

THE CHIEF CHARM OF LOVELY WOMAN

Soft, Clear, Smooth Skin Comes With The Use Of "FRUIT-A-TIVES".

NORAH WATSON
86 Drayton Ave., Toronto.
Nov. 10th, 1915.

A beautiful complexion is a handsome woman's chief glory and the envy of her less fortunate rivals. Yet a soft, clear skin—glowing with health—is only the natural result of pure blood.

"I was troubled for a considerable time with a very unpleasant, disfiguring rash, which covered my face and for which I used applications and remedies without relief. After using 'Fruit-a-tives' for one week, the rash is completely gone. I am deeply thankful for the relief and in the future, I will not be without 'Fruit-a-tives'."

NORAH WATSON.
50c. a box, 6 for \$2.50, trial size, 25c. At dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

SALE OF FISH IS CONTROLLED

It is now illegal for any person other than a fisherman or retailer to deal in Canadian fish to any amount exceeding 1,000 pounds in any one month without first obtaining a license from the Food Controller. License have been prescribed and all licensed dealers will be required to make monthly reports to the office of the Food Controller.

10 CENT "CASCARETS" FOR LIVER AND BOWELS

Cure Sick Headache, Constipation, Biliousness, Sour Stomach, Bad Breath—Candy Cathartic.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable you are from constipation, indigestion, biliousness and sluggish bowels—you always get relief with Cascarets. They immediately cleanse and regulate the stomach, remove the sour, fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. A 10-cent box from your druggist will keep your liver and bowels clean; stomach sweet and head clear for months. They work while you sleep.

Every Man

Who works around machinery or in places where he is liable to cut, scratch or burn himself should always have handy a jar of

Mentholum
A Healing Salve
Invaluable also for
Sore and Tired Feet

Sold and recommended by the leading druggists in the Maritime Provinces.

2 sizes—25c and 50c
Send 3c in stamps for a generous size sample.

GROWING RHUBARB DURING THE WINTER

Fresh rhubarb during the middle of the winter is easily obtained by anyone who has a few spare rhubarb roots in his garden.

Just as the ground is about to freeze at the commencement of winter dig two or three roots, lifting them with as little damage as possible. Put these roots in an outside shed or somewhere else where they will freeze solid but will not be buried with snow. After they have been frozen for two or three weeks, take them out, put them into the bottom of barrels, filling in around the roots with soil, sand, sawdust or other moisture holding material; set the barrels in the cellar or some artificial warmth, keep the roots dampened, and cover the barrels with a sack to darken the inside.

Under these conditions a root of rhubarb will grow almost as much as it would during the next summer, and by darkening the atmosphere the shoots will be tender and well blanched. The amount of earth surrounding the root is not very important, as the growth is largely independent of any feeding upon the soil, the material for the shoots being taken directly from the stored food in the roots.

When spring comes the roots may be desired, be again planted in the garden; but they will be so well established as to require about two or three years to come back to their normal condition.

Miramichi Man Cleans Up Lowell

Police Sergt. David Petrie Highly Complimented on His Successful Work in That City

Clippings to hand from Lowell, Mass., papers tell of the splendid work being done in that city by Police Sergt. David Petrie, who has been in the U. S. A. twenty-six years, the first twelve with the B. & M. Railway and the last fourteen on the Lowell police force. Shortly after the encampment of 50,000 soldiers in the vicinity of Lowell, immoral women flocked in from all quarters and the moral ruin of the soldiers was imminent. Sgt. Petrie was placed by the Mayor in charge of the "Vice Squad," and has wonderfully cleaned up the city and effectually checked the unwholesome conditions. Sgt. Petrie, who is a son of Mr. and Mrs. David Petrie of Maple Glen, in this county, and a brother of Arthur Petrie of Newcastle, has frequently been given most difficult work in Lowell and has always overcome all opposition and made good.

As an instance of how Sgt. Petrie's work is regarded in Massachusetts, we reproduce the following extract from a recent letter to Mayor James E. O'Donnell of Lowell:

"I want to congratulate you and your new vice squad under the direction of Sergt. Petrie upon the splendid work you have done in Lowell. The daily reports received from Mr. MacKay and the rest of the men seem to indicate that you have the situation pretty well under control in Lowell and have been informed that they are now going to Lawrence. Such being the case, we will have to start a campaign there."

I would like to have you write and tell me whether your men are cooperating with you and your men in Lowell to the fullest possible extent and whether you have any criticism or suggestions to offer in regard to their work. Do not hesitate to call upon us for anything we can possibly do to assist you at any time. Eternal vigilance is the only way this matter can be kept closed up. If we held up the least possible bit, we will find the women immediately coming into the camp and beginning to apply their trade at once. Likewise the bootleggers and the illegal sale of liquor."

I wish you would extend to Sergt. Petrie my hearty congratulations for the splendid manner in which he has carried on a most trying work. Your very truly,

P. A. O'Connell
Chairman, Committee on Prevention of Social Evils Surrounding Military Camps

Lemons Whiten And Beautify the Skin

Make This Beauty Lotion Cheaply for Your Face, Neck, Arms And Hands

At the cost of a small jar of ordinary cold cream one can prepare a full quart of the most wonderful lemon skin softener and complexion beautifier. By squeezing the juice of two fresh lemons into a bottle containing three ounces of ordinary white cream should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of ordinary white at any drug store and two lemons from the grocer and make up a quart of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It is marvelous to smoothen rough red hands.

MORE PRICES FIXED

The maximum price at which Millers shall sell bran and shorts, 100 lb. at Port William and Port Arthur, Ontario, is \$24.50 per ton of 2000 lb. for bran, and \$22.50 for shorts.

To these prices may be added the cost of bags and freight from Port William and Port Arthur to the point of destination, east of Port William and Port Arthur. At point west of Port William and Port Arthur, the maximum price of bran and shorts in bulk shall be, the price at Port William and Port Arthur, less the difference between the freight charges of such points and the freight charges for delivery at Port William and Port Arthur.

On all invoices covering sales made east of Port William and Port Arthur the following information shall be given:

- (a) The maximum price at Port William and Port Arthur
- (b) The freight charges to point of destination
- (c) The cost of bags
- (d) Any rebate or other deduction that may be made

A Change That Would Save Millions

British Government Urged to use Electrical Power and Save Two Thirds of its Coal

A CHANGE THAT WOULD SAVE The British Coal Conservation Sub-Committee on the supply of electrical power, Lord Haldane chairman, advocates: Construction of sixteen super-power stations in different parts of the country; supersession, with adequate compensation, of 600 small undertakings now in existence; utilization of the by-products at each of the big stations; national control of the whole undertaking by a national watch would save two-thirds of the \$9,935,000 tons of coal now used annually, eliminate most of the smoke, make electric light cheap enough for the poorest, and save a vast sum of money, it being calculated that alone with the saving of by-products now wasted by burning coal in open grates and boiler furnaces a national economy of \$500,000,000 a year would be effected.

A BRAVE SOLDIER In a letter from Major Geo. R. Peckes, O. C. C. Co. 5th C. M. R. to Mrs. J. Hutchison of Harcourt, re the death of her son Pte Stephen Hutchison, the writer says:

His loss to me has been very great. His nobility as a soldier cannot be surpassed. His cheerfulness and faithfulness have been remarked upon by the officers, N. C. O's and men of this company, who mourn the loss of so noble a comrade. I with the officers and men of my company wish to offer you our very sincere sympathy in your loss of so gallant a son. Pte Hutchison had many relatives and friends on the Miramichi.

Laugh When People Step On Your Feet

Try this yourself then pass it along to others. It works!

Once in a while a kind of rough talk will be heard here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freestone when applied to a tender, aching corn stops soreness at once, and soon the corn dries up and lifts right out without pain. Freestone is an ether compound which dries immediately and never inflames or even irritates the surrounding tissue or skin. A quarter of an ounce of freestone will cost very little at any drug store, but is sufficient to remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels.
