Receipts of wheat during the past three lishes a communication from Odessa days were 456,000 centals, including 154,000 which was conveyed by boat to Pod-Receipts of American corn during the woloczyska, Galicia, and thence telegraphed, saying that travelers arriving at Odesso from Kieff report that a serious fight occurred there last Friday between engineers and Cossacks. The fight occurred in front of the arsenal and many hundreds were killed or wounded.

The Neue Frie Presse publishes dispatch evidently referring to the same occurrence, saying that the engineers refused to work as telegraphers, whereupon the trouble began. Five hundred armed men left their barracks and paraded the streets. where they were joined by a number of infantrymen and followed by crowd of workmen.

Near the railroad station the mutineers engaged three hundred Cossacks and dove them off. Later, in the Jewish quarter, the mutineers faced an infantry regiment which fired two volleys, killing 165 persons and wounding many. The remainder of the mutineers surrendered.

Tension at St. Petersburg.

St. Petersburg, via East Prussia Dec. 4. - The city remains quiet, but extreme tension prevails. Armed patrols of cavalry and infantry are in the streets, especially in the neighborhood of the telegraph office.
