

Unsuspecting girl, "it is strongly borne in upon my mind that it is the will of the Lord that I should make proposals of marriage to that lady. He has impressed it upon me that she is to be my wife. The elder could hold in no longer. 'Impossible! impossible!' he exclaimed in an excited tone. 'The Lord never could have intended that four men should marry one woman!'

Edwin James has been admitted to practice in the Supreme Court of New York State. Our American friends don't think character any object in a lawyer. A man kicked out of the English bar for disgraceful conduct is welcomed with open arms by them.

CONVENT OF LORETTO,

NIAGARA FALLS.

THE LADIES OF LORETTO, from Toronto, have OPENED AN EDUCATIONAL ESTABLISHMENT, at their New Convent at NIAGARA FALLS, and are prepared to receive PUPILS on the 2nd of SEPTEMBER next. The beauty and salubrity of the position—its many advantages, easy of access—the most magnificent view from the Convent overlooking the great Falls and the Rapids, but completely out of reach of the spray—the Museum and Botanical Gardens, open weekly to the Pupils, the grounds very extensive, and beautifully ornamented—the first-class Education which the Ladies impart—the tender care that young Ladies will receive at the hands of the Nuns—the advantage of being able to send to the Convent at Toronto in the Winter any young Lady who may desire it;—all tend to render this Establishment one of the best in the country.

Terms, &c., to be known at the Convents—Niagara Falls, Loretto, Toronto, Guelph, and Belleville; and by application to their Lordships, Bishops of Toronto and Hamilton; Very Rev. E. Gordon, Hamilton; Very Rev. J. Walsh, V. G., Toronto, &c.; and also at the College of our Lady of Angels, near Suspension Bridge, N.Y.

The following remedies are offered to the public as the best, most perfect, which medical science can afford. AYER'S CATHARTIC PILLS have been prepared with the utmost skill which the medical profession of this age possesses, and their effects show they have virtues which surpass any combination of medicines that is known. Other preparations do more or less good; but this cures such dangerous complaints, so quick and so surely, as to prove an efficacy and a power to uproot disease beyond any thing which men have known before. By removing the obstructions of the internal organs and stimulating them into healthy action, they renovate the fountains of life and vigor, health courses anew through the body, and the sick man is well again. They are adapted to disease and disease only, for when taken by one in health they produce but little effect. This is the perfection of medicine. It is antagonistic to disease, and no more. Tender children may take them with impunity. If they are sick they will cure them, if they are well they will do them no harm.

Give them to some patient who has been prostrated with bilious complaint; see his bent-up, torturing form straighten with strength again; see his long-lost appetite return; see his clammy features blossom into health. Give them to some sufferer whose foul blood has burst out in scrofula till his skin is covered with sores; who stands, or sits, or lies in anguish. He has been drenched inside and out with every potion which humanity could suggest. Give him these PILLS, and mark the effect: see the scabs fall from his body; see the new, fair skin that has grown under them; see the late leper that is clean. Give them to him whose angry humors have planted rheumatism in his joints and bones; move him, and he screams with pain; he too has been soaked through every muscle of his body with liniments and salves; give him these PILLS to purify his blood; they may not cure him, for, alas! there are cases which no mortal power can reach; but mark, he walks with crutches now, and now he walks alone; they have cured him. Give them to the lean, sour, haggard dyspeptic, whose gnawing stomach has long ago eaten every smile from his face and every muscle from his body. See his appetite return, and with it his health; see the new man. See her that was radiant with health and loveliness blasted and too early withering away; want of exercise or mental anguish, or some lurking disease, has deranged the internal organs of digestion, assimilation or secretion, till they do their office ill. Her blood is vitiated, her health is gone. Give her these PILLS to stimulate the vital principle into renewed vigor, to cast out the obstructions, and infuse a new vitality into the blood. Now look again—the roses blossom on her cheek, and were lately sorrow sat joy bursts from every feature. See the sweet infant wasted with worms. Its wan, sickly features tell you without disguise, and painfully distinct, that they are eating its life away. Its pinched-up nose and ears, and restless sleepings, tell the dread truth in language which every mother can understand. Give it the PILLS in large doses to sweep these vile parasites from the body. Now turn again and see the ruddy bloom of childhood. Is it nothing to do these things? Nay, are they not the marvel of this age? And yet they are done around you every day.

Have you the less serious symptoms of these distressers, there are the easier cured. Jaundice, Green Sickness, Scurvy, Heartburn, Flat Stomach, Nausea, Pain in the Bowels, Flatulency, Loss of Appetite, King's Evil, Neuralgia, Gout, and kindred complaints all arise from the derangements which these PILLS rapidly cure. Take them perseveringly, and under the counsel of a good Physician if you can; if not, take them judiciously by such advice as we give you, and the distressing, dangerous diseases they cure, which afflict so many millions of the human race, are cast out like the vermin of old—they must burrow in the brutes and in the sea. Price 25 cents per box—5 boxes for \$1.

Through a trial of many years and through every nation of civilized men, AYER'S CHERRY PECTORAL has been found to afford more relief and to cure more cases of pulmonary disease than any other remedy known. Cases of apparently settled consumption have been cured by it, and thousands of sufferers who were deemed beyond the reach of human aid have been restored to their friends and usefulness, to sound health and the enjoyments of life, by this all-powerful antidote to diseases of the lungs and throat. Here a cold had settled on the lungs. The dry, hacking cough, the glossy eye, and the pale, thin features of him who was lately lusty and strong, whisper to all but him CONSUMPTION. He tries every thing; but the disease is gnawing at his vitals, and shows its fatal symptoms more and more over all his frame. He is taking the CHERRY PECTORAL now: it has stopped his cough and made his breathing easy; his sleep is sound at night; his appetite returns, and with it his strength. The dart which pierced his side is broken. Scarcely any neighborhood can be found which has not some living trophy like this to shadow forth the virtues which have won for the CHERRY PECTORAL an imperishable renown. But its usefulness does not end here. Nay, it accomplishes more by prevention than cure. The countless colds and coughs which it cures are the seed which would have ripened into a dreadful harvest of mortal disease. Influenza, Croup, Bronchitis, Hoarseness, Pleurisy, Whooping Cough, and all irritations of the throat and lungs are easily cured by the CHERRY PECTORAL if taken in season. Every family should have it by them, and they will find it an invaluable protection from the insidious prowler which carries off the parent sheep from many a flock, the darling lamb from many a home.

Authentic evidence of these facts, with directions for the treatment of each complaint, may be found in Ayer's American Almanac, of which we publish three millions, and scatter them broadcast over the earth, in order that the sick every where may have before them the information it contains. Druggists and dealers in medicine generally have them for distribution gratis, and also for sale these remedies, prepared by Dr. J. C. Ayer, Practical and Analytical Chemist, Lowell, Mass.

Lyman, Savage, & Co., at Wholesale and Retail, and by all the Druggists in Montreal, and throughout Upper and Lower Canada.
