At The Federal Capital

ment reassembled in due order during the session. after the Easter recess. In the

House of Commons the greater number of the members who had left the Capital for their Easter holidays had returned, and some others, especially from the West, who had not been in attendance up to Easter appered in their for the first time this places The business of the House of Commons on the opening day, after the recess, was not of an exceedingly exciting character. A number of Government were advanced from one Bills stage or another, and the proceedings, while quite regular and orderly, were practically largely of a routine character. In quiet way a good deal of business was accomplished on the first day

of the re-assembled session.

Wednesday, the 7th, was

usual, considerable debate took

place on resolutions of consider-

private members' day, and

cantry. The Acting Prime Min operations this, and containing Local and Other Ite is ister expressed his great satisfac: so many clauses, passed through tion and interest in the discus- Parliament with very little ad-Subscribers Admonished. sion that had taken place, and verse criticism, bears testimony As we have not of late intimated that it was desirous to the excellency of the document made any specific refer. that it should be further con-, and to the care that has been de- ence to the payment of tinued, and with this view he voted to its preparation, and, Subscriptions, we should moved the adjournment of the above all, stamps it with the be exceedingly pleased i, our friends would give this debate. Now that means that character of fairness and justice matter practical considerthis question remains on the to all. The desire of the Govation at this particular order paper, and may be brought ernment in this Bill is to place season up again some time before the upon the Statutes of Canada a
