G. HOLLINGSWORTH, Proprietor.**ARKONA**

Mr. and Mrs. Syversen and daughter were in Detroit last week.

Mrs. Richard George has returned to town after spending the winter in Petrolia.

Mr. J. McPherson of Forest is the guest of her daughter Mrs. Verne Huntley.

Mrs. Alex Oakes returned this week after spending the past two weeks in Sarua.

An advance shipment of wall papers. A good selection and values are right.—Brown Bros.

Mr. Sylvester Smith who has been visiting in Brantford returned to his home here last week.

Mrs. Pressey has returned to her home here after spending the past month with her daughter, Mrs. F. King, Parkhill.

50 bags of granulated sugar to arrive this week. Price \$18.00. We advise an immediate purchase at this price.—Brown Bros.

Mrs. Rosa McGuire, relict of the late George McGuire, died on Wednesday at her residence on the 7th concession of Dawn Township. The deceased lady was 94 years of age.

Nellie Elizabeth, aged 11 years and 10 months, eldest daughter of Mr. and Mrs. Roy Demary, of lot 6, concession 2, S. E. R., Adelaide Township, passed away Friday morning, after an illness of ten days of pneumonia.

The old Woodrow home, four miles west of Wardsville, on the Longwoods road, and adjoining the Fleming school house, owned and occupied by Hugh Taylor and family, was burned to the ground on Thursday.

**Ontario Rural School Fairs**

During the year 1919 the Ontario Department of Agriculture, through its agricultural representatives, distributed seeds and eggs to 78,946 pupils in 3,278 rural schools of the province. R. S. Duncan, B. S. A., writing in the Agricultural Gazette for January states that the following quantities were distributed:—1,890 bushels of potatoes, 432 bushels of grain, 12,575 packages of root seeds, 30,700 packages of vegetable seeds, 21,900 packages of flower seeds and 11,045 dozens of eggs of a bred-to-lay strain of Barred Plymouth Rocks. These figures give some idea of the magnitude of the school fair movement in Ontario.

The first school fair was organized in 1909 with three schools taking part. Ten years later 357 rural school fairs were held in the province and the pupils had 69,848 home plots and made 111,823 entries. It is estimated that about 250 people saw the first school fair in which 58 pupils took part, while last fall 92,600 children and 107,590 adults attended the school fairs in Ontario. This is truly a wonderful growth.

**SPRING WEATHER  
HARD ON BABY**

The Canadian Spring weather—one day mild and bright; the next raw and blustery is extremely hard on the baby. Conditions are such that the mother cannot take the little one out for the fresh air so much to be desired. He is confined to the house which is often over-heated and badly ventilated. He catches cold; his little stomach and bowels become disordered and the mother soon has a sick baby to look after. To prevent this an occasional dose of Baby's Own Tablets should be given. They regulate the stomach and bowels, thus preventing or relieving colds, simple fevers, colic or any other of the many minor ills of childhood. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

**AFTER EFFECTS  
OF INFLUENZA  
OFTEN SERIOUS****Victims Are Left Weak, Tired and  
Mentally Depressed—Tonic  
Treatment is Strongly  
Recommended**

No pestilence in years has caused more widespread suffering than the epidemic of influenza which swept over Canada in the fall and winter of 1918-19 and again this winter. The danger from this trouble is seldom over when the characteristic symptoms, the fever, headache and the depression of spirits have passed away. Influenza leaves behind it weakened vital powers, thin blood, impaired digestion and over-sensitive nerves. Men and women who were robust before stricken with influenza find their bodies racked with pains previously unknown to them. This condition is due to an abnormal thinning of the blood and leaves the system an easy prey to other serious troubles. This is the time when the convalescent from influenza should build up the blood, with a reliable blood-making tonic such as Dr. Williams' Pink Pills. Weak blood means impoverished nerves, impaired digestion, a feeling of tiredness after even slight exertion, and sometimes even more serious symptoms. When the blood regains its rich red quality the nerves recover their strength and the organs of the body function naturally. In fact building up the blood will vitalize the whole system.

The experience of Mr. Andrew Marty, Bathurst, N.B., will prove of value to a host of influenza sufferers who still suffer from the effects of the disease. Mr. Marty says:—"The new life and consequently new hope brought into my life through the use of Dr. Williams' Pink Pills is almost beyond my power of expression. Following a severe attack of influenza in 1918 I found myself rapidly failing in health, and was naturally much alarmed. I began to lose in weight, could not eat, did not sleep well, and in a word I was reduced to a mere shadow. I was forced to discontinue work because of my weakened condition and things had a very blue outlook. I tried a number of suggested remedies, but without benefit. And then one day Dr. Williams' Pink Pills were suggested to me. I acted on my friend's advice, began taking these pills and soon felt an improvement. Every day I seemed to grow stronger, and after four weeks' treatment I felt fully restored to my old-time health. From my own experience I feel that, if given a fair trial, there is no medicine superior to Dr. Williams' Pink Pills in building up a run down system."

Dr. Williams' Pink Pills are a tonic not a stimulant. They build up the blood, and not only the disastrous after effects of influenza but also as anaemia, rheumatism, indigestion and the generally worn-out feeling that affects so many people, disappear. You can get these pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

**ALL SHARE PRO RATA IN WHEAT**

There are numerous inquiries from farmers who sold their wheat as well as from farmers who are still holding their wheat, as to whether they are going to be paid the 25c higher price which the Canadian Wheat Board is charging millers for wheat since January 31st.

A member of the Wheat Board gives the following answer to this inquiry: "The cash advanced payment to the Ontario and Quebec producers remains unchanged to the 30th of June by order No. 1 of the board, so the producer that sold his wheat last September and October gets the same advanced payment as the producer who holds his wheat unsold until next May or June, the only difference being that the latter is out of pocket his interest, insurance, etc., during the time he carried his wheat."

The 15c which the millers formerly paid on both Ontario and Manitoba wheat, they now pay to the board, less an estimated allowance of 5c per bushel on the wheat, for carrying charges, goes into a pool from which every producer holding a participation certificate gets his pro rata share, according to the number of bushels called for by his participation certificate."
