Miss Cassie Cruikshank, Grade IV, made perfect marks every day last week.

Miss Jessie McKinnon, Grade VI, intends leaving shortly to attend the convent in Antigonish.

Mr. Wendell Smith, traveller for D. H. Smith & Co., is visiting his cousin Mrs. Charles Campbell, *nee* Miss Alice Smith at Vienfield, Bonshaw, P. E. I.

We have been pleased to note that a large number of our fellow-pupils have displayed the party badges some days past, a large number also showing the white ribbon.

The highest marks for February, in Grade IV, were made by Miss Cassie Cruikshank, Fred Tupper, Thomas A. Currie, Willie McElhenney, Percy Lee and Alonzo Stevenson.

The two sides of the human face are not exactly alike, and a German biologist asserts that the lack of symmetry is, as a rule, confined to the upper part of the face. In two cases out of five the eyes are out of line, and seven persons out of every ten have stronger sight in one eye than the other. Another singular fact is that the right ear is almost universally shorter, but enough to show even in unexact measurement.
