

No. 58. John Berryman, M. D., was a native of St. John, N. B., and was a leading practitioner in his profession in that city for many years prior to his death, which took place November 4th, 1900. The family is evidently of English origin, as the crest, the only one of the Berryman name mentioned in Fairbairns Crests of Great Britain and Ireland, Vol. I, p. 48, is similar to that used in the book-plate of

John Berryman M.D. the late Dr. Berryman, namely, a horse's head, erased, sa.

No. 59. Mr. George Edward Sears, formerly of New York, but now of Toronto, Ont., is a descendant of Thatcher Sears, U. E. Loyalist, who removed to St. John at the close of the American Revolution.

Thatcher Sears in turn was descended from Rev. Peter Thatcher, of New York. Thatcher Sears is stated by Sabine to have been the only Loyalist of the family. Much real estate is now owned by descendants in the city of St. John.

The writer is much indebted to Mr. George Edward Sears for old St. John papers, pamphlets of local interest and other interesting historical data. The book-plate here reproduced was designed for Mr. Sears in connection with a very valuable library, of which he was at one time the owner, and which he

disposed of for many thousands of dollars upon his removal from New York to Toronto.

DAVID RUSSELL JACK.

Geo. Edw. Sears.
