The Ontario Mutual Life Assurance Co.

began business in 1870 with a capital of \$6,216, the premium on its first policies. Its assets now amount to \$753,661.87 with a deposit of \$100,000.00 with the Dominion Government.

As the policy holders contributed the entire capital they enjoy the entire profits, while in stock companies they receive only a part of the profits, the balance going to the stockholders.

The Ontario issues low rate term policies, endowment policies and those on the ordinary life plan, a distinctive feature of its policies being the surrender value always guaranteeing an amount in cash or paid up assurance should the assured wish to discontinue his payments.

The new policies of the Ontario are exceedingly liberal, as in addition to surrender values there is an absence of all restriction as to travel, residence or occupation, and they are incontestable from any cause whatever after two years.

Teachers will find it to their advantage to examine the plans and rates of this company before placing their business elsewhere
