#### HEAVY WATER—REQUEST FOR STATEMENT ON SECOND PLANT

On the orders of the day:

**Mr. R. R. Southam (Moose Mountain):** Mr. Speaker, I have a question I should like to direct to the Minister of Industry. In view of the fact that the time limit invitation to Canadian General Electric to review the possibility of developing a second heavy water plant in Canada is now drawing to a close, could the minister state when he will be in a position to report to the house on this important matter?

**Hon. C. M. Drury (Minister of Industry):** Mr. Speaker, as I mentioned earlier, responsibility for Atomic Energy of Canada Limited now rests with the Minister of Mines and Technical Surveys.

**Mr. Douglas:** Repeat the question.

**Mr. Southam:** My question is this, Mr. Speaker. In view of the fact that the time limit invitation to Canadian General Electric to review the possibility of developing a second heavy water plant in Canada is now drawing to a close, could the minister state when he will be in a position to report to this house on this very important matter?

**Hon. Jean-Luc Pepin (Minister of Mines and Technical Surveys):** Mr. Speaker, I do not think I should anticipate a decision still pending. We are still within the time limit allocated to Canadian General Electric, and I think I should delay answering that question.
