RECORD CROWDS AT EXHIBITION

Attendance Was Well Over a Million in Twelve Day Period.

TORONTO, Sept. 8.— The Canadian National Exhibition has realized its ambition and reached the million mark. In fact not only reached it, but come out ahead with a good margin, Torontonians evidently having decided to make assurance doubly sure. As a result, with official figures for the last day of 125,000, the grand total for the two weeks was 1,009,000, and the Exhibition directorate and the press, when the news that the goal of so much striving had been reached, sat back with a satisfied feeling that the efforts of the last two weeks had not been in vain.

Enterprise of the Independent Order of Foresters.

Yes! A Million, A Million, A Million! has been the watchword of the President, Directors and all who are interested in Canada's Greatest Exhibition. This no doubt has been heralded from sea to sea, and will be a great advertisement for Toronto and Canada throughout the country of our neighbors to the south of us and the British Empire.

This is something worth achieving, but in our praises of this accomplishment, let us not forget that years ago, when the Fair was but a little more than a local institution, there was another organization that was not only bringing Toronto and Canada to the attention of the world, but was conferring great blessings on humanity into whatever land it entered.

This organization is known as the Independent Order of Foresters, and there is hardly a part of the civilized climes of the world that it has not entered, and its pathway is easily discernible by the munificent benefits it has conferred in the true spirit of brotherhood.

It has a record of thirty-eight years and can boast to-day of a membership of 250,000. During these years it has distributed in benefits to the widows and orphans over $48,000,000, and now has a reserve fund of nearly $22,000,000.

Can anyone imagine the immeasurable suffering this fraternal organization has prevented and the joy it has brought to the thousands of homes where hardships and gloom would otherwise have prevailed, had it not been for the timely aid rendered by the Independent Order of Foresters.

The Supreme Court has just closed its session, and the amended constitution, as it now stands, makes the Independent Order of Foresters one of the soundest, safest and most reliable of all fraternal insurance societies in the world.

It stands to-day as one of the greatest munificent forces on this continent, and not only provides insurance, but it is also caring for all orphans of deceased Foresters who cannot care for themselves. It has in its orphanage, including a number of those cared for in their own homes, nearly eight hundred children, who are being educated and fitted for the battle of life.

Another feature of this work is the care free of charge of members affected with tuberculosis. This organization is fighting the white plague among its members by the establishment of sanitariums in the Adirondacks and on the Pacific coast. This is indeed, brotherhood work in earnest.

The enterprise shown at their beautiful tent in Society Row during this year's Exhibition is but another instance of the thoughtfulness for their members and the public generally, for here it was that thousands rested and enjoyed the lake breezes, besides learning something of a great blessing distributing force that has brought Toronto and Canada to the forefront in the eyes of the world.

Mr. George A. Mitchell, Assistant Supreme Chief Ranger of Toronto, and his assistants are to be congratulated upon the success of their hospitality and provision made at this year's Fair for the thousands of visitors who called at their tent.

Mrs. Pankhurst To Be Detained

WASHINGTON, Sept. 8—Before Mrs. Emmeline Pankhurst, leader of the British militant suffragettes can be admitted to the United States in October, the time set in the latest announcement for her coming, the immigration authorities will decide whether any of the acts for which she has been imprisoned in England constitute moral turpitude within the meaning of the law and make her undesirable alien.

She will be detained at whatever port she lands but whether, eventually she may be be permitted to enter, cannot be foretold.

Cause of Fire At Echo Place

Spontaneous combustion from a manure pile is given as the cause of the fire which destroyed the barns of Mr. George Basket at Echo Place to-day. The tramp theory is discarded The loss included all this season's crops, 100 bushels of wheat in bags, 15 tons of hay, 200 bushels of oats, also implements, buggies and harness. No insurance was held.
