

WATERY BLOOD IN THE SPRING

How to Get New Health and New Strength at This Season

Even the most robust find the winter months trying to their health. Confinement indoors, often in overheated and nearly always badly ventilated rooms—in the house, the office, the shops and the school—taxes the vitality of even the strongest. The blood becomes thin and watery or clogged with impurities. Some people have headaches and a feeling of languor; others are low spirited and nervous; still others have pimples and skin eruptions; while some get up in the morning feeling just as tired as when they went to bed. These are all spring symptoms that the blood is out of order, and that a medicine is needed. Many people rush to purgative medicines in the spring. This is a mistake. You cannot cure these troubles with a medicine that gallops through your system and leaves you weaker still. What you need to give up health and strength in the spring is a tonic medicine that will enrich the blood and soothe the jangled nerves, and the one always reliable tonic and blood-builder is Dr. Williams' Pink Pills. These Pills not only banish spring weaknesses and ills, but guard you against the more serious ailments that follow, such as anaemia, nervous debility, indigestion, rheumatism and other diseases due to bad blood. Dr. Williams' Pink Pills actually make new, rich, red blood, which strengthens every nerve, every organ and every part of the body, and makes weak, ailing people bright, happy and strong. Mrs. Jas. McDonald, Harcourt, N. B., says: "In my opinion Dr. Williams' Pink Pills do all that is claimed for them. My system was run down, and I was so weak I could hardly do my work, and taking care of my baby added to my difficulties. I used a few boxes of Dr. Williams' Pink Pills and they made me feel like my own self. I very cheerfully recommend the Pills to all who are weak or ailing."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

DANGER IN CLEANLINESS.

Odd Opinion of Distinguished London Physician.

Somewhat novel views of the subject of bacteriology and hygiene were advanced by Sir Albroth Wright, M.D., F.R.S., in an address recently.

There was a belief, he said, that by washing, people washed off microbes. We did take off a certain amount of microbes, but we also destroyed the protective skin, which was all around our bodies, like the tiles of a house. If one had a skin like a tortoise, microbes would never get through. To have a turkish bath was to take away one's skin protection.

A great deal of washing increases the microbes of the skin, he declared, so he did not think cleanliness was to be recommended as a hygienic method.

With regard to the belief that in cases of consumption, fresh air would make things right, he asked why it was this principle only applied to tubercular disease. He held it to be dreadful superstition. The whole doctrine of fresh air required to be revised.

Rich people, he asserted, surrounded themselves with all sorts of luxury, and took absolutely no interest in getting rid of the microbes that surrounded them. He had been in consultation with twenty-one doctors around a rich man's bed, and none of them knew anything about him.

MEANT WELL.

The old folks had had three days together. "You have a pretty place here, John," remarked the guest on the morning of his departure. "But it looks a bit bare yet." "Oh, that's because the trees are so young," answered the host comfortably. "I hope they'll have grown to a good size before you come again."

CURED OF LAME BACK WHEN 84.

Mr. Samuel Martin, of Strathroy, Ont., passed twenty years of his life in misery, suffering tortures from lame back. He tried nearly all advertised remedies and household recipes, but received no benefit from any of them. Some months ago, seeing Gig Pills advertised, Mr. Martin purchased a box. The relief which Mr. Martin experienced after he had taken one box, was so great that he knew he had found the right remedy at last. He used two more boxes and is now completely cured. 50c a box, 6 for \$2.50. All dealers. Free sample if you write National Drug and Chemical Co., (Dept. W.L.), Toronto.

SOURCE OF THE RED CROSS.

Dunant, "The Gentleman in White," Conceived the Idea.

During the Italian War of 1859, young Juan Dunant was travelling in that country. After the battle of Solferino, he visited the field, and, seeing the terrible sufferings of the wounded soldiers who lay around untended, he, with the assistance of several peasant women, formed an ambulance service, with its headquarters in a little church at Castiglione. He helped with his own hands to bind up the wounds of Frenchmen, Italians and Austrians alike. "They are all brothers," he said. "A wounded enemy is an enemy no longer." And he and his corps of helpers brought water and medicine and smoothed the pallets of straw, and cheered the unfortunates, and closed the eyes of the dead, and performed the last kind offices for the dying. Dunant was regarded by the hundreds of wounded as a miracle of goodness—little less than an angel. "The gentleman in white" was the way in which the officers spoke of him, as he moved around among the sick, his light clothing making him conspicuous on the field. His experiences at Solferino, where he saw that the willing hands of a few untrained helpers actually saved many lives, and comforted hundreds of others, inspired him with the grand idea of an organization—the Red Cross.

BAGDAD FROM A DISTANCE.

Oriental City Looks Its Best From Afar.

Those of us who can think of Bagdad only as the magnificent city of Haroun-al-Raschid can hardly be expected to welcome the new international railway scheme. Let Bagdad remain forever inaccessible, except in dreams. But should the worst happen to Bagdad and the tomb of Zobeide become the shrine of British tourists the old city will have to undergo a few repairs. For it is safe from neither plague nor food. In one of the disasters of the last century the plague carried off 4,000 people daily for many days, and jealous Tigris overflowed its banks and destroyed several thousand houses and drowning 15,000 people. Like most Oriental cities, Bagdad looks her best from a distance. You miss the filthy, narrow streets, where two horses can hardly walk abreast, and behold a vision of luxuriant date groves, out of which rise little islands of green domes and graceful minarets. In the days of its splendor the East India Company maintained in the ancient city of the Caliphs a Resident, with a generous establishment; nowadays we are content with the usual modest Consular service.—London Chronicle.

NEVER BE WITOUT BABY'S OWN TABLETS

Mothers, if you wish to guard the health of your little ones against the sudden outbreaks of those ailments peculiar to childhood, always keep a supply of Baby's Own Tablets on hand. These Tablets never fail to relieve baby of distressing stomach aches, pains caused by difficult teething and the many other little troubles that make baby's life miserable. The Tablets are sold under the guarantee of a government analyst to contain not one particle of opiate or other injurious drug and they may be given to the youngest baby with perfect safety. Concerning them Mrs. Hypolite Chiasson, Eastern Harbour, N. S., writes:—"We have used Baby's Own Tablets for our baby and they have done her much good. Please send us two more boxes as I find them the only medicine that helps our little one." The Tablets are sold by medicine dealers or at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

"Your own baby, if you have one," advertised the enterprising photographer, "can be enlarged, tinted and framed for \$9.75 per dozen."

A man entered a confectioner's shop and called for a lemonade. He drank it, and was about to walk out, when the landlord stopped him.

"Here, sir," he cried, "you haven't paid for that drink you had."

"What's that you say?" asked the customer.

"I said you haven't paid for that lemonade."

"Did you pay for it?"

"Certainly I did!"

"Well, then, what's the good of both of us paying for it?"

JUST ONE WOMAN IN THOUSANDS

WHO CAN SAY "DODD'S KIDNEY PILLS MADE ME WELL!"

Mrs. Louis Delorme who was always tired and nervous and suffered from Backache, tells how she found a cure.

St. Rose du Lac, Man., April 3 (Special)—The story of Mrs. Louis Delorme, a well known and highly respected resident of this place, is identical with that of thousands of other women in Canada. It is all the more interesting on that account. She was tired, nervous and worn out. Dodd's Kidney Pills cured her.

"I suffered for five years from backache and too frequent urination, which destroyed my sleep," Mrs. Delorme states. "My head would ache, and I was always tired and nervous. My limbs were heavy, and I had a dragging sensation across the loins. Dodd's Kidney Pills made me well. I used in all ten boxes, but they fixed me up."

Thousands of other Canadian women who have not used Dodd's Kidney Pills are in just the condition Mrs. Delorme was in before she used them. Thousands of others who were in that condition and who used Dodd's Kidney Pills, are now well and strong.

We learn from the experiences of others, and those experiences teach us that the weary and worn women of Canada can find relief in Dodd's Kidney Pills.

KING AND SPORT.

Has No Hankering After Reputation of Being a Sporting Man.

Although King George intends to bestow his formal encouragement upon the social aspect of the Turf, it is an open secret at the Court that he does not mean to elevate the sport of horse-racing to a supreme place in his personal interests. King George is a firm believer in physical recreations for the nation at large. He desires to make it clear that, so far as he is concerned, personal effort in recreation deserves a higher place in the estimation of the people than mere attendance at spectacular sports. He is very proud—and does not hesitate to say so to his intimates—of the title of "sportsman," but he has no hankering after the reputation of being a "sporting man." While, therefore, he will go down to Epsom for the summer meeting, and drive from Windsor to Ascot in traditional state, King George intends to give every special encouragement to other forms of sport as opportunity serves.

THE HOMEMAKER.

"You say you once had a home?" "Dat's what I had," answered Plodding Pete.

"Why didn't you do something to make your folks comfortable and happy?"

"I did. I left."

They are the leading liver pills and they have no superiors among such preparations.

Requisite on the Farm.—Every farmer and stock-raiser should keep a supply of Dr. Thomas' Electric Oil on hand, not only as a ready remedy for ills in the family, but because it is a horse and cattle medicine of great potency. CUTTING!

Private Doolan, the regimental barber, was well known for his carelessness. One day, while shaving Pat Dougherty, he had the misfortune to cut his patron's cheek several times.

Pat took all these gashes in grave silence, but when the shave was over he walked over to his water-bottle, which he had filled with water, took a mouthful, and, with compressed lips, proceeded to shake his head from side to side.

"What's the matter? You ain't got the toothache?" asked the barber.

"Whist! I was only trying if my mouth would hold water without leaking!" replied Pat.

BABIES SORES

Every mother should realize that the skin of her baby is so tender that the secretions of the body often lead to rashes, eruptions, etc., all of which may be removed by Zam-Buk and the use of Zam-Buk Soap. Scores of restless crying babies, upon examination, are found to be suffering from some form of skin irritation or "heat." Use Zam-Buk Soap for the bath and apply Zam-Buk Balm to the sores, and the trouble will soon vanish.

Mrs. L. Hood, of 475 Alexander Ave., Winnipeg, says: "Some nasty sores broke out around my baby's mouth, and despite all the preparations used, they refused to heal. I took him to St. Boniface Hospital and he remained there for two weeks. At the end of that time he was no better, and we decided to try Zam-Buk and obtained a supply. The effect of the first few applications was very gratifying and I continued with the use of the balm. A little perseverance resulted in a complete cure."

Zam-Buk Soap is sold by all Druggists at 25c per tablet and Zam-Buk Balm at 50c per box. The Zam-Buk treatment quickly cures eczema, ulcers, sores, ringworm, eruptions, pimples, heat rashes, piles, cuts, burns and all skin injuries and diseases.
