

CHARLES EDWARDS EMIGRANTS.—A most scandalous case of cruelty to emigrant passengers has come before the Commissioner of Emigration at New York, and the failure of the complaints of the passengers on arrival at port shows a strangely unsatisfactory state of the law in the premises. Amongst the many hundred passengers by the "Charles H. Marshall" on her last voyage were about eighty Jews, mostly from Russian Poland. After the vessel had been out a fortnight the captain died, and the crew lost all discipline. They attempted, unsuccessfully, however, to mutiny, and being defeated in this, solaced themselves in abusing the Hebrew passengers; cuffing and beating them, and in other ways maltreating them, apparently to vent their own venation, and find for themselves cruel sport. One of these cases has been brought before a commissioner, and the reply has been that the offence was not covered by the United States statutes, as the case was not an assault with intent to commit felony.

According to Victoria, B. C., journals, reports of Engineers, collected to that of the Engineer-in-Chief, shows that enormous tracts of rich pasture land lie westward of the North Saskatchewan River; that coal in large quantities is reported as far up the river as the Rocky Mountain House; that great bodies of silver ore exist in the Cascade Range, through which the line would pass; that the valley of the Fraser, from the vicinity of Port Hope to the Pacific Coast, contains an extensive tract of rich agricultural land, covered with a heavy growth of valuable timber.

BREAKFAST—EPPE'S COCOA—GRATEFUL and COMFORTING.—By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Eppe has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills.—Civil Service Gazette. Made simply with boiling water or milk. Each packet is labeled "James Eppe & Co., Homeopathic Chemists, London." Also, makers of Eppe's Milky Cocoa (Cocoa and Condensed Milk).

Whooping cough is successfully treated by Fellows' Compound Syrup of Hypophosphites. The most stubborn cases are cured in a few days.

The first wheat and oats brought to Victoria were sold at the rate of two cents pound. The farmer bringing it in will have eight hundred and fifty bushels of oats, 750 bushels of wheat, and 200 bushels of barley—all tip top grain.

Miss Drummond, the Quaker preacher, was asked whether the spirit ever inspired her with the thought of getting married. "No, friend," said she, "but the flesh has."

A Chemical Food and Nutritive Tonic.

Without Phosphorus no thought, say the Germans, and they might add, no action, since Phosphorus and the compounds are known to be the motive power of the nervous and muscular system. They constitute more than half the material of the human body, being found in every tissue, and their presence is absolutely essential to nutrition, as they promote the conversion of albumen in the food into fibrine, which is the building agent of pure, healthy blood. They are now coming into universal use in Europe and America in the treatment of Scrofula, Consumption and Venereal diseases, which are caused by impoverished or poisoned blood, and in diseases of women, suffering from irregularities, obstructions and exhausting discharges, in pale, puny children, and in all conditions of nervous and muscular prostration resulting from bad habits, excessive use of stimulants and tobacco, and all that train of evils known as fast life. The great reliability and promptness in its effects in immediately and permanently restoring the debilitated constitution, has made DR. WHEELER'S COMPOUND, ELIXIR OF PHOSPHATES and CALISAYA a great favorite with the Physicians and Public. Sold at \$1.00.
