GERMAN KALI WORKS, 93 Nassau Street, New York.

The DALE PIVOTED LAND ROLLER (Patented)

It is unanimously recommended by those farmers who have used it. Orders are now being booked for the spring trade. Description and price furnished on application to 5-om T. T. COLEMAN, SOLE MANUFACTURER, SEAFORTH, ONTARIO.

Man Isn't In It.

You can tire out a man but you can't tire a Planet Jr. machine. A man gets careless, loses energy, has his dull days, a Planet Jr. machine is ever ready for business. A man often leaves when worst wanted, a Planet Jr. machine never goes back on you. One man can do but one man's work, a Planet Jr. Double Wheel Hoe will do the work of five or six men. The proof of this can be found in the Planet Jr. book for 1895 which describes and pictures 20 different Planet Jr. machines. The reading of this book is the first step toward doing better. It's free.

100—Helderleigh Fruit Farms Nurseries—400 (Four Hundred Acres in Extent.) Established 1882.

There is no place in Canada where the season is longer than here. Hence we get trees brought to the fullest maturity, capable of withstanding the severest cold. Having one hundred acres in fruit, from which cuttings, buds, scions, etc., are taken, I can safely guarantee the purity of my stock to be equal, if not superior, to any other nursery. The soil is specially adapted to produce vigorous, hardy trees, a grand lot of which are now growing and for sale. All the leading sorts of both old and new varieties deemed worthy of propagation. Catalogues free on application. Agents wanted in every township. 13-1-om E. D. SMITH, Winona, Ontario.

STOCK GOSSIP.

Smith Bros., Credit Valley Stock Farm, Churchville, Ont., place with us an advertisement interesting to persons desiring Holsteins of either sex of splendid quality. We would recommend persons whom it may interest to send to this firm for catalogues.

The former firm of A. C. Hallman & Co., New Dundee, now known as A. C. Hallman, change their advertisement in this issue, over the new name. We believe the members of Mr. Hallman's herd have been selected and developed along the line of butter production, as well as that of milk.

Thos. Ballantyne & Son's catalogue of their entire Shorthorn herd, to be sold on Wednesday, March 13th, 1895, has been received. It gives extended pedigrees and descriptions of the twenty-eight head of Scotch Shorthorns to be disposed of without reserve. This sale offers an opportunity to secure splendid material for show purposes, which means that they are splendid animals to go into any Shorthorn herd in any country. Eleven of the cows have calves at foot, two are due to calve in March, one in May, which will be sold with dams, all, with one exception, got by Scotchman, a noble son of Barmpton Hero. Catalogues will be cheerfully sent on application to Thos. Ballantyne & Son, Stratford, Ont.

Messrs. H. George & Sons, Crampton, Ont., write:—"Our herd of Improved Chester Whites and Tamworth swine are coming through winter in fine condition, having five sows farrow 8 strong pigs, and doing well; two of the litters are from full sisters to Chester Queen, the sweepstake sow over all breeds at Fat Stock Show, Guelph, of 1894; having also added to our herd a choice imported boar, T. S. King (from the noted herd of Messrs. S. H. Todd & Sons, of Wakarusa, Ohio), who won the lion's share of prizes given at the World's Fair, Chicago, in 1893. Sales have been remarkably good for such hard times, having several orders already booked for spring pigs. Our sales for the last few weeks are as follows: G. W. Glover, Nottawa, Ont., one boar and sow; David Rudy, Tavistock, Ont., one boar; F. A. Folger, Kingston, Ont., one boar; Thos. Beckton, Glenora, Ont., one sow; W. Y. Bell, Angus, Ont., one sow; Alex. McLean, Carleton Place, Ont., one boar and two sows; G. W. Calbrech, Augustine Cove, P. E. Island, one boar; W. E. O'Brien, Durham, Que., one boar; William A. Ross, Brucefield, Ont., one boar; J. H. Shaw, Simcoe, Ont., one sow; J. H. Chalk, Calton, Ont., one boar and sow; T. R. Lyons, Waterville, Nova Scotia, three sows; John Elliott, Derwent, Ont., one sow; H. A. Channel, Stanstead, Que., two boars and two sows; H. I. Gibson, Bowmanville, Ont., one sow; John McDiarmid, Lucknow, Ont., one sow; John Warrior, Owen Sound, Ont., one boar; D. B. Scott, Fergus, Ont., one sow; L. Burnett, Greenbank, Ont., one boar; John A. Hardy, Kent Bridge, Ont., two sows; George Paterson, Ingersoll, Ont., one boar; Adolphe Bellemare, St. Leon, Que., two boars; F. Foster, Ingersoll, one boar. We also have a grand lot of young fall boars and sows, that would make grand animals for exhibition at the fall fairs, yet for sale."

GERMAN COACH AND BELGIAN STALLIONS.

On a recent visit to Woodstock, the writer had the pleasure of inspecting six beautiful German Coach and two Belgian stallions, the property of Mr. A. B. Holbert, of Greely, Delaware County, Iowa, whose advertisement will be noticed in this issue. Mr. Holbert is one of the largest importers of high-class stallions in America, having imported as many as one hundred horses, of English, French, German, and Belgian breeds, in one season. At the home stable, in Iowa, there is always to be seen a fine assortment of Shire, Belgian, Clyde, Percheron, Cleveland Bay, German, French, and York-shire Coach horses. To those interested in the horse breeding industry of this country, a visit to Mr. Holbert's stables, in Woodstock, would be a treat which would amply repay them for the trouble. The German Coach stallion, Kaiser Frederick, a beautiful blood bay, foaled 1889 imported by Mr. Holbert, a horse with a grand stepping gait and thoroughbred appearance, which won for his owner two firsts at the Columbian Exposition; he possesses the three qualities so very essential in the marketable horse of to-day—size, quality and action. Mikado is a raven black in color, stands 16 hands high, and weighs 1,600 pounds; bred by Henning Dibern, a noted German breeder; foaled 1889. He is one of those sweet, even level, strong horses, with a pleasant disposition, that is universally loved and admired by all horse fanciers. He has the high, genteel step, of which the bloods of our cities are so proud. The Morgan type of his conformation gives one the impression that he should throw strong-constituted general purpose and road horses. This horse was winner of a 2nd and 3rd at the Columbian. Adam is a bright blood bay, standing 16 1/2 hands, weighs 1,450 pounds; bred by Marcus Franen, Germany; foaled 1888. This horse has been used in the German Government stud, and is a horse of much quality and style. In appearance he resembles an Arab, but has all the size of a Coacher. Muskant is another grand horse, a dark blood or mahogany bay, stands 16 1/2 hands, and will weigh 1,500 pounds; bred by Herm Dahme, Germany; foaled 1888. Muskant is a stallion of perfect coaching type, possessing grand style and action, grand conformation throughout, a beautiful head, and long, finely-arched neck; heavy-boned, very hard and flinty, with good feet and joints. This horse was a winner of a sixth place in his class, at Chicago. Affect is a grandly bred stallion; he was foaled in 1890; he stands 16 hands high, weighs 1,600 pounds; in color, a bright blood bay. This horse won 1st honor at Chicago. Amundus is a wonderfully good Coach horse, a dark brown, standing 16 hands high; foaled 1887; bred by C. Schoof, Holstein, Germany. This horse was sent out by the German Government to the Columbian Exposition, and was good enough to win second money in his class. Mr. Holbert also owns the sweepstake mare at the Columbian Exposition. The two Belgian stallions are grand individuals, heavy, deep-bodied horses, weighing some 2,000 pounds, good style and action, and should make a grand cross on heavy mares of the country. One of these horses won 1st at Columbian Exposition. These stallions are well worth inspection, and should be the means of producing the type so much in demand in this country.
