

OFFICIAL GREETINGS SENT TO CANADIANS By Winston Churchill From the Imperial Govt. Through Hamar Greenwood M. P.

A NEW POLITICAL ERA DAWNS And the Colonies Are Assured it Portends No Weakening of British Affection

TORONTO, Sept. 7.—Hamar Greenwood, M. P., read tonight at a banquet given him by the directors of the Canadian National Exhibition a letter written by Winston Churchill, under secretary for the colonies, which is in the nature of an official greeting from the imperial government to Canada.

My Dear Greenwood—I am very glad indeed that you are going to spend the autumn recess in Canada. In your double position as a Canadian by blood and bone, and as a representative of a famous English city, you may find some opportunities of helping forward the measured but irresistible march of imperial consolidation.

The British Government (in the colonies) has for so long implied the Conservative party that the terms had become almost synonymous with the Canadian and Australian statements have been accustomed to deal only with that set of British politicians, and alike by their wise detachment from our party retrospectives, and the long period of Conservative predominance has been synchronized with and generously aided the imperial ideal.

At the last general election a great change was wrought in the balance of British political parties and in the disposition of political power.

A Plea for British Liberalism—And what, I should like to know, has the British empire to offer to the Liberal principles? It is Liberal principles, carried in some ways to far more logical extremes than in any of the great nations.

Empire Centre Not on Any Party—It is by liberal imperial principles of colonial autonomy, of a lofty humanity, and above all, of a peaceful foreign policy, that the British empire has been achieved and can alone be maintained.

CAMBRIDGE-HARVARD SHOW UNABATED CONFIDENCE AND ARE IN SPLENDID RACING TRIM.

Putney, Eng., Sept. 6.—It was in every way a record crowd, especially in the matter of the number of American visitors, that was seen on the river today, testifying to the increasing interest in Saturday's contest between the Cambridge and Harvard University crews.
