IN A HOUSEBOAT

Three Binghamton Men Start for St. Louis in Novel Fashion.

Binghamton, July 4.—Three Binghamton men have started for the St. Louis Exposition in a houseboat. L. E. Glover, George Glover and Martin Noonan went by rail to Salamanca, from which place they began their novel journey. They go down the Allegheny River in easy stages to the Ohio, from the Ohio to the Mississippi, and then to St. Louis.

When the Green River is reached the party will make a visit to the Mammoth Cave in Kentucky, and this will be the only diversion from the route which they have mapped out. The boat is a model of its kind, drawing only about nine inches of water and having an unusually large sail area. No other means of propulsion will be used.

Provisions will be secured at various places along the route, and the party will spend a portion of the time in hunting and fishing. They will have plenty of time to enjoy themselves in any way they choose, as the trip will be of about four months' duration.

STREETS TURNED INTO RIVERS.

Slack Lake City, Utah, July 2.—A cloudburst leading into the Wasatch range from the bench lands northeast of this city has sent a wall of water from six to ten feet high down Dry Canyon, causing much damage. A fan-shaped flood swept over the northeast portion of the city with a roar that could be heard several miles. Brigham and First streets, north of Sixth and the intersecting streets were converted into rivers. Trees, walks and streets were torn up. Several costly residences were damaged and only saved from destruction by their high retaining walls.

The power houses at Ogden, Bear River and Murray were struck by lightning, the latter being destroyed.

BAD BOYS' WORK

Came Near Ditching a Passenger Train Near Chatham.

Windsor, Ont., July 4.—Detective Skirving, of the Pere Marquette Railway, says the 17-year-old son of a prominent Windsor man, in company with a Blenheim lad, stretched a piece of wire cable across the track, near Chatham, which nearly ditched a passenger train.

The boys claimed they wanted only to have some fun with the sectionmen, and did not realize they would endanger lives. The Blenheim boy skipped to the United States.

Pains in the Back Almost Constantly

NOW ENTHUSIASTIC IN PRAISE OF DR. CHASE'S KIDNEY-LIVER PILLS BECAUSE THEY CURED HIM.

Mr. W. Gilroy, Blenheim, Ont., general merchant, states: "I am rather enthusiastic in the praise of Dr. Chase's Kidney-Liver Pills, and believe I have good reason to be. For several years I was a great sufferer from kidney disease and had pains in my back almost constantly. I tried a great many remedies, but did not succeed in obtaining more than slight temporary relief.

"A friend of mine advised me to try Dr. Chase's Kidney-Liver Pills and I did so with great satisfaction. I had not taken half a box before I began to feel better and now realize that I have entirely recovered. I often wonder now why people go after new-fangled remedies when this tried and true medicine is so easily obtained and so certain to cure."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, at all dealers. Write to Dr. W. H. Chase, 1001 Madison Ave., New York, for a full description of the pills, the portrait and signature of Dr. W. H. Chase, the famous receipt book author, are on every box.

MRS. JACK LONDON SUES.

San Francisco, July 4.—Mrs. Jack London, wife of the novelist, now serving as a war correspondent in the far east, has filed suit for divorce. The name of Miss Anna Strunsky, who is alleged by Mrs. London to have alienated his affections, frequently appeared in the petition. Miss Strunsky and London collaborated in literary work and she was a passenger on the same Pacific liner which carried him to the Orient some months ago.

BURIAL OF FATHER BRENNAN.

Toronto, July 4.—St. Basil's Church was crowded to its capacity at the funeral of Rev. Father Lawrence Brennan on Saturday. He had been parish priest for eighteen years. The archbishop was present. Rev. Father Martin, head of the Ecclesial Order, Rev. Father Ryan and Rev. R. McBrady were chief officials in the service.

STEAMER VANCOUVER GROUNDED.

Sorel, Que., July 4.—Steamer Vancouver, of the Dominion Line Steamship Company, which left Montreal 2:30 Saturday morning, went aground sixteen miles east of Sorel, in St. Peter Lake, opposite Yamachiche, at 7:35 a.m. Saturday. The Vancouver was expected to be at Sorel early in the morning. Mr. R. F. MacFarlane, passenger agent for the Dominion Line Steamship Company, said there were 200 passengers on board, taken at Montreal, and that the Vancouver would be easily floated.

THE DEMOCRATIC WIRE-PULLERS

Party Leaders Scheming to Get Their Favorites Put in Nomination.

St. Louis, Mo., July 4.—All the men who will decide the presidential contest have not yet appeared in the convention city, but among those who are here there seems to be a conviction that Judge Alton B. Parker will be nominated early in the balloting. His most radical supporters claim that he will be named on the first ballot, while others say that favorite sons must be first complimented by the necessary two-thirds vote for him. The claims that are not disputed in any authoritative quarter are made that Parker will have a good majority on the first ballot, and from states which will compel speedy recognition in the convention.

The arrival of the California and other delegations from the west, which are instructed to vote for Hearst, stirred the atmosphere early in the day, and there was some speculation as to what strength Hearst actually had in the convention. The claims of Hearst's managers of more than a third of the delegates, and with power enough to prevent the selection of any candidate not satisfactory to Hearst, is not seriously considered, and the possibility of a majority for Hearst is not seriously considered. During the day there has been talk of Cleveland, Gorman, Olney and Harrison.

While the presidential situation is the most interesting feature of the ante-convention days, the platform is a subject of debate and serious consideration. Many suggestions have already been made, but no one can say which will meet with the most favor. Some of the delegates think the platform will engender the greatest contest of the convention.

Hoke Smith, of Georgia, who was secretary of the interior under President Cleveland, and who was the leader of the Parker movement in Georgia, represents a certain sentiment that is prevalent in some quarters regarding the Democratic presidential candidate. He is for Parker and will support him as long as there is a possibility of securing his nomination. That is the attitude of the Georgia delegation, but in case it becomes evident that Parker cannot be nominated, then Georgia will support a majority which would vote the whole delegation for Cleveland. "Of course," said Mr. Smith, "my preference for Mr. Cleveland is well known, and I would be glad to see him nominated, but we are honorably committed to Judge Parker."

No compromise with the radical silver element, no half-way plank in the platform in attempt to placate the radicals, but a straight forward declaration for sound money. That is the statement with which the Democratic leaders from New York landed in St. Louis tonight. Former Senator David B. Hill will represent that state in the committee on resolutions and will present the sound money plank. When it is adopted, as Mr. Hill believes it will be, it will, in his estimation, sound the tocsin for the nomination of Judge Parker. A decision was reached on the question of a tariff declaration. Senator Hill believes that the plank should be tariff for revenue only.

PEACEMAKER MURDERED

A Port Huron Man Shot Dead While Trying to Stop a Row.

[Special to The Advertiser.] Sarnia, July 4.—Saturday night, in Port Huron, Wm. Gaffney, saloonkeeper, was shot through the heart and died instantly, while quieting a drinking row at his own place of business on Quay street.

The man accused of doing the shooting is a street-peddler, named Gilroy, who, until recently, lived here. Sarnia police were ordered to keep a sharp lookout, but the Port Huron authorities later found the accused in bed at his home.

BRANCHING OUT.

Winnipeg, July 4.—An evening paper announces that the T. Eaton Company (of Toronto) have purchased the block on Portage avenue at a cost of \$500,000, and will proceed to erect a large departmental store as soon as possible.

WEST DURHAM LIBERALS.

Bowmanville, Ont., July 4.—The West Durham Liberal Association, Saturday in annual convention. Mr. H. W. Renwick, president, with in the chair, presided over the meeting. The secretary and treasurer declined re-election after ten years' service, and the election of others on the Durham County Liberal Association, this association has almost entirely new officers, as follows: Honorary president, D. B. Simpson, K. C.; president, John W. McLaughlin; vice-presidents, Dr. A. Beith, Bowmanville; James Heatlie, Solina; secretary-treasurer, Henry C. Hoar, Bowmanville. Resolutions of confidence in the Ross Government, of approval of Hon. Sydney Fisher's firm action in the Dundonald affair, and of satisfaction with the services of Mr. W. Rydard, M. P. P., in the interests of the constituency and good legislation, were adopted.

TWENTY RACERS WERE IN DANGER

Fire Destroys Stables at Fort Erie—Horses Turned Loose and Escape.

Fort Erie, July 4.—Barn No. 2, occupied by W. L. Hazelp, at the Port Erie racetrack, caught fire last night and burned to the ground. The bridge-burn fire department responded to the alarm and did good work. The stables, which were filled with horses, were taken out in safety.

There were twenty racers in all, but they were rendered frantic by the smoke and blazed bricks from the burning stables and raced madly about the grounds.

Some escaped as far as the peaceful streets of Fort Erie and the villagers were out in force trying to catch them.

Among the horses which were taken from the Hazelp stable before they realized the danger were Autolight and Lev Dorsey, two of the best horses at the track, which with two others were cut loose in their stalls when for a time it looked as if the whole racetrack were going up.

Next to the Hazelp barn is stationed the big string of Lamassey Bros., and these too, were hurriedly taken out of the burning stables. The men on the ground organized a bucket brigade and did not stop until the flames were finally subdued.

The horses turned loose galloped all over, up and down the roads and along the shores. Many were missing at late hour, and the Lamassey handlers, who were paying \$5 a horse for each restored, paid \$5 five times for Albuia before they realized the horses were simply leading the horse around the stables and back to them again.

FLEET ELUDES JAPANESE AGAIN

Vladivostok Squadron Said to Have Escaped Admiral Kamimura's Search.

Tokio, July 3.—The Russian Vladivostok squadron eluded Vice-Admiral Kamimura on Friday night. St. Petersburg, July 3.—It is reported that the ministry of war has received a dispatch from General Kuroki, dated at Tammany, stating that he had over a wide front, that he had given commands for them to rendezvous and concentrate considerably to the south of the coast positions. The Japanese commanders, Kuroki and Oki, are jointly pressing the Russians to the activity of the coast positions. The activity of the coast positions has been increasing in animosity since his demand for three more Army Corps. The total force under General Kuroki's direct command defending Jiao Yang is 94,000 men against 142,000 Japanese in the front line of attack with great resources. The disparity in the quantity and caliber of artillery is much greater.

The reason given why General Kuroki's request should be refused is that the Russian coast corps immediately after the ordering out of St. Petersburg, Moscow and Kharkoff, and the Japanese coast corps immediately after the ordering out of St. Petersburg, Moscow and Kharkoff, and the Japanese coast corps immediately after the ordering out of St. Petersburg, Moscow and Kharkoff.

The money was voted and the functionaries and higher personages forthwith proceeded to interpret the general Kuroki's order was intended for their benefit. These people are now unitedly regarding the prospect of equipping 200,000 more men this year.

THE DEMON DYSPEPSIA.

In olden times a popular belief that demons moved invisibly through the ambient air seeking to enter into men and trouble them, is present day the demon dyspepsia, is at large in the same way seeking habitation in those who by careless eating and drinking habits invite him. And less of a living invite him. And less of a living invite him. And less of a living invite him.
