings; bake in a moderate oven for thirty minutes.

Escalloped Corn.—Two cups of corn, fresh grated or canned, two cups of whole-wheat or bran bread crumbs, two tablespoons of butter, one teaspoonful of salt, one-eighth teaspoonful of pepper, one-half cup of milk. Brush a baking dish with butter; put half the bread crumbs in the bottom; add half the corn; sprinkle with salt and pepper; add another layer of bread crumbs, and the rest of the corn and sprinkle the top with bread crumbs, salt and pepper. Put the butter over the top in little pieces, and pour the milk over all; bake in a moderate oven for thirty minutes.

Lemon Pudding.—Two cups of milk, three-quarter cup of sugar, two tablespoons of cornstarch, two tablespoons of lemon juice, one teaspoonful of grated lemon rind, a pinch of salt, four tablespoons of cake crumbs or broken crackers. Put the milk on in the top of a double boiler; add the cornstarch, which has been wet with a little cold water, the sugar and salt. Stir constantly until it thickens; set aside to cool, adding the juice and rind of lemon. Put the crumbs in the bottom of a glass bowl, or in sherbet glasses, and pour over the mixture. Serve very cold.

Mock Cherry Poly.—One and one-half cups of flour, two teaspoonfuls of baking powder, one-half teaspoonful of salt, two tablespoonfuls of shortening, one-quarter cup of milk, one cup of cranberries, one-half cup of seeded raisins, one-half cup of brown sugar. Sift the flour, baking powder and salt into a bowl; add the shortening, and rub in very lightly; add milk enough to hold together; handle as little as possible.

MAGIC BAKING POWDER

Magic Baking Powder costs no more than the ordinary kinds. For economy, buy the one pound tins.
