On Saturday last a young man named John Inn's, while working at a threshing machine, near Clinton, fell from the mow into the cylinder, and had one of his legs torn off. He died three hours afterwards.

The express robbers Morton and Chas. E. Thompson were discharged by the Police Magistrate, on Monday, on the ground that no offence was proved against the prisoners within the treaty.

Council at its last sitting generously handed Capt. Swinford the sum of \$20 to be given for prizes.

On Wednesday last a man name Robert Bucknell, residing on Lot 29, on the 9th con. of Sullivan, put an end to his life. His wife had gone to a neighbor's house and left the deceased at home with their children. Bucknell got his gun and went up stairs, pulled off his left boot and sock, drew the trigger and shot a ball through his brains. He had sustained several losses recently which had acted on his mind and led to his untimely death.

Counterfett on the Gore Bark —

The first counterfeit that ever was made on the Gore Bark appeared last week in the shape of spurioss \$\frac{1}{2}\$ bills. The counterfetters were busy pushing them off during the Exhibition, and it is only after the excitement attendant thereon has subsided that people are beginning to discover the fraud, and the extent to which they are victimized. The notes are a perfect imitation of the genuine in every respect, except that the types used in numbering them are larger. This is the only test, a magnifying glass detects no other flaw. The following committee was appointed to procuve subscriptions of stock: Messra. Charles Davidson, Adam Robertson, Jr., David Kennedy, James Barclay, David McCrae, Alex. Congaiton, Andrew Armstrong, Jas. Anderson and W. H. Mills. The meeting was then adjourned till Friday night, to hear the report of the committee on subscriptions.

Shares to the amount of \$300 were taken up before the meeting adjourned, and the committee intend at once to make a vigorous canvass of the town in order to dispose of the balance of the shares. We do not expect there will be any difficulty in realizing the amount required. A covered rink is very much wanted in Guelph. Many who are unable to give their time during the day to the "roaring game" would gladly spend an hour or two over it at night. The erection of a covered rink will give such every opportunity for practice, and it will also be of great convenience to the regular players.

There were not many cases of pocket picking at the exhibition, but the St. Catharines Times says, that Mr. Bowman of Waterloo, was relieved of a gold watch, and that a policeman traced it to that town, and found it in possession of a person named Curran. He said in explanation that he got it from Tiney Cohn, whereupon the policeman took both pals back to Hamilton with him.

THE NOVA SCOTIA MILITIA BILL.—We day) evening at 5 o'clock. learn by the Haliara papers that the Nova Scotia Legislature has been at the trouble of passing a bill to provide that the militia of that province shall not be required to march beyond its limits. The bill was passed unanimously by the House of Assembly, and then it went to the Legislative Council where it was also carried by a vote of ten to eight. All this was extreme officiousness. In the first place it is not at all probable that any attempt would be made to march the Nova Scotia militia beyond the bounds of their own province if it was in the least danger; in the second place there is a likelihood that the militia may not be grateful for the kind fore-thought of their legislators, for it is said that the men rather like soldiering un der Cartier's bill, bad as it is; and in the third place the Local Legislatures has to do with the militia than the man in the moon.
