EPPE'S COCOA.

BREAKFAST.

"By a thorough knowledge of the natural laws
which govern the operations of digestion and
nutrition, and by a careful application of the fine
properties of well-selected Cocoa, Mr. Eppe has
provided our breakfast tables with a delicately
flavored beverage which may save us many
heavy doctors' bills. It is by the judicious use
of such articles of diet that a constitution may
be gradually built up until strong enough to re-
sist every tendency to disease. Hundreds of sub-
tle maladies are floating around us ready to at-
tack wherever there is a weak point. We may
escape many a fatal shaft by keeping ourselves
well fortified with pure blood and a properly
nourished frame."—Civil Service Gazette.
Made simply, with boiling water or milk. Sold
only in packets, by Grocers, labelled thus:

years, and are now proved to be a most decided

success. For an equal balanced pressure pro-
ducing an even pitch of tone, while for durability

certain of operation and economy, they cannot

be surpassed. Reliable references given to some

THE SEMI TONTINE RETURN PREMIUM

PLAN

Provides that should death occur prior to the

expiration of the Tontine period, the whole of

the premiums that may have been paid will be

payable with, and in addition to, the face

of the policy—thus securing a dividend of

100 per cent. on the premiums paid, should death

occur during said period.

THE COMMERCIAL PLAN.

The large number of business and professional

men who have taken out large policies on the

Company's Commercial Plan, show the demand

for reliable life insurance relieved of much of

the investment elements which constitutes the

over payments of the ordinary plans, but exists

among all classes of our people.
