

1390 SHERBROOKE ST. W.  
MONTREAL

24th February, 1932.

Proposed budget for the expenditure  
of the Gynaecological portion of the income  
from the Herbert W. Molson Cancer Fund.

To buy at once newer equipment, new  
vehicles and screens to improve and  
bring up to date the apparatus in  
use in the treatment:

Screen (Hagberg Screen)	\$300.00
Stockholm Screens, of varying thickness	\$100.00
Vaginal Lamp	\$100.00

To amplify the follow-up system by  
extending its scope and more  
closely correlating results:

Later, the initiation of special  
lines of investigation into the  
reaction of tissues to radium:

\$450.00
