

TESTED

Queens are usually sold for \$2.00. I will explain why I wish to sell a few at less than that. As most of my readers know, I re-queen my apiary each spring with young

QUEENS

From the South. This is done to do away with swarming. If done early enough it is usually successful. It will be seen that the queens displaced by these young queens are never more than a year old; in fact, they are fine, tested, Italian queens right in their prime; yet in order that they may move off quickly, and thus make room for the untested queens, they will be sold for only

\$1.00.

Or I will send the BEE KEEPERS' REVIEW for 1884 and one of these queens for only \$1.75. For \$2.00 I will send the REVIEW, the queen and the 50c. book "Advance Bee Culture." If any prefer the young, laying queens from the South, they can have them instead of the tested queens, at the same price. A discount given on large orders for untested queens. Say how many are wanted, and a price will be made.

If not acquainted with the REVIEW send 10c. for three late but different issues.

PROGRESSIVE!

The Progressive Bee-keeper is the name of a journal for which you ought to subscribe. Though the price is only 50c. the journal is first class in every respect. Dr. Miller calls it "the really progressive Progressive." During the past year it has received more favorable notices from the bee-keeping press than has any other journal. Its subscription list is six times what it was a year ago when taken in charge by Mr. Leahy.

We are also the largest manufacturers of apiarian supplies west of the Mississippi. Kindly send us your name and we will send you a sample copy of the Progressive Bee-keeper.

LEAHY MFG'G CO.,
Higginsville, Missouri.
Mention Practical Bee-keeper.

A monthly journal devoted to Apiculture Published by
