

Two Dollars a Year

WORK AT SNOWSHOE

THE MINE TO BE PROVIDED WITH SEVERAL NEW BUILDINGS.

SILVER HILL TRAMWAY—BURNT BASIN AND TULAMEEN NOTES.

A. J. McMillan and J. W. Astley returned on Friday from a visit to the Snowshoe mine at Phoenix, where they have been for some time busy engaged in preparing plans for further extensions and development. It is intended to erect immediately a number of new buildings, including a large boarding-house and bunk house, a new office and one or two private residences. Plans and specifications are being prepared for this, and it is expected that construction will be started almost immediately. It is understood that the Snowshoe mine is showing up exceedingly well. The C. P. R. is building a large spur into the property in order to provide accommodation for the necessary ore cars to connect the Snowshoe company to make regular shipments to the smelter.

AT THE SILVER HILL.

The construction of the Silver Hill tramway is to be commenced at once. Byron C. Riblet, the Nelson tramway builder, was in the city yesterday and concluded arrangements with the London-Richelieu company for the commencement of the work. No time is to be lost in getting construction actually under way, and as all the plans and surveys have been completed it will only be a matter of a day or two before the construction gang will be hard at work. The tramway is to be completed within 90 days, and the company intends to ship extensively to the Trail smelter during the approaching winter.

THE TULAMEEN COUNTRY.

Charles Connell, the veteran prospector, returned yesterday from a six weeks' trip to the Tulameen country. He is interested in the Summit camp, on Setter creek, and states that it does this summer. Mr. Connell expresses the opinion that in all his experience in the mining sections of New Mexico, Old Mexico, Colorado, Arizona, Wyoming, Montana and the Kootenays, he has never seen a camp of whose future he is more assured than Summit camp. The great drawback to the section is the lack of transportation facilities. The government made an appropriation for a trail from the mouth of Setter creek to Summit, but the work was never gone on with, much to the disgust of the prospectors interested in the section. They believe, however, that the proposed railroad through the Hope mountains will eventually afford them facilities for bringing their ore to market and are retaining their interests in the hope that this will be realized at no late date. Mr. Connell owns a group of three claims in the camp, the Imperial, Empress and Celtic Chief. On the Celtic chief and Celtic there is an 18 foot vein carrying three feet of clean shipping ore with a wide vein of ore with 18 inches of shipping quality. A number of other claims are being worked in the camp, and on all excellent showings are obtained.

THE BIG FOUR.

During the week closing yesterday work was started in both tunnels at the Big Four. Operations are progressing smoothly and the property is looking well.

INI BURNT BASIN.

Mike Shick, the "mayor of Burnt Basin," is in the city on a business trip. He has with him a large quantity of ore samples from his properties in that section, and is confident that the district is exceptionally active. On his own properties, the Copper Bell and Mother Lode, work is progressing in good style, and the Mother Lode will ship extensively over the trail this winter. At the Copper Bell the work has been confined largely to the surface, and a good showing has been obtained. The long crossing cut on the Tammany is going well, and a number of fine stringers of ore have been encountered, indicating that the main ledge is close at hand.

KASLO ORES.

True Blue Shows Up Well—Several Finds Reported.

Work is being prosecuted steadily at the True Blue on the mountain back of Kaslo. A depth of 140 feet has been attained at which point the ledge is nine feet wide. The paystreak of clean ore is 16 to 18 inches wide and assays 23 per cent copper. The remaining portion of the ledge is being tested together with some of the copper. Last year's snow is still lying in that vicinity and the morning they left four inches of snow fell. Kaslo Kootenayan.

THE CASCADE MINE SUITS FOR DAMAGES

PROSPECTS IMPROVE AS WORK OF DEVELOPMENT GOES ON.

CONDITIONS ARE REPORTED FAVORABLE IN FISH CREEK CAMP.

Eugene Crotean returned from the Cascade mine on Saturday and reports things as looking very favorable. The ore dump is increasing and the vein is getting wider and richer at every shot. He brought some very fine samples back with him. He thinks they have one of the best things in the country, and never saw a mine look more promising at this stage than the Cascade is. Work was started on the Bonanza No. 2 last week. This property was bonded by E. W. Thomas of Philadelphia. Work will also start this week on the Alice L. group, with M. E. Purcell in charge. This property is also bonded by E. W. Thomas. These properties adjoin the Cascade.

OUTPUT INCREASES

PRODUCTION IN THE JOSIE MINE SENDS THE FIGURES UPWARD.

SUBSTANTIAL ADDITIONS TO THE FORCE AND THE SHIPMENTS.

The ore shipments for the week ending last night indicate a very creditable increase over the previous week's tonnage, and demonstrates beyond the shadow of a doubt that the Le Roi mines are being operated on a strictly commercial basis and that the mining operations are being conducted with unqualified success. The production of ore during the week has been from the Josie mine exclusively, and the record indicates that the output of the property is many tons more than was ever reached under former conditions. This week the Iron Mask and Snowshoe will open bids for 70 men, a boarding house, an office building, a seven-room manager's residence and one bin. The improvements will cost several thousand dollars.—Phoenix Pioneer.

THE GEISER CASES.

Conviction and Fine by the Police Magistrate.

The decision in the cases brought against Albert Geiser, of Baker City, Oregon, for a breach of the Alien Labor Act in being instrumental in inducing one Stevenson and one Andrew to come to Rosland under contract to perform certain work here, was given at yesterday's session of the police court. Magistrate Bouthier decided that both cases had been established by the prosecution, and imposed a fine of \$500 in the Stevenson case and \$50 in the Andrew case.

The result of the Geiser cases does not affect the mining companies in the slightest degree, nor does it interfere in any way with the actions of men who apply for work on the company's premises in Rosland. These points should be borne in mind.

When court assembled yesterday, and the magistrate intimated his intention of giving judgment in the cases, T. Mayne Daly, K.C., on behalf of the defendant, contended that in view of the fact that His Worship had proceeded to hear the Andrew case without first having adjudicated on the Stevenson case, he had no further jurisdiction to further proceed in the matter, and that the only way to do under the circumstances was to dismiss the actions. In support of his contention Mr. Daly quoted the decision of the supreme court of Nova Scotia in Regina vs. McBurney, reported in Three Canadian Criminal Cases, page 338, and also the English case of Hamilton vs. Walker (1892) 2 K. B. 25. In these cases it was held that if a defendant was being tried for a crime, and the justice must dispose of the first case tried before entering upon the other.

The magistrate said he had his judgment prepared, and that as the defendant could move to quash any conviction he would rather leave him to that remedy than to deal with the question raised by Mr. Daly. He then proceeded to read a lengthy judgment, the conclusion being that the defendant was found guilty on both charges. The magistrate devoted considerable attention to the question of his jurisdiction and the validity of the order conferring upon him the power to try the cases. The inference to be drawn from his comment on the point in question was certainly that he was in some doubt as to his status in connection with the entire investigation.

Mr. Daly on behalf of the defendant gave notice of proceedings by writ of certiorari to quash the convictions.

DENVER, Sept. 17.—A special to the News from Glenwood Springs, Col., says that an explosion occurred in a mine of the Colorado Fuel and Iron company at Spring Gulch yesterday afternoon which resulted in at least six being killed and three injured. The following casualties are known to have occurred: The killed: John Andrew, George Caspinger, Peter Delgora, David Collier, G. P. Pickerton, unknown Italian. The injured: J. H. Dickerson, slightly burned; William Reid, slightly burned; Joseph Peter, leg broken.

THE LE ROI COMPANY AND THE CENTRE STAR ENTER ACTIONS.

VARIOUS UNIONS AND INDIVIDUALS NAMED IN THE WRITS.

Yesterday two more civil actions were commenced by the companies operating the big mines against the Rosland Miners' Union, the Western Federation of Miners and various officials of both organizations. Up to this point the actions are along similar lines to those commenced a few days ago, but an addition is made by joining the Blacksmiths' and Helpers' Union and the Carpenters' Union.

In the previous action the Rosland Great Western Mines, Limited, appeared as plaintiffs. Yesterday the Le Roi Mining Company, Limited, commenced action against Rosland Miners' Union No. 33, Western Federation of Miners, the Western Federation of Miners, the Rosland branch, the Carpenters' and Joiners' Union No. 1, the Blacksmiths' and Helpers' Union of Rosland, F. E. Woodside, Rupert Bulmer, W. L. McDonald, P. R. McDonald, Walter Preston, Angus McDonald, E. C. Rose, James Twaddle, Roderick Fraser, Albert Houston, William O'Brien, John Strange, B. F. Bradshaw, John McLaren, W. H. Creitz, Arthur Ferris, T. M. Beamish, Robert Inches, R. S. Lyon, J. H. McDonald, E. King and J. M. Johnson, all of the city of Rosland, and James Wilks of Nelson. The plaintiffs claim is for \$300,000 damages for unlawfully and maliciously procuring certain persons who had entered into contracts with the plaintiffs to break such contracts and for maliciously conspiring to induce certain persons not to enter into contracts with the plaintiffs, by reason whereof the plaintiffs sustained damage, and for unlawfully and wrongfully intimidating the said persons and coercing them to break their contracts with the plaintiffs and not to enter into other contracts with the plaintiffs and coercing them to leave the service of their employers to the injury of the plaintiffs, and for unlawfully conspiring together and with certain other persons to do the acts aforesaid with intent to injure the plaintiffs, by reason of all which the plaintiffs sustained damage.

The Centre Star Mining Company, Limited, has also taken steps to recover damages from the unions by issuing a writ against the following defendants: The Rosland Miners' Union No. 33, W. L. McDonald, F. M. Repert Bulmer, W. L. McDonald, Frank Woodside, James Wilks, the Carpenters' and Joiners' Union No. 1 of Rosland, Peter R. McDonald, B. F. Bradshaw, John McLaren, W. H. Creitz, W. E. Wooley, Arthur Ferris, T. M. Beamish, Robert Inches, R. S. Lyon, Alexander Constantine, Neil McLaren, the Blacksmiths' and Helpers' Union, the Rosland Co-operative Association Limited, and the Western Federation of Miners, Rosland branch. The plaintiffs claim is for \$300,000 damages for unlawfully and maliciously procuring certain persons who had entered into contracts with the plaintiffs to break such contracts and for maliciously conspiring to induce certain persons not to enter into contracts with the plaintiffs, by reason whereof the plaintiffs sustained damage, and for unlawfully and wrongfully intimidating the said persons and coercing them to break their contracts with the plaintiffs and not to enter into other contracts with the plaintiffs and coercing them to leave the service of their employers to the injury of the plaintiffs, and for unlawfully conspiring together and with certain other persons to do the acts aforesaid with intent to injure the plaintiffs, by reason of all which the plaintiffs sustained damage.

The decision in the cases brought against Albert Geiser, of Baker City, Oregon, for a breach of the Alien Labor Act in being instrumental in inducing one Stevenson and one Andrew to come to Rosland under contract to perform certain work here, was given at yesterday's session of the police court. Magistrate Bouthier decided that both cases had been established by the prosecution, and imposed a fine of \$500 in the Stevenson case and \$50 in the Andrew case.

The result of the Geiser cases does not affect the mining companies in the slightest degree, nor does it interfere in any way with the actions of men who apply for work on the company's premises in Rosland. These points should be borne in mind.

When court assembled yesterday, and the magistrate intimated his intention of giving judgment in the cases, T. Mayne Daly, K.C., on behalf of the defendant, contended that in view of the fact that His Worship had proceeded to hear the Andrew case without first having adjudicated on the Stevenson case, he had no further jurisdiction to further proceed in the matter, and that the only way to do under the circumstances was to dismiss the actions. In support of his contention Mr. Daly quoted the decision of the supreme court of Nova Scotia in Regina vs. McBurney, reported in Three Canadian Criminal Cases, page 338, and also the English case of Hamilton vs. Walker (1892) 2 K. B. 25. In these cases it was held that if a defendant was being tried for a crime, and the justice must dispose of the first case tried before entering upon the other.

The magistrate said he had his judgment prepared, and that as the defendant could move to quash any conviction he would rather leave him to that remedy than to deal with the question raised by Mr. Daly. He then proceeded to read a lengthy judgment, the conclusion being that the defendant was found guilty on both charges. The magistrate devoted considerable attention to the question of his jurisdiction and the validity of the order conferring upon him the power to try the cases. The inference to be drawn from his comment on the point in question was certainly that he was in some doubt as to his status in connection with the entire investigation.

Mr. Daly on behalf of the defendant gave notice of proceedings by writ of certiorari to quash the convictions.

LARDEAU MINES.

SOME VERY RICH ORE TAKEN FROM THE LEDGES.

W. B. Pool has some excellent specimens of free-milling gold quartz, taken out of the lower workings on the Lade group last Sunday. A vest pocket shipment would be acceptable at this office. The pure gold visible actually holds the quartz together when broken.

As announced in the Eagle last week Frank Fullmer has secured a bond on his co-partners' interests, two-thirds, in the Beatrice mine on the summit at the head of Goat creek. Mr. Fullmer is now having cabins built and supplies taken in and expects to make regular shipments of ore during the winter. At present the property will be worked from the Fish creek slope, but as soon as advisable Mr. Fullmer intends to drive a long tunnel from this side, after which the ore will be rawhided down Goat creek to Ferguson and then hauled to Trout lake for water and rail shipment.

Andrew Ferguson came down from the Triune mine on Tuesday evening. He reports they have just broken into a foot of solid ore, specimens of which contain lots of grey copper. This is at a depth of about 167 feet. They intend to drive 10 feet more on the ore, when they will raise to the upper workings and block out ore. The ore below is good for \$300 net to the ton, and though the carbonates are scarce, there is the same kind of iron as found in the Silver Cup which runs some \$30 to \$40 in gold. Assays are being obtained from S. Shannon, E.A. Encouraged by such success the Ferguson brothers have all but decided to start a long base tunnel some 300 feet below No. 3, which would enable them to work the property all winter and acquire a great depth.—Lardeau Eagle.

OPENING THE MINES

ACCOMMODATION REQUIRED FOR THE MEN TO BE EMPLOYED.

STEPS TAKEN TO ASCERTAIN WHETHER IT CAN BE SECURED.

A representative of the Miner interviewed the manager of the Le Roi concerning the advertisement for hotel accommodations appearing elsewhere in this issue. Mr. MacDonald stated that the Le Roi hotel only had accommodations for about 250 men, and that when the mine was running full blast an accommodation would be required for about 700 men, not including those employed in the mines of the Le Roi No. 2 and Rosland Great Western companies.

"Since it is intended to open up these mines to their full capacity at an early date, hotel accommodations must be provided for the employees. I am taking these steps to ascertain what can be accomplished upon this purpose in advance of actual needs so that the company may be prepared to make provision for any deficiency there may exist. It is recognized that under ordinary conditions there is that under accommodation for all the simple hotel accommodations must be provided for the employees. I am taking these steps to ascertain what can be accomplished upon this purpose in advance of actual needs so that the company may be prepared to make provision for any deficiency there may exist.
