TOO MANY "GOD SAKERS"

We copy the following from the Digby Courier and regret to state that we also have a few of these gentlemen in Bridgetown:

I think I have found out one of the things wrong with Digby and it was suggested to me by an American magazine which coined the phrase—and that is that we have too many "God sakers".

"I heard that the town has that slip fixed?" At the new station, I heard another say, "What for God sake, did the town close this street for?"

Again, I heard still another say, in speaking of the house shortage, "For God sake, why doesn't some one build some houses?"

IT IS TIME FOR THE FIRST SPRAY

By G. E. Sanders

When the leaves are the size of a ten cent piece, the first spray should be applied.

In most orchards this spray should be 3-10-40 Bordeaux and 1 pound of arsenate of lime to 40 gallons.

In making the Bordeaux begin by putting the powdered copper sulphate into the spray tank or into the strainer and start filling, running the agitator while filling.

In 1913 missing this spray meant no crop of apples in Nova Scotia. On two other occasions during the past ten years it has meant very dirty fruit.

CHILDHOOD CONSTIPATION

Constipation is one of the most common ailments of childhood and the child suffering from it cannot thrive.

To keep the children well the bowels must be kept regular and the stomach sweet.

They are a mild but thorough laxative and are absolutely safe and never fail to relieve constipation and indigestion.

BEST ACT OF LIFE DECLARES FIREMAN

Wife Overjoyed At Results of Tanlac Bought For Her By Husband

"My wife is now able to do her house work for the first time in many years, and I want everybody to know that it's all because of the good results she has gotten from Tanlac."

L. Constantine, a fireman employed by the Reid, Newfoundland Railway, living at 87 Hamilton St., St. John's, Newfoundland, while telling of his wife's recovery since taking the medicine.

"For years and years," he continued, "my wife's health has been bad, and she was so weak and thin I looked for her to give out and break down just any time.

"A friend of mine who had been taking Tanlac told me what it had done for him so I went straight to the drug store and bought some to see if it would help my wife.

She seemed to improve with each dose and in a few days was looking better and actually like a different person.

Her appetite returned, everything she ate agreed with her and now, although it has been only a little over a month since she started taking Tanlac she has already gained about fifteen pounds.

Tanlac is sold in Bridgetown by S. N. Weare, and in Middleton by Clifford A. Munford and in Bear River, by L. V. Harris.
