EXPLODED!

It was a noiseless explosion, and came about gradually, but it exploded all the same. This is how it happened: Certain people got the idea (without having first proved its correctness) that because they couldn't buy as big an armful of "Sunlight" Soap for 25c. as they could of other soaps, that "Sunlight" was consequently dear.

This idea is now "exploded." It has been proved erroneous and misleading; and those who were once under that false impression now admit that there is in fact more real value, more pure Soap and less water, more saving of labor and less wear and injury to the clothes and hands, and more all-round satisfaction in using "Sunlight" Soap than in using any other Soap in the market.
