RUMORS ABOUT THE FEINIANS.
In Godrich we can lay claim to having, always the latest and fullest, if not the most serious intelligence relating to what is going on in the outside world. This is a fact well illustrated yesterday morning when the London Standard published a report, which was circulated on Sunday evening last, that at least 30,000 Fenians had crossed the frontier at or near Malton, that a large gathering had taken place in Buffalo, the volunteers under the name of Fenian Scouts, and the Fenian Standard was proclaimed at the meeting. The Fenian Standard was proclaimed at the meeting at Malton, and the Fenian Standard was proclaimed at the meeting at Malton, and the Fenian Standard was proclaimed at the meeting at Malton.

Are we to have Another Raid?
The action of the military authorities in ordering the volunteers to hold themselves in readiness for active service has been a great question since the Fenian raid on the morning of the 25th and the 26th of the month. The Fenian Standard was proclaimed at the meeting at Malton, and the Fenian Standard was proclaimed at the meeting at Malton, and the Fenian Standard was proclaimed at the meeting at Malton.

The Art of Advertising.
That there is an art in advertising is a fact admitted by all men who have been successful in business. A man, to be successful, must first secure an article that the public will buy, and then take pains to inform every one that he has such an article for sale. No means is so cheap and so effective as the printed word. The Fenian Standard was proclaimed at the meeting at Malton, and the Fenian Standard was proclaimed at the meeting at Malton, and the Fenian Standard was proclaimed at the meeting at Malton.

THE QUEEN'S BIRTHDAY.
In Godrich the celebration of Her Majesty's Birthday, which was appointed for Monday, 23rd, was conducted under many disadvantages; but still, we may say with pleasure, was very successful. The Fenian Standard was proclaimed at the meeting at Malton, and the Fenian Standard was proclaimed at the meeting at Malton, and the Fenian Standard was proclaimed at the meeting at Malton.

OUR EXTRAS.
It is important to the people of Godrich that they should have the very latest and most interesting news in the shape of Extras, and it is quite as important that the publisher should be paid for the additional expense and trouble they are put to. Henceforward it is our determination to charge for extras in proportion to their length and importance. The Fenian Standard was proclaimed at the meeting at Malton, and the Fenian Standard was proclaimed at the meeting at Malton, and the Fenian Standard was proclaimed at the meeting at Malton.

Colborne.
The Municipal Council of Colborne, met this 23rd day (May) at 7 o'clock in the evening at the Town Hall. The Fenian Standard was proclaimed at the meeting at Malton, and the Fenian Standard was proclaimed at the meeting at Malton, and the Fenian Standard was proclaimed at the meeting at Malton.

WHAT IS FENIANISM?
Of all the monstrous forms of human passion in our day we regard Fenianism as the most remarkable. It is illogical, blind, unreasoning, and malicious to the last degree. It originated in the north-western counties of Ireland as a distinct nationality. Its promoters seem actually to think that by a secret meeting, an explosion of gunpowder there, and an assassination somewhere else, the power of the greatest and wealthiest nation in the world can be destroyed.

New from the Fenian Raj.
Statements Made by the New York World.
Since the memorable day of the 2nd of June, 1866, the Fenians have been more careful, and less given to the kind of brag that was once their habit. They will not give information now as they did in the past. They are now more to be feared for their secrecy, organization, discipline, and the skill with which they are managed by the Canadian government.

WHAT ARE THE FEINIANS?
The Fenians are a secret society, and their objects are to secure the independence of Ireland by force. They are a secret society, and their objects are to secure the independence of Ireland by force. They are a secret society, and their objects are to secure the independence of Ireland by force.

THE MONTREAL PORTFOLIERS.—The Gazette says that transcripts in connection with the fortifications of Montreal, the works will comprise a line of entrenchment three miles long, covering the approach to Victoria Bridge, by seven forts, and five forts on the heights of the city. The work will be completed in the summer of 1868.

WHAT THE MONTREAL VOLUNTEERS.
The Montreal Volunteer Officers' Committee have had no confidence in the Fenian Standard. They have decided to publish a paper of their own, which will be devoted to the interests of the volunteers, and the Fenian Standard will be excluded.

A Word for Maiden Ladies.
A sprightly writer expresses his opinion of old maids in the following manner:—"I am inclined to think that the worst of old maids is not that they are old, but that they are maids. They are old, and they are maids, and they are old maids."
