Needled, Not Wheedled

You can't apply style to clothes like varnish to a chair. Style is the lump sum of fabric, plus make, plus finish — it's an integral part of every process that goes into a garment from the drafting board to the pressing board.

* So, if you nek stylish clothes, you must find well-made clothes. "Sovereign Brand" clothes hold their shape, because it has been needled into them from the start, not wheedled into them from the iron.

Each was a pitchers' victory, the twirling of Dent in the first keeping the Royals at sea, while in the second Mattern did the stunt that kept the Braves from tallying as they desired. The Braves opened up on Carroll early in the game and batted him out of the box. Taylor, who relieved him, was little better, and the Indians gathered a total of 16 safeties.
