PUMPING ENGINE
and JACK combined
 Ready to attach to Pump

DESIGNED TO TAKE THE PLACE OF THE MAN AT THE PUMP

Anyone who watches this outfit pump water for 15 minutes will never again be willing to work the pump handle.

This arrangement has been devised to provide the easiest, quickest and most substantial way for connecting to "any old pump" which is already in the well. Everything is supplied for setting up complete, as shown, except the three stakes for driving in the ground. Anyone should be able to set it up and have it working in less than an hour.

It costs about One Cent an hour for fuel to run this engine. If your time is worth more than a cent an hour, you cannot afford to pump by hand. This engine is always right on the job ready to work faithfully whenever you say the word. A turn of the flywheel and it is off. A child can operate it.

There is also a gaffey to be used in running a cream separator, churn, washing machine, grindstone and other light machinery. Write for further particulars.

THE LEADER FENCE
 GIVES LASTING SERVICE

BECAUSE it is built right—every inch, from the ground up. Built of hard steel wire with the LEADER double grip lock. Look at the illustration. A mighty strong double grip lock and galvanized according to our own specifications. It is built to withstand the severe extremes of the Canadian climate. It is built as solid as a wire fence could be and is the cheapest in the long run. You cannot get more value for your money. If you pay less than the LEADER price you certainly don't get anything like LEADER quality.

We manufacture many designs of LEADER woven fence, both in stand ard, heavy and medium weight.

We also manufacture the old reliable Anchor field erected fence, coiled spring wire, lawn fencing and gates, etc.

For the best fences made for horses, cattle, hogs, etc., write today for catalogue G.

Standard Wire Fence

In the "Standard" Wire Fence, you get the durability that comes with strength. Made of all No. 9 Hard Steel Wire, well galvanized—which means no rust and long wear.

"The Tie That Binds" looks on the running wire and locks smooth on both sides.

Then—there's the Standard Steel Fence Posts that hold the wire without staples—won't rot and are very durable.

We make a specialty of Galvanized Gates, too. Our new locks are shock full of heavy bolts. Write for the complete and complete lock.
