Here and There

Liverpool.—Atlantic liners are finding there is a run on the ship's library. Over 4,000 books are distributed amongst the Canadian Pacific liners alone, and reading on board has become so popular that, in addition, bookstalls with all the latest magazines have been installed on all the Canadian Pacific passenger steamers.

London, Ont.—John Anderson, well-known C. P. R. conductor, has retired on pension. Mr. Anderson entered the service of the Canadian Pacific as a trainman on the London division on May 14, 1881, was promoted to a freight conductor in 1884 and promoted to passenger conductor on June 1, 1887, which position he has since held.

Toronto.—Remarkably quick time was made by a special train traveling between Montreal and Toronto recently. Carrying a large number of students from Dalhousie and McGill Universities the train left Windsor Station at 10.37 a.m., and arrived in Toronto at 5.35 p.m., thus covering the distance of 338 miles in 6 hours, and 58 minutes. A storm was raging during the trip.

Banff.—Probably more world famous men have played on the golf course at Banff Springs, Alberta, Canada, in the Canadian Rockies, than on any other single golf course in the world.

The picturesque course at Banff, situated as it is among the glaciers high up among the peaks of the Canadian Rockies, outstrips all rivals for scenic beauty and has been called the "Golf Course in the Clouds." Any traveler from any part of the world makes it certain that he sees the Canadian Rockies before completing his visit to the American Continent, and if he plays golf at all he is sure to combine his scenic viewing with a round or two of golf on the "Golf Course in the Clouds."

To tell off a list of the world famous men who have played golf at Banff is to read a list of "Who's Who" in world affairs. The Canadian National Park Branch of the Department of the Interior reports over 5,000 persons as having played over the golf course in Banff National Park during the season recently closed, and many prominent visitors from nearly every corner of the globe went over the links. Those who golfed at Banff during the latter part of the season included His Excellency Baron Byng, Governor-General of Canada, Sir Calvin Cooldige, Vice-President of the United States; Sir Lionel Guillemaud, Governor of the Straits Settlements; Baron Sanberg, of Holland, Premier, Greenfield, of Alberta, and Rodney C. Wood, Chief Boy Scout Representative of England.

Cranbrook, B.C.—Children, more especially children of school age, should be warned to keep clear of railway tracks, particularly at this season of the year when the snow is deep and a slip of the foot may result in a fatal accident. Cranbrook parents should offer some advice to their offspring about their playing around the Canadian Pacific Railway tracks. A serious accident recently happened at Vernon to a child playing along the railway right-of-way. The Vernon News had the following editorial comment:

"The accident on the railway track last week was not unexpected by those who have watched with much concern the school children who so carelessly walk across and along the tracks. The little victim, however, was not a scholar and it was perhaps his first visit to the railways, but nevertheless the boys and girls are much too careless when near the tracks. Parents and teachers should continually impress upon the youngsters the danger of playing near the tracks. Time after time the trainmen have chased the kiddies off the right of way but back they come oblivious to the danger. Safety first is the best policy and parents and teachers should be most emphatic in warning the boys and girls. There is only one way for them to be safe from danger and that is to keep away from it."

Liverpool.—Wm. John Sergeant, the superintendent engineer of the Canadian Pacific Steamships, Ltd., recently retired from that position after a sea-going career of 54 years, the major part of which was passed with Liverpool companies. With the object of showing the esteem and respect in which he is held by all those who have been associated with him for so many years, a very happy gathering took place on the C. P. liner Montcalm, at Liverpool, when Mr. Sergeant was the recipient of some very handsome presents. They consisted of a combined solid mahogany bureau and bookcase, and a specially fitted-up gentleman's double wardrobe, while Mrs. Sergeant was presented with a choice gold bar brooch set with diamonds. These are the gifts of the sea-going and shore staffs of the C. P. S. S. Co. and the C. P. R. Co., and were presented through the medium of Captain J. V. Forster, Liverpool manager of the C. P. S. S. Ltd., in the presence of all the chief officials, personal friends, business colleagues, officials of the Board of Trade, and of the shipping registration societies.

Fake Stocks In 1922 Cost \$600,000,000

One Oil Scheme Cleaned Up \$30,000,000

Promoters of spurious stocks mulcted the public for more than \$600,000,000 during the last year according to a resolution adopted by the Executive Board of the Associated Advertising Clubs of World. Oil promotions proved to be the most profitable for the swindlers, it was declared, one scheme alone, that of reorganizing defunct concerns, cost their victims over \$30,000,000.

In the resolution the board urges Congress to enact special appropriations for the curtailment of fake promotions and asks National, State and city authorities to give greater attention to the swindlers that for daring and big clean-ups have been unsurpassed in the history of the country.

Swindlers in Texas are going to extreme lengths in putting over their oil schemes, according to William P. Green of N.Y., director of the National Vigilance Committee. Deprived of the use of the advertising columns of most newspapers, he said, promoters are resorting to the publication of their own journals, through the columns of which they feature the schemes in which they are interested. Another clever method is to merge defunct oil companies, the stockholders of which are then approached with the appeal that an additional payment will save their original investments.

He said that the Federal Government is making intensive efforts to prevent promoters of the fraudulent schemes from using the mails and that during the year it has made some notable round-ups.

The resolution states that as a result of a recent investigation by the association's National Vigilance Committee it has obtained facts about one oil promotion scheme in Texas, which making a specialty of consolidating defunct companies has taken in more than seventy-five such companies the capitalization of which aggregates more than \$150,000,000, in which it is conservatively estimated the public has lost in the neighborhood of \$30,000,000. That frauds of all classes during the last year will be in excess of \$60,000,000, and declares that the failure to curb such operations is a serious contributing cause to public unrest.

The resolution calls upon Congress and all other legislative bodies to make appropriations adequate to meet "these growing crimes against the people", and urges all newspapers and other periodicals to open their columns to a full discussion of this situation, particularly warning the public, and commending public officials who do their full duty toward the suppression of such operations."

PAID OUT \$481,353 IN PAST YEAR

The total compensation paid out by the Workmen's Compensation Board in 1922 was \$481,353. The board had a total of 5,216 cases reported, of which 3,915 were finally disposed of. In 1921 the cases aggregated 4,834.

In the 1922 report, there is an increase in claims on account of lumbering and milling factories, building trades, N.B. government employees and waterfront operations as compared with 1921, while decreases are noted for mining, steel work, bridges and excavating and Canadian government employees.

In 1922 there were 5,216 cases reported, and of this number 3,915 were finally disposed of.

The following disabilities were listed: 2,673 temporary total disabilities; 1,069 minor or cases in which disability existed for less than seven days; 148 permanent partial disabilities, involving loss of various members. There were 24 deaths from injuries.

There are 985 cases in which, on December 31, payments were met completely.

In 316 cases completed reports had not been received. Of the total of 5,216 cases, 2,321 were reported from Class 11; covering the lumbering industry of the province.

Total compensation payments made for all purposes was \$481,353.18, classified as follows:

Ordinary compensation, \$167,945.68; Medical aid, \$72,477.98; hospital maintenance, \$26,061.04; reserved for future pensions in death and permanent disability cases, \$214,871.48.

MILITARY FUNERAL FOR EVERY VETERAN

Fredericton, Jan. 16—Believing that every war veteran, whether actively engaged in militia work or not at the time of his death, should be accorded a military funeral with full military honors the Fredericton Branch of the Great War Veterans Association adopted a resolution to this effect last evening. The resolution will be forwarded to military headquarters of District No. 7 St. John, with a request that this matter be taken up with the authorities at Ottawa, with a view towards obtaining the necessary regulation in this regard. At present such a funeral with full military honors can only be accorded to a soldier connected with the active militia at the time of his death.

MINARD'S "KING OF PAIN" LINIMENT

Extract from a letter of a Canadian soldier in France.

To Mrs. R. D. BAMBICK:
The Rectory, Yarmouth, N.S.

Dear Mother:—
I am keeping well, have good food and well protected from the weather, but have some difficulty keeping uninvited guests from visiting me.

Have you any patriotic druggists that would give something for a gift overseas—if so do you know something that is good for everything? I do—Old MINARD'S Liniment.

Your affectionate son, Rob.
