#### Peruna the Soldier's Friend.

No wonder the American soldier is a friend of Peruna when such a renowned officer as General Wheeler gives Peruna his hearty indorsement. Every one connected with the army and navy can have no reasonable doubt as to the merits of the remedy. No remedy ever yet devised has received such nowned statesmen and military men

There is a natural reason for this. ever located. It not only instantly cures acute catarrh, but even old cases of chronic catarrh vanish under its persistent use. The soldier is especially subject to catarrh in some form or phase. Exposed as he is to constant changes, subjected as he is to the vicissitudes of climate, wet and dry, night and day, he finds catarrh to be his most insidious and ever present States, and says the following in refoe. In field and barracks, Peruna is equally efficacious. Taken in time, it will absolutely prevent catching cold. After the cold has become established Pe-ru-na will break it up quicker than any remedy known to man. Even after | street, the cold has settled in some organ, Pe-ru-na can be relied upon to promptly dispel it.

This is why Peruna is so popular in the army and navy today. It is precisely the remedy that meets the par-ticular ills to which this class of people are exposed. Our army and navy is the natural protection of our country; Peruna is the natural protection the army and navy in the vicissitudes of climate and exposure. The number of specific catarrh remedies is small indeed; the number of catarrh palliatives is legion. The effect of catarrh palliatives is often im-

Peruna Rich in Medicinal Qualities. Le Roy Van Horn, Chief Bugler Columbia Post, 706, Founder and President of the Flag Day Association, writes from 361 Madison street, Chicago, Ill., as follows: Peruna is rich in wonderful medi-

cinal qualities, as I have found by repeated use in cases of colds and catarrh of the head or stomach. I am therefore pleased to accord it my hearty indorsement." LE ROY VAN HORN.

Peruna Not a Cure-All.

Peruna is not a "cure-all;" it cures just one disease—catarrh. But since catarrh is able to fasten itself within the different organs of the body, so it is that Peruna cures affections of these organs. But we insist that Peruna cures one disease only. Catarrh is not a local disease; Peruna is not a local remedy. Since catarrh invades the system, only a systemic remedy can reach it. This is, in brief, our claim in assigning to the disease-catarrh-our remedy, Peruna.
