CONTRACTOR OF THE STATE OF THE

PLATEAU AVENUE - 699 St. CATHERINE STREET. THIS Institution has added lately to its Programme of studies a complete polytecnic Course. This Course was established by the Minister of Public Instruction for the diffusion of the knowledge of

the great industries among our Canadian youth. Young men possessessing dispositions and aptitudes for the great manufactural and mining industries; for Civil Engineering, architecture, surveying mechanics, &c., &c., are particularly invited to follow this course which is placed under the direction of a skilful professor trained in the professional schools of France. The course embraces three years study, and for the benefit of those who have not completed their course in a Classical College a preparatory class has been opened. A Programme of the studies can be obtained either on

personal or written application. The Commercial Course will continue as heretofore, the only change being a separate class, exclusively devoted to commercial transactions. In this class practical transactions in Banking, Custom-House and commerce in general are carried on. When a pupil is ready to undergo his examination, and passes it satisfactorily, he receives his Diploma.

This year the primary department will be transferred to a comfortable brick-house, next to the Academy, which has been purchased by the commissioners for that purpose.

The opening of classes will take place on Monday, August 31st. For conditions and other particulars address the Principal, at the Academy.

Ayer's Sarsaparilla

Is widely known as one of the most effectual remedies ever discovered for cleansing the sys-tem and purifying the blood. It has stood the test of years, with a constantly growing reputation, based on its

intrinsic virtues, and sustained by its remarkable cures. So mild as to be safe and beneficial to children, and yet so searching as to effectually purge out the great cor-ruptions of the blood, such as the scrofulous and syphilitic contamination. Impurities, or diseases that have lurked in the system for years, soon yield to this powerful antidote, and disappear. Hence its wonderful cures, many of which are publicly known, of Scrofula, and all scrofulous diseases, Ulcers, Eruptions, and eruptive disorders of the skin, Tumors, Blotches, Boils, Pimples, Pustules, Sores, St. Anthony's Fire, Rose or Erysipe-las, Tetter, Salt Rheum, Scald Head, Ringworm, and internal Ulcerations of the Uterus, Stomach, and Liver. It also cures other complaints, to which it would not seem especially adapted, such as Dropsy, Dyspep-sia, Fits, Neuralgia, Heart Disease, Female Weakness, Debility, and Leucorrhoca, when they are manifesta-

tions of the scrofulous poisons. It is an excellent restorer of health and strength in the Spring. By renewing the appetite and vigor of the digestive organs, it dissipates the depression and listless languor of the season. Even where no disorder appears, people feel better, and live longer, for cleansing the blood. The system moves on with renewed vigor and a new lease of

CONFOUNDED QUACKS Rheumatism and Gout have heretofore been considered by the ordinary practising physicians as incurable diseases, and the query has often been propounded, of what benefit to the helpless sufferer is all their pretended science; and what doth it avail. -their long and tedious course of study-if they are obliged to acknowledge that all their resources are to no account when called upon to prescribe for a patient suffering from chronic rheumatism. The great trouble lies in the fact that the mode of investigation is prescribed within certain boundaries and limitations compelling the student to tread in certain well-worn paths, or suffer disgrace and excommunication from that highly respectable order of mortals known as the Medical Faculty. How often genius has been curbed in its flights of investigation can easily be imagined. And often really grand and beneficial discoveries have been placed under the ban of censure by those self-constituted censors, for no reason whatever, but that they are innovations upon a stereotyped and time honored prescription. It was not so, however, with the proprietor of the

Diamond Rheumatic Cure.

for his high standing in the profession, and the learning and soience of an able mind, quickly compelled the ennson to succumb, and now physicians generally, all over the world, where this medicine is introduced, admit of its wonderful efficacy, and often prescribe it for their patients. Of course tha use of the DIAMOND RHEUMATIC CURE, without the aid of a physician, is a saving in fees to the sufferer, but the really conscientious physician should rejoice at this, for the reason of the general benefits arising to mankind from its use.

MONTREAL, 21st March, 1871. Messrs. Devins & Bolton: Dear Sirs-I with pleasure concede to the Agents wish that I give my endorsation to the immediate relief I experienced from a few dos s of Dr. Miller's Diamond Rheumatic Cure, having been a sufferer from the effects of Rheumatism, I am now after taking two bottles of this medicine, entirely free from pain. I am, Sir, yours respectfully, JOHN HELDER ISAACSON, N.P. Montreal, 17th March, 1874.

Messrs. Drvins & Bolton:
Gentlemen—I have suffered much with rheumatism, so much so that I was obliged to stay at home a certain time. I heard Mr. O'Neill, of the St. Lawrence Hall, speaking of your remedy. I asked him to get me a bottle immediately, which he did with cat kindness. To my great surprise that bettle has cured me entirely, and I never felt better in my life. I attribute the use of my limbs to the " Dia-

mond Rheumatic Cure," JAMES GALLAGHER, 58 Juror Street, Corner of Hermine.

MONTREAL, 18th June, 1874. DEVINS & BOLTON: Gentlemen-Having been one of the many martyrs of rheumatism that I meet on my every day rounds, I was induced to try the celebrated DIA-MOND RHEUMATIC CURE. I had suffered the last five or six weeks the most terrible acute pains across my loins and back, so severe indeed that I bould hardly walk with the help of a stick. I com-

Торонто, March 30, 1874. Dear Sir—After suffering for the past two years with Rheumatism, I can truly say that, after using two bottles of the DIAMOND RHEUMATIC CURE, I find myself free from that terrible disease. I have used all kinds of remedies and Doctor's prescriptions without end, but your simple remedy surpasses all. The effect upon me was like magic. This medicine is prepared by a careful experienced and conscientious physician, in obedience to the desire of numberless friends in the profession, in the trade and among the people. Every bottle is warranted to contain the full strength of the medicine in its highest state of purity and development, and is superior to any medicine ever compounded for this

fice. In the most chronic case it is sure to give way by the use of two or three bottles. By this efficient and simple remedy hundreds of dollars are saved to those who can least afford to throw it away, as surely it is by the purchase of useless prescrip-
