

I Had Coitre
 O swellings in the neck since I was 10 years old; am now 52. I used Hood's Sarsaparilla recently and the swelling has entirely disappeared. It has been very troublesome. When I began I was feeling so dispirited, aged with the goitre and rheumatism I felt that I would soon be dead. Whenever I caught cold I could not walk two blocks without fainting. Now I am free from it all and I can truly recommend Hood's Sarsaparilla. I received a letter from Mrs. Jennie Higlow, now of Fremont, Mich., asking if my testimonial in behalf of Hood's Sarsaparilla was true; I replied it was, and sent her a bottle. I have another letter from her thanking me very much for recommending Hood's Sarsaparilla, and stating that she also had been cured. Mrs. ANNA SUTHERLAND, Kalamazoo, Mich.

FOOTBALL.

LONDON VS. ST. CATHARINES.
 On Tecumseh Park today the London and St. Catharines football clubs will face each other. This is one of the series of games for the international championship, and the local team are putting the best men possible in the field. Barry, one of the best players in the field, is an old member of the Britannia Club, of Montreal, and has a fine reputation as a football player. Lee and Walker are also good men. The following will comprise the team:
 Forwards—Minnick, Humphrey and Crawford.
 Left wings—A. Sippi, R. Lind and G. Sippi.
 Right wings—Lightbourne, Reid and Evans.
 Extra wing—Macbeth.
 Quarter-back—J. Hobbs.
 Half-backs—Barry, Lee and Walker.
 Back—Mulligan.
 St. Catharines is said to have a very strong aggregation. A large number of citizens will doubtless cross the river to encourage the local club and lend countenance to an admirable pastime.

There Was No Baby Killed at Battle Creek.

Only Four Bodies That Are Not Identified.

Manager Seargeant Furnishes a Copy of Conductor Burke's Statement—Lenient View of the Conduct of Scott and Woolley.

BATTLE CREEK, Mich., Oct. 27.—The mystery surrounding the unidentified remains of an infant found in the remains of the wreck was cleared up by the coroner this morning. He held a post mortem examination upon the supposed body of the baby and found that it was a huge bologus sausage, a quantity of brains and two human feet. The men at the wreck had packed up the charred flesh, and supposing it was the body of a child had marked it thus and sewed it up in a sack. This makes the death toll 27.

FOUR UNIDENTIFIED BODIES.

Only four bodies are yet unidentified. There is proof that they are those of John B. Wende, of Buffalo Springs, Texas; Mrs. Evelyn A. Aldrich, of Edwardsburg, Mich., and Mrs. and Mrs. Oliver Dorland, of Tilsontown, Ont., but it is impossible to tell which is which.

CONDUCTOR BURKE'S STATEMENT.

MOVING, Oct. 27.—Mr. L. J. Seargeant, in response to an inquiry as to the probable cause of the Battle Creek accident to-day, handed out the statement of Conductor Burke, which has been obtained by the Grand Trunk authorities. Burke's condition shows considerable improvement, and his statement is clear and concise. He says he has seen all the papers and has read about Woolley's and Scott's arrest. Perhaps they are both to blame, but when a man gets an order he is supposed to obey it. Woolley's statement about Scott's telling him that No. 9 had passed, Burke does not regard as probable. If No. 9 had passed, why would the train dispatcher have given out the order to meet No. 9 on the double track? There was no train immediately in front of Woolley's engine. He had his order. How could he disobey it for a verbal statement that the train had passed?

There was no car No. 13 on the train. It was car No. 1,300 of the C. S. and M. that superstitious people have talked so much about.

As to the responsibility for the accident Burke says: "The G. T. R. is not to blame for it. 'I am not in sympathy with all this talk that the Grand Trunk employees are overworked. The company pays its men big wages and allows them plenty of time off. But trouble with some men is they do not rest during the hours off, and I think that a man who is holding a responsible position and comes off for eight hours sleep and does not take it, but goes to work without rest, ought to be hung.'"

Burke declares that any testimony given of him under five hours. The whole trouble is that Woolley, who is a young man, had his orders and disobeyed them.

BATTLE CREEK, Oct. 27.—At the coroner's inquest both Conductor Scott and Engineer Woolley, by advice of their counsel, declined to answer questions for the following reasons: First, that they cannot be sworn here, except on their own request. Second, that any testimony given here may tend to criminate them. In case the arrested men are sent to prison by the coroner for refusing to testify, habeas corpus proceedings will be resorted to. It is an interesting legal situation.

THE SILVER FIGHT.

Action of the United States Senate Regarding Repeal.

The Voorhees Amendment Adopted in Place of the House Bill.

WASHINGTON, D. C., Oct. 27.—The Voorhees amendment was adopted in the Senate yesterday by a vote of 57 to 31. This does not mean the acceptance of the bill in its entirety, but leaves the measure still open to amendment.

The Voorhees substitute strikes out the whole of the House Bill and inserts in lieu of it the following: "That so much of the act approved July 14, 1890, entitled 'An act directing the purchase of silver bullion and issue of treasury notes thereon, and for other purposes,' as authorizes the Secretary of the Treasury to purchase from time to time silver bullion to the aggregate amount of \$4,500,000 ounces or so much thereof as may be offered in each month at the market price there, of not exceeding \$1 for 371 23-100 grains of pure silver and to issue in payment for such purchases treasury notes of the United States, and the same is hereby repealed."

And it is hereby declared to be the policy of the United States to continue the use of both gold and silver as standard money and to coin both gold and silver into money of equal intrinsic and exchangeable value, each equally to be secured through international agreement, or by such safeguards of legislation as will insure the maintenance of the parity in value of the coins of the two metals and the equal power of every dollar at all times in the markets and in the payment of debts.

And it is hereby further declared that the efforts of the Government should be speedily directed to the establishment of such a system of international agreement as will maintain at all times the equal power of every dollar coined or issued by the United States in markets, and in the payment of debts.
