that may spell ugly disfigurement! Don't let that simple cut, bruise or burn, take "bad ways."

Examine your skin frequently and carefully, and treat the first sign of disorder at once with Zam-Buk.

The secret of Zam-Buk's power in creating a clear healthy skin is that it stimulates the cells to renewed activity, and rids the tissues of accumulated impurities. Nightly dressings with Zam-Buk soothe, soften and purify the skin, and improve your appearance wonderfully.

Unlike coarse lardy ointments and fatty creams, Zam-Buk contains active medicinal essences that sink into the skin and expel inflammation and itching irritation. Zam-Buk quickly replaces diseased tissue and grows healthy new skin.

For eczema, pimples, boils, abscesses, ringworm, poisoned wounds, had legs, cuts, burns, scalds, or for piles Zam-Buk provides the unrivalled remedy.

> The little son of Mr. and Mrs. Sutherland Hill, of Essex, was drowned on Monday in a cistern bedrowned on Monday in a cistern behind the house. The boy, two and a labalf years of age, had been playing around the house while Mrs. Hill was doing some work. When she missed him she began searching the home and afterwards the backyard. It was then that she noticed that the lid of the cistern which she had put on not more than half an hour previous, was off. The child had drowned in about two and a half feet of water. Mrs. Hill is prostrated with grief.

> declare indications all point to a good fruit crop. All fruits in this district have a large showing of buds and everything came safely through the recent frost, with the exception of some cherries. The early Richmond and Montmorency have all their advanced buds frozen the early Richmond being especially hard hit. It is probable, however, that there will be an amount of later buds which will escape the frost. Sweet cherries, peaches and plums come through without damage. The apple crop is also safe.
