

THE TURKS ON THE RUN IN PALESTINE

Believes Kerensky Can Yet Save Russia From Menace That Now Threatens Her

The Great Majority of the People of Russia Have No Regard for the Radical Element that Has Obtained Control of the Capital of the Empire.

(Special by The Daily Gleaner's leased wire.)
New York, Nov. 9.—If Kerensky succeeds in getting away from Petrograd and Moscow, I firmly believe he will be able to carry enough of the army with him to keep up a semblance of war, and that is the best we can expect of Russia at this time.

There will be civil war in Russia, aside perhaps from some street fighting in Petrograd. There are two kinds of soldiers in Russia, those who want to fight and those who don't, and it is just as hard to get the latter to fight the former as it is to get them to fight Germans.

The Czar mobilized too many men. He put 10,000,000 in uniform. The great problem facing Kerensky in October was how to get some of these men back to their homes.

Every time there is a change in the government in Petrograd the geographic region over which the incoming Government has control is reduced, until now the new alleged Government which has replaced Kerensky is governing Petrograd alone.

WM. G. SHEPHERD.
Dwelling of Traitors.

Paris, Nov. 9.—"Those who thought the Russian revolution had been finished made a mistake," said M. Maklakof, the Russian ambassador, in an interview which appears in the Petit Parisien. "Alas, now the blood of the people will flow again in the streets of Petrograd."

"But however the advent to power of the Maximalists can only be a momentary success. In my opinion it is the supreme effort of the Maximalists. This desperate attempt, this last throw, can be only the signal for their downfall, and organization of the people in a national and patriotic sense, which is bound to secure victory against enemies within and without."

"Russia as a whole is about to rally round a national Government and fight for its rampart of flesh and blood. A radical surgical operation was perhaps necessary after the misadventure caused by General Korniloff's move in order to assure the salvation of imperial Russia."

Arrest of Ministers.

Petrograd, Nov. 9.—Information was obtained tonight that the former ministers of the provisional Government who were arrested by the military revolutionary committee have been incarcerated in the Fortress of St. Peter and St. Paul.

The confirmation was given by the commissioner in command of the fortress, who received the Associated Press correspondent and personally explained to him the details regarding the confinement of the ministers. The cabinet members, he said, were all arrested at the Winter Palace after its surrender early yesterday morning. They were taken from the fortress and they were placed in solitary confinement but were courteously treated. He gave the list of those taken into custody as follows:

M. Maslov, Minister of Agriculture; M. I. Terechenko, Minister of Foreign Affairs; M. Nikitin, Minister of the Interior; M. Ljubevsky, Minister of Ways and Communication; M. Bernatsky, Minister of Finance; M. Smoloff, State Controller; M. Malynovitch, Minister of Justice; M. Gvozdev, Minister of Labor; A. I. Kovonogoff, Minister of Trade and Industries; Admiral Voroshilov, Minister of Marine; M. Kishkin, Minister of Public Welfare; M. Nankovskiy, who succeeded General Verkhovsky as Minister of War; M. Tschakoff, Minister of the Ecclesiastical Council. In addition Chief of Staff Bagratuni and many of his subordinates were arrested.

The commissioner said he did not know the whereabouts of Premier Kerensky, who had "run away."

It is impossible at this hour to ascertain what the casualties were in the

The move was stated by the Kulan Cossacks in proclaiming a republic among the Russian confederation.

DESCRIPTION OF

HUN SPEED BOAT

(By special cable and leased wire to The Daily Gleaner.)

Paris, Nov. 9.—A description of the German "electrically controlled" high speed boat "sunk off the Belgian coast last Saturday is at hand. In general appearance the vessel resembles a fast raiding motorboat, its dimensions also being similar. Its speed is thirty-five knots and it is controlled by the shifting of electric current conveyed by wires connecting it with the shore. There is nobody aboard the craft but a hydro-airplane hovering just above it directs its progress by wireless messages to the shore station. Just how it was put out of business nobody is permitted to say. The boat was loaded with an explosive which was supposed to explode when it rammed against a British or a French warship.

IS BUCKLEY TRYING TO DOUBLE CROSS JOHN MORRISSY?

The Game of Politics as Playing in Northumberland County.

TO DO W. S. LOGGIE OUT OF LIBERAL NOMINATION

If Possible is the Efforts of the Supporters of Sir Wilfrid Laurier.

Newcastle, Nov. 9.—Is Buckley going to give Morrissey the double cross is a question that is much asked in Northumberland today. For weeks past Mr. J. D. Buckley and C. J. Morrissey have been busy fixing the Liberal parish convention, selecting delegates to suit their purpose with the idea of doing W. S. Loggie out of the Liberal nomination. They have been so successful, it is reported that Mr. Buckley is so pleased with the result that he is endeavoring to have the delegates to the convention selected from a list of names which he has prepared. It is a foregone conclusion now that Mr. Loggie will not get the (so-called) Liberal nomination. At Newcastle this week delegates favorable to the Morrissey-Buckley element were selected by a packed gathering as has also been the case at several other points. The selection of delegates at Nelson was certainly done under a new device. A meeting had been called for Monday night at 8 o'clock, but knowing the influence of Hon. John P. Burchill in that parish, and that he was against the deal to oust Loggie, a few of the faithful decided to take time by the forelock and held their meeting at 4 p. m. and selected the delegates they wished and the meeting had been called for 8 o'clock did not materialize, for there was nothing to do.

But to get back to the double cross, it is Buckley trying to double cross Morrissey for the nomination? It looks that way now, as delegates who were elected to support Morrissey are reported to have been worked and asked to vote for Buckley in convention.

French Official

Statement Today

Paris, Nov. 9.—The War Office gave out the following statement today:

"We carried out with success last night surprise attacks in the Argonne and on the left bank of the Meuse, in order to bring about a concerted wood, and brought back prisoners."

"The Germans made two attacks, after violent bombardment, one on our positions at Chaumont wood, the other in Lorraine, in the region of Arcourt. These assaults were repulsed. The enemy suffered serious losses and left prisoners in our hands."

"In upper Alsace one of our detachments entered the German trenches northwest of Biesel, in the region of peipols. After exploring the positions, destroying shelters and capturing material, all our men returned to their lines."

TURKISH ARMY IN PALESTINE ROUTED

The Entire Turkish Force Now Retreating to the North, Pursued by British.

London, Nov. 9.—The entire Turkish army in Palestine is retreating to the north, British airplanes are following up the retreating Turks and bombing them. Forty Turkish guns were captured, says the British official statement announcing the Ottoman retreat.

British and French naval forces are co-operating along the Mediterranean coast.

BRITISH MAY CUT OFF TURKISH ARMY

Would Put Turkey Out of the War for Good—The Situation in Palestine.

(By special cable and leased wire to The Daily Gleaner.)

London, Nov. 9.—General Allenby's coup in Palestine threatens to cut off the whole Turkish force operating in that theatre and give the British one of the most decisive victories of the entire war. By capturing Gaza, Gen. Allenby has accomplished one of his most brilliant manoeuvres recorded in the fighting in the near east. His forced methods of debouching his men across the desert in night marches and completing an encircling movement which placed his armies to the rear of the Turks, marks the beginning of an intense campaign. The result plainly may be to force Turkey out of the war, which is entirely possible, as the Turkish armies are in an extremely dangerous position. Their line of communication is maintained through a narrow strip of country, which Turkish troops threaten to cut off both sides. It can be safely said that the British troops will not spare any effort to win a clean-cut victory and wipe out the previous history of their fighting with the Turks, especially the Kut affair.

POTATOES BASIS

OF WAR RATION

Prof. Breithut Urges Food Conservation—Eight Rules for Saving.

New York, Nov. 8.—In view of the contemplated purchase and distribution of thousands of pounds of potatoes by the city of New York, under the direction of the Mayor's Market Commission, one of the most useful pieces of information which can be given to the public is the manner in which potatoes can be made the basis of a balanced ration. This vital information is supplied by Prof. Frederick E. Breithut, professor of food chemistry of City College and a distinguished writer on chemical subjects. The professor's lecture on the use of potatoes in a balanced diet, and the course of a lecture on edible oils and fats.

Prof. Breithut announced that it was possible to maintain perfect health, both of body and of mind, immunity to indigestion, kidney and liver diseases, as well as absolute immunity to gout by observing the following:

Potatoes bread 1 pound

Potatoes 1 pound

Butter or other fat 13 pounds

Apples 13 pounds

Milk 1 pint

This diet is supposed to contain all the requisites necessary for wholesome nutrition during a period of twenty-four hours.

Potatoes Basis of Diet.

The potatoes which are at the basis of this diet, it has been shown recently, contain protein of the highest grade, and they are available at present at comparatively low prices. Furthermore, potatoes yield an alkaline ash which has a highly solvent power over uric acid and therefore the results enumerated above with regard to kidney and liver diseases, gout, etc.

Prof. Breithut continued: "Two days ago I asked my secretary to go to the stores in the neighborhood of the College of the City of New York to find out the current retail prices of these articles. She found that she could purchase all the material for a day's food for less than one Amsterdam guilder and for 65 cents on Broadway. This difference in price, due largely to the difference in location resulting in higher rents and consequent increases in cost to the consumer."

Prof. Breithut also announced that the very latest results which have just been received from England, as reported by Dr. H. H. Burton, show that oleomargarine made from beef fat, especially that part of it made as oleo oil, is a completely adequate substitute for butter. But vegetable oils, not oils and lard are not adequate substitutes, especially when viewed from the standpoint of the chemistry of growth.

Horse Down.

A horse lost its footing on Queen street yesterday at noon and went down in a heap. Some men rushed to the rescue and held the animal down until it could be freed from the wagon, to prevent a smashing up of the rigging.

Some women are so anxious to show they have good taste that they knock their own children.

Political Campaign Will Be in Full Swing Next Week With the Premier at Halifax

Likelihood that All Five Cabinet Ministers from the West Will Be Elected by Acclamation—Laurier's Alliance With Bourassa.

(Special by The Daily Gleaner's leased wire.)

Ottawa, Nov. 9.—Sir Robert Borden leaves on Saturday for Halifax, where he will open the Unionist campaign.

It is expected that his opening address will be on Wednesday night, although the arrangements are in the hands of the local committee. Before leaving Ottawa the Prime Minister will issue a second manifesto to the country, emphasizing the issues of the campaign and the policies of the Union Government. Next week a vigorous campaign drive on the platform of the country from coast to coast.

Hon. Arthur Meighen, Hon. J. A. Calder and other Western Ministers will leave early next week for the prairie provinces. Mr. Meighen will hold his convention in Portage La Prairie on Thursday, and Mr. Calder's will be held at Moose Jaw on the same day. Both expect nominations. Hon. A. L. Sifton has already been nominated in Medicine Hat. Hon. T. A. Cregar, Senator Robertson and Hon. T. A. Cregar, as soon as the details of the government's policy is definitely decided upon, an order in effect. This policy, as in the case of the abolition of patronage, will be carried out at once and without the necessity of endorsement at the polls.

It is admitted that fixing specific prices is difficult, owing to varying conditions in various parts of the country. It is probable that this difficulty will be met by the government fixing a marginal profit, and possibly a maximum that must not be exceeded. Packers discussing the question with the cabinet subcommittee did not object to reasonable control, but requested that they should not be placed in unfair competition with United States packers, who are their rivals for export trade. They suggested that Canadian regulations should conform with those existing in the United States.

Alliance With Bourassa.

(Special by The Daily Gleaner's leased wire.)

Ottawa, Nov. 9.—Henri Bourassa's open avowal of a Laurier nationalist alliance in Quebec to defeat Union Government and military conscription, makes more clear for the Canadian people the issue in the present campaign. It is admitted that the Quebec Laurierites have conformed to the nationalist leader's separate and anti-British views, and the country will now have to decide not whether it will have Borden or Laurier, but whether it should have Bourassa or Borden. With Bourassa supporting Laurier nationalist candidates will be withdrawn and the Laurierites and nationalists will be a threat to the Laurier government.

Control of Meat Prices.

(Special by The Daily Gleaner's leased wire.)

Ottawa, Nov. 9.—As already announced by Hon. T. A. Cregar and Hon. W. J. Hanna, food controllers, the government is planning to fix the profits of meat packers and to establish government control of all Canadian cold storage establishments. This will be carried out the policy of the New Union Government, as announced by Sir Robert Borden shortly after its formation. A preliminary conference was held today between lead-

ing packers and a sub-committee of the cabinet, appointed to deal with the matter. The government was represented by Sir George Foster, Hon. N. W. Rowell, Senator Robertson and Hon. T. A. Cregar. As soon as the details of the government's policy is definitely decided upon, an order in effect.
