27-cent tin Cocoa and Milk.....	23 cents	30-cent box White Lilac Soap.....	25 cents

### A QUAIN PLEA.

A good story is told about a native lawyer defending a lady client in one of the Madras Courts. The lady was accused of assault, but the man of law endeavored to show that she herself had been assaulted, and had suffered damage on the most conspicuous feature of her countenance.

"My learned friend," he said, "with mere wind from a teapot, thinks to browbeat me from my legs. He runs amuck upon the sheet-anchors of my case. My poor client has been deprived of some of her valuable leather (skin), the leather of her nose. Until we are told what became of my client's leather nose the witness cannot be believed, he cannot be allowed to raise a castle in the air by beating upon a bush."

### An Expensive Slip.

But, although he "wishes to advance," the Kaiser is extraordinarily fond of keeping up old and out-of-date customs. This fact sometimes lands him in awkward circumstances.

On the occasion of a military re-

### IN AGONY WITH PILES.

Mr. G. W. Cornell, with the Chas. Milling Co., St. Catharines, Ont., writes: "For six years I was a victim of itching, protruding piles and was in dreadful agony night and day. Doctors were unable to help me and I was about as miserable as any creature could be. My druggist advised me to try Dr. Chase's Ointment, which I did and obtained relief from the first box and complete cure with the second. This ointment would be cheap at fifty dollars a box, in view of what it did for me."

view, for instance, his Majesty's horse slipped, and its august rider was thrown to the ground.

A new horse was soon forthcoming, but as he mounted, the Kaiser exclaimed: "That was a very expensive slip."

The bystanders did not understand the remark, but the Kaiser explained that there was a very old tradition in the service that an officer falling from his horse at parade has to provide a punch-bowl for the mess of his own regiment. Wilhelm II., however, is an officer in the German regiments. For this slip, therefore, he had to provide a punch-bowl for all the officers' messes.

Mr. James Mann, a former citizen of St. John's, came here from Sydney by to-day's express.

## League Hockey

**Final Championship Fixture -- Crescents versus Feildians -- Exciting Finish--Father Time Assists Crescents in Securing the Points by the Odd Goal--A Brilliant Exhibition--Score: Crescents, 2; Feildians, 1.**

"When Greek meets Greek, then comes the tug of war," is an old adage that may well be applied with utility in referring to the exciting, hard-fought and brilliant game of hockey witnessed last night when it raged on the icy floor of the Prince's Rink, and it goes without saying that the modern steel-clad knights of the puck and stick representing Crescents and Feildians nobly earned the plaudits of their several supporters by their superb display of defence and attack in hustling for the colors of their respective clubs. The rival players have been for the past week anticipating a hard fought contest for superiority (of course ready to back up their opinions) felt confident of victory when they entered the enclosure last evening amidst the plaudits and cheers in turn for Crescents and Feildians from the big crowd of enthusiastic spectators, who were all on the tip-toe of excitement. There was one change in the personnel of each team since their last appearance as rivals, the Feildians replacing White on right wing with Anderson, whilst Crescents had Burnham, their goalkeeper, who had been laid off (injured) since early in the season. The players and their positions, with Feildians defending western end at the start, were as follows:

Crescents.	Feildians.
Burnham goal	Strang
Gus Herder point	Jeffrey
Marshall cover	Collier
Pearce rover	Tait
Stick right	Anderson
Hubert Herder centre	Simms
Trapnell left	Pinsent

### THE GAME.

On ice a trifle heavy the puck was faced at 7.37, and a Feildian rush was made for Crescent end, Marshall daltied a little and Pinsent had an early try from left. Gus Herder, however, blocked and lifted to mid-rink. Then a few minutes of fast play with fairly even exchanges ensued, aggressive and defensive in turn. Tait was caught at tricky tripping attempts on Marshall and was promptly sent to the box. Crescents now got very aggressive and an onslaught on Feildian citadel was made. The defensive tactics of Jeffrey, Strang and Collier proved effective, however, and the goal was kept intact. The next item of note was a brilliant lift by Gus Herder which all but told. Then

## Distress in the Stomach

Hundreds of Thousands of Bottles of Nerviline Used Every Year for Curing Cramps, Diarrhoea and Stomach Disorders.

Deadly cramps—the symptoms are not to be mistaken. Suddenly and without warning the patient experiences such agony in the stomach as to contort the countenance, and cause him to cry aloud for help.

Then it is that the wonderful power of Nerviline can make itself felt—it cures so quickly, you would think it was made to cure cramps only.

"Last summer I was stricken with a frightful attack of cramps. I feared the pain in my stomach would kill me."

"My eyes bulged out and the veins in my forehead stood out like whipcords."

"My cries attracted a neighbor, who came to my assistance, and in a moment or two handed me half a teaspoonful of Nerviline in sweetened water."

"It seemed as if an angel had charmed away the pain. In ten seconds I was well. Nerviline has a wonderful name in this locality, and is considered best for cramps, diarrhoea, flatulence, stomach and bowel disorders. I urge all my friends to use Nerviline."

"MANLEY M. LEGARDE, Williamsburg."

No home is safe or can afford to miss the manifold advantages of having Nerviline on hand in case of accident or emergent sickness. 25c. per bottle, five for \$1. All dealers, or The Catarrhzone Company, Kingston, Ont.

Crescents combining well and giving the best display of the passing game, carried play into Feildian territory, and Marshall, with a fast hook shot from the centre, tallied up for his team when the game was some ten minutes old. From the referee play got a bit flashy and Marshall was penalized. Then when pressing hard Stick got a blow on the face and was momentarily disabled. On a resumption of play Pearce displayed a bit of shady work and was sent to the fence as an on-looker for a short term, and now Feildians had a turn of aggressive play. This did not last, however, for Crescents front line by a brilliant and all round display of passing efforts carried the puck into the camp of the enemy, and Hubert Herder catching a pass from Trapnell well up, eluded Collier and Jeffrey and tallied up the second score for Crescents after 15 minutes of play. Loud cheers greeted this result, and amidst great excitement and encouraging cheers from their supporters the rival players resumed play in a determined fashion. The pace grew faster, and Feildians for a brief period were the most active lot, but scoring chances were all lost by glaring off-side play in their ranks. From these interruptions of play and the numerous referees that occurred, Crescents emerged successfully and certainly were the stronger team at this point. They kept up the pressure, having the best of the exchanges till the half time bell rang. Score at the interval—Crescents, 2; Feildians, 0.

### Second Half.

On resuming hostilities at 8.15 Crescents at once got aggressive. This didn't last, however, and Feildians forcing the pace and combining well got dangerously near the Crescent net. At length the one and only Tait got an opening and tallied for his club amidst deafening cries of Feildians, when three minutes of this half had gone. Score—Crescents, 2; Feildians, 1. Encouraged by their success, and urged on by shouts of excited supporters, the College representatives played up in a determined manner, and Burnham in Crescent goal had to display some activity. The custodian, however, gave a brilliant display, making some miraculous saves—one in particular, which by jumping he caught the puck square on his chest, from which it bobbed off serenely, and Gus Herder lifted it to safety. As the game progressed the excitement grew amongst spectators. Both teams were bent on adding to the score sheet, and every player on the ice was trying all he knew of the game and straining every nerve for the mastery over his opponent. Crescents were giving the best all round display, the front line being particularly noticeable. Trapnell especially, we think, being brilliant and exhibiting the best form ever displayed in his hockey career. Hubert Herder in the centre proved a very effective pivot, whilst the veteran cover point, Marshall, was in great form, and Gus Herder, although still suffering from the Paddon incident of the Crescent-Victoria match, well sustained his reputation as the most capable point in the championship class. On the Feildian side individual efforts were not lacking, but noted scorers were well looked after by the other side, and attempts at passing or combining were sadly marred by erratic off-side play in the front line, notably in the centre. Play was kept up at a fast pace right to the close of the match, the Crescents having the best of exchanges, and but for somewhat erratic shooting, weak finishing efforts and the great defence put up by Jeffrey, Strang & Co., a heavier tally would have been put up for the blue and white champions. As time was drawing near Feildians, who had been on the defensive, rallied, and getting aggressive, in a hustle in front of Crescent goal, Pearce got laid off for a short time. On a resumption of play hustling exchanges again occurred in the same vicinity, and Gus Herder in a collision with Simms got momentarily disabled, which occasioned another slight delay. Feildians again rushed, but off-side work checked their raiding efforts. Then Pearce was sent to the box for infringing. With the latter player off Feildians made a combined effort to equalize, and eventually just as Simms was in the act of shooting the bell rang, and almost simultaneously the white flag was dipped, denoting that a second Feildian tally was registered. There was some dispute amongst players and spectators as to the validity of

this goal, but the referee's decision, which is final, gave the points to the Crescents, with the score as indicated above—2 to 1 in their favor.

The officials were:—  
Referee—W. J. Higgins.  
Timekeepers—W. J. Martin and J. Foley.  
Penalty Timekeeper—C. Ellis.  
Umpires—W. Vail and S. Walsh.

### TABLE OF POINTS.

Club	pld	won	lst	for	agst	pts
Feildians	6	5	1	31	16	10
Crescents	6	5	1	30	21	10
Victorias	6	1	5	23	30	2

ON-LOOKER.

## Away Goes All Kidney Trouble

A few doses end Backache and Bladder misery and restore healthy Kidney action.

Out-of-order kidneys act fine and backache or bladder misery is relieved after a few doses of Pape's Diuretic.

Pains in the back, sides or loins, rheumatic twinges, debilitating headache, nervousness, dizziness, sleeplessness, inflamed or swollen eyelids, worn-out feeling and many other symptoms of clogged, inactive kidneys simply vanish.

Frequent, painful and uncontrollable urination due to a weak or irritable bladder is promptly overcome.

The moment you suspect any kidney, bladder or urinary disorder, or feel rheumatism coming, begin taking this harmless remedy, with the knowledge that there is no other medicine, at any price, made anywhere else in the world, which will effect so thorough and prompt a cure, as a fifty-cent treatment of Pape's Diuretic, any druggist can supply.

This unusual preparation goes direct to the out-of-order kidneys, bladder and urinary system, cleaning, healing and strengthening these organs and glands, and completes the cure before you realize it.

A few day's treatment with Pape's Diuretic means clean, active, healthy kidneys, bladder and urinary organs—and you feel fine.

Your physician, pharmacist, banker or any mercantile agency will tell you that Pape, Tmopson & Pape, of Cincinnati, is a large and responsible medicine concern, thoroughly worthy of your confidence.

Accept only Pape's Diuretic—fifty-cent treatment—from any drug store—anywhere in the world.

## "Peep o' Day"

Will be the attraction at the T. A. Hall on St. Patrick's night. This fine old-fashioned drama will be produced by the Old Favorites as a benefit for the T. A. & B. Society. The well-known ability of the players is a guarantee for a good production. The object is a grand one, and all admirers of the Total Abstinence cause will no doubt be there in their numbers. The play is a strong sensational four-act one and treats on events in Ireland during 1798, or what is known as the troublesome times. The company have their work well in hand, and Manager T. M. White assures us that the production will be A1.

## Tobasco Here.

The S. S. Tobasco, Capt. Yeoman, arrived here at 10 last night from Halifax after a run of 56½ hours. She left at 1.30 p.m., Wednesday, and had fine weather coming along till Thursday night when the wind veered around to the N. W. and blew a gale. The ship brought one passenger in saloon, Capt. S. Bartlett, of Brigus, and 780 tons of general cargo for this port. The deck load of deal on board is for Liverpool. Several strings of heavy slob were passed through between Cape Race and Cape Spear.

## MOTHER SEIGEL'S SYRUP

is a purely vegetable medicine which acts directly on the Stomach, Liver, and Bowels, and quickly restores them to healthy action. It is used all over the world, and wherever it is used it always

**CURES INDIGESTION AND BILIOUSNESS.**

Sold Everywhere  
A. J. WHITE & CO., LTD., MONTREAL.

## Coopers Meet.

A meeting of the city coopers took place at the Board of Trade Rooms last night to discuss with a committee of the Board of Trade the question of reducing the prices of drums. Mr. G. C. Fearn, who occupied the chair, said that owing to the high prices charged by local coopers we were not able to compete with foreign markets. Mr. W. C. Job endorsed this opinion, and said that he was most anxious to bring about an arrangement that would be mutually satisfactory to all parties, and that at the same time would obviate the difficulty referred to by Mr. Fearn. Mr. Geo. F. Power, a Master Cooper, said that at the present time the coopers were barely making a living out of the trade, and if prices were reduced they would have to close down and look for other employment. Mr. W. F. Horwood said that the increase in stock at the mills was responsible for the increase in the finished article. Mr. J. J. Mullally, Master Cooper, dissented from this view of Mr. Horwood. He believed that the introduction of machinery in recent years had caused an abnormal demand for coopers' stock, and consequently the prices were forced up. Owing to the high price of heading, staves and hoops now the coopers could not make any money out of the business like in the past before the introduction of barrel making machinery. Mr. W. B. Grieve believed that like in all other cases in commercial life supply and demand had all to do with the business, and that desultory discussion could not result in any amelioration of the conditions. He suggested the appointment of a committee to enquire into the whole subject, with instructions to go into the subject in all its details, and report to the general body. He would be glad to help out the coopers in every possible way. Mr. W. A. Munn said that it was a good thing to see such a meeting being held to discuss in a calm and friendly manner their difficulties.

The following resolution was put by the chairman, it having been proposed by Mr. W. C. Job and seconded by Mr. Thomas Smyth:—

Resolved, That the following gentlemen be a committee to consider the regulation of coopers' prices and other matters connected therewith, and to report at a meeting to be held within four weeks from this date:—W. B. Grieve, G. F. Power, James Cooney, W. F. Horwood, J. J. Mullally and M. Comerford.

## City Council Meeting.

A letter was received from the Colonial Secretary acknowledging receipt of documents to be presented in the House of Assembly.

Butler & McDonald, architects, who had sent in a plan of the new Seaman's Home to be erected by Dr. Grenfell on Water Street, asked the Council to sign the same, return it to them, so that they may be able to go ahead with the construction. They will be informed that the Council does not approve of the kind of roof shown by the plan, and are thereupon obliged to withhold signing the plan till this is altered. A permit will be given them to go on with the other details of the construction, but as far as the roof is concerned the applicants will have to alter the plan.

T. A. Pippy is given permission to make an extension to his workshop, Waldegrave Street, provided the building be finished with inflammable material.

M. Linegar again complained of the proximity of an outhouse near his dwelling on Theatre Hill which (the outhouse) is being used as a stable, and is the cause of great annoyance to himself and family. The Secretary was instructed to write the owner of the stable that he must no longer use it for that purpose, otherwise he will be prosecuted under the Act.

Harvey & Co. sent in a complaint in reference to the delay caused lately in watering the S. S. Rosalind. An immediate enquiry was ordered with a view to preventing a recurrence of the trouble in future.

The Engineer's report of progress of work at Windsor Lake was read; also reports of the city work of the Health Officer and Supt. Sanitary Department.

After passing the pay rolls, bills and requisitions the meeting adjourned.

## Four Men Injured.

Special to Evening Telegram.

EAST WABANA, Yesterday. An accident occurred at the D. I. & S. Co.'s plant this afternoon about 4 o'clock, in which four men were slightly injured. Whilst stripping rock off the ore at one of the surface pits one of the men, named Porter, struck the bottom of an old misshole, which caused it to explode. They were conveyed to the Company's surgery where everything possible was done for them. Their names are:—Patrick Abbott, John Morris, Joseph Porter and Samuel Smith.
