**150 COLONIES
—OF—
BEES FOR SALE.**

These bees are mostly of the Heddon strain, only about half a dozen Italians colonies remaining that I considered worth keeping. I killed a few weeks ago the only Holy Land Queen that I ever possessed as her progeny did not come up to the standard. Nearly one-half of the above are reared from one Heddon queen whose offspring gave such good returns, season of 1884. I have found them vastly superior to the Italians being much less inclined to swarm, as a rule only doing so when crowded for space. As I must dispose of the above before another season I will sell as follows for present delivery.

One Colony of Bees, queen and brood, on eight Jones' frames (specially selected so that the queen can lay to the top bar on nearly all) and 25 lbs. of winter stores for \$6.50.
Two frame nuclei containing bees, honey and brood, \$2.00.

Four frames of nuclei, as above \$3.50.
One Jones' frame of comb and one pound of bees, \$1.50.
Empty combs 25 cents each, or 20 cents each by the 100.

The above are net prices, packing or hives will be extra, excepting for empty combs. The cost of packing or hives as follows: Box for nuclei 25 cents each; for colonies, 50c; a 10 or 12 frame hive from \$1.20 to \$1.80 or \$3.75 for my special 20 frame story and a half hive, which is double sided below, with one-inch chaff space, two chaff division boards, one chaff cushion (full length of hive), twelve empty frames (20 in all), and which has a special feeder whereby you can feed 50 colonies in 20 minutes without any work of lifting off covers and disturbing makes it much cooler in summer. For a partial description see "Gleanings" for 1884, page 691. It is well painted, comparatively light, as my son when not five years old could carry them. This hive is excellent for either comb or extracted honey as I frequently have it full of frames below for extracted honey and a case of forty-five one-pound sections on top, removing all at once at the close of the honey season unless they should swarm, which they seldom do. I will winter full colonies in my cellar and deliver in good condition next Spring at the express office, or 75 cent extra if ordered and paid for in August. Cash to accompany all orders unless otherwise agreed upon.
