#### One Form of Vanity

By RUTH CAMERON

VANITY is a vice, or perhaps I should say a failing, that shows itself in a great many ways. Sometimes it appears frankly in its own proper form, and then again it puts on some more successful disguise. False humility is one of these disguises. Jealousy is sometimes another. Self-consciousness is another. But the disguise I want to speak about to-day is an unwillingness to appear in any part in which one cannot hold the centre of the stage.

Perhaps I should hardly call it a disguise, at all, because to the eye that understands it is such a palpable form of vanity.

A friend of mine was at a summer resort last year where tennis was the favorite game. Every one played, especially the double game. My friend played a fair beginner's game, and was promising herself a good deal of pleasure playing doubles during the week her fiance should be with her. She knew he had not played much, but a good many of the players were beginners, and she felt sure he would nick it up easily. When her fiance came, he played one game and then refused to play again. Not because he didn't like it or wasn't progressing well, but simply because he couldn't at once play so well as the crack players.

He couldn't bear to be surpassed even by men who had been playing for years, and so he refused to enter the lists at all.

Can you beat that for absurd and childish wanity? And yet I don't doubt that he would be most indignant if anyone accused him of vanity. He would probably line man is an expert swimmer. He has the men who outplayed him at tennis. One would think that superiority himself inferior in other sports. But he was like a spoiled child that won't play unless he can have his way all the time.

I hope few of us are so childishly vain as this, but I know that many of us have some touch of this weakness.

We hate beginnings, we are loath to try to acquire skill in any new direction. If we have a talent in any one line we are apt to cultivate that always complacently doing that which we do easily and well.

All this is not good for the
